# *Sale of Ford Stock Will Run 10,200,000 Shares*

## Issue Is Largest In History

### Buyers Reported Eager for Shares

Washington, Dec. 21 (AP)—The Ford Foundation will sell 10,200,000 shares of Ford Motor Co. stock next month, in the largest equity stock issue in history.

A statement filed with the Securities and Exchange Commission (SEC) today disclosed a boost in the planned amount of the public offering. Earlier, planning had been on the basis of sale of about seven million shares.

**THE PIONEER** auto firm told the SEC its earnings in the first nine months of 1955 were a record-smashing $312,200,000.

The registration statement, baring financial records of the 52-year-old company for the first time, listed a surplus—total capital and earnings retained in business—of $1,840,000,000.

The foundation evidently made a last-minute decision to boost the amount of the public offering because of indications of heavy market demand for the new common stock, which carries voting rights.

Heretofore, sole voting power has resided in the family and heirs of the late Henry Ford.

**THE STOCK SALE** means a shift from family to public ownership, and the registration statement amounts to a request for federal approval for public sale of the stock.

Actual filing of the statement with the SEC was made by Ford attorneys while announcement of the action was issued simultaneously in a dozen cities.

Here in Washington, there was a packed news conference at the National Press Club where copies were given to reporters when word was flashed that the actual filing had been completed.

**THE STATEMENT** advised the SEC that the company's directors have decided to declare a dividend of 60 cents a share in the first quarter of 1956.

On this basis, the stock would pay $2.40 a year.

The registration statement said, however, that later dividends will be considered each quarter, and will vary "subject to business conditions and the operating and financial position of the company.

**THE EARNINGS** report for the first nine months of 1955 showed earnings amounting to $5.85 a share.

The offering price of the stock will be reported to SEC later—probably just before Jan. 18, the probable date on which the stock will be placed on sale by some 700 brokers and dealers throughout the country.

Speculation on the price has ranged as high as $75 a share, which would mean the Ford Foundation would receive three-quarters of a billion dollars in cash for reinvestment.

**NEVERTHELESS,** the offering represents only about 22 per cent of the Ford stock holdings of the fabulously wealthy Ford Foundation.

The prospectus disclosed that dividends equivalent to $3.27 a share of the capital stock out-

## Way for New Cement Plant Cleared by Common Council

Common Council action last night opened the way for construction of a $10,000,000 cement plant in the Steep Rocks area.

Enacted legislation at the special meeting, called by Mayor Frederick H. Stang, will rezone the area for manufacture of cement and will regulate blasting and dust conditions in the plant.

**REPORTS** by the council's laws and rules committee favoring the zoning and regulatory legislation in behalf of the Strelene eRalty Corp., as applicant for use of the property, noted that modern methods by such plants eliminates the dust menace.

The committee also noted that the region around Steep Rocks has a limited population and the approved ordinance precludes offensive or damaging blasting.

**ATTORNEY** Abraham Streifer, local representative of the corporation, was granted privilege of the floor by Alderman-at-Large Joseph Kelly to stress that the corporation and the city would enter into an agreement to guarantee continued use of the city's North street landfill tract for disposal of refuse.

Last night's legislation followed a recent public hearing on the proposal in which no direct opposition was indicated, but some downtown residents expressed concern as to possible menacing effects from blasting and dust.

**DUST CONTROL,** it was indicated, appears to be assured by the modern methods to be used in the manufacture of cement, and phases of the ordinance specifies the type of blasting to be permitted.

A letter from Alderman-elect Frank C. Sass, seventh ward, read and filed at the session, expressed concern as to means of enforcing an existing ordinance "covering smoke, dust and soot" at local plants. He proposed appointment of a commission empowered to issue summons to violators.

**ONE PHASE** of last night's ordinance dealing with control of blasting said:

"When ground motion characteristics for any given quarry operation have been determined by the engineer (city engineer) based on instrumentation data submitted by the operator, the allowable quantity-distance relations between the amount of explosives used in primary blasting, and the distance from the blast area shall be determined from the accepted results of instrumentation at the given quarry operation for the various weights of explosives. The maximum amplitudes shall not exceed those given in the table of frequency-amplitude relations."

**THE ORDINANCE** noted that "primary blasting shall include toe and seam shooting."

## Botchford Is Rescued, 20-Room Home Burns

The 20-room Botchford homestead located in Woodland Valley about two miles from Phoenicia was completely destroyed by fire early this morning. Harry Botchford was awakened and taken from the burning building through a window by John Close, farmer-caretaker, on the premises.

No estimate of the loss was available but Corporal Ray Dunn of the state police, who made an investigation, said there was a "wealth of antiques" in the homestead and all were destroyed. All that remained standing were the chimneys.

Due to the extreme cold weather firemen summoned from Phoenicia, Shandaken and Mt. Tremper were hampered in fighting the blaze when their pumps froze up in attempting to pump water from the Woodland Valley stream which was some 150 feet from the building.

**AT ABOUT** 1:30 o'clock this morning Margaret Botchford, 78, wife of George Botchford, 84, was awakened by smoke in her first floor bedroom. She awakened her husband and they attempted to awaken Harry Botchford, who also slept on the first floor. Unable to summon him they were compelled to leave the burning building in their night clothing.

**CLOSE THEN** entered the house and wakened Harry Botchford, who was removed from the house through a window.

The Botchford homestead was built some 120 years ago during the tannery era. It was a very large house with 20 rooms, three

## *Gluck Hotel Ruined by 100,000 Fire*

Fire practically razed the former Gluck Hillside Hotel at Kiamesha Lake, Sullivan county, Tuesday afternoon with an estimated loss of over $100,000, it was reported by the Monticello Fire Department today.

The property was acquired about a year ago by the owners of Concord Hotel which is located across the road and only a short distance away. The hotel building, a 3½ story structure with between 80 and 90 rooms, was practically burned to the ground and only one end of the big hotel building was standing today.

## Mayor Names January Polio Month; Chairmen Appointed

Kingston threw its official weight behind the 1956 March of Dimes today when Mayor Frederick H. Stang named January "March of Dimes Month."

Mayor Stang pledged his full support to the national polio fight and issued a proclamation calling upon the entire community to join the fight by giving generously.

After declaring that "polio isn't licked yet," the Mayor made the following statement:

"The Ulster County Chapter of the National Foundation for Infantile Paralysis used more money to care for polio patients stricken in 1955 than in any other year. An unknown number of our fellow citizens will be stricken and need March of Dimes help before the Salk vaccine, developed with March of Dimes funds, is universally used. Care and treatment for all present and future polio patients must be continued. Scientific and clinical research must go forward unabated and the training of specialists to combat polio in laboratories and treatment centers must proceed. I ask, therefore, that all citizens give generously of their time and money to the 1956 March of Dimes."

## *Gray Market Warning Goes Out on Steel*

New York, Dec. 21 (AP)—Cutbacks in automobile production will have no effect on the booming steel market, the Iron Age, national metalworking weekly, said today.

The auto producers may be pulling away from high-cost conversion deals but they are pressing the mills for more steel tonnage at regular prices, it added. The weekly reported as follows:

The auto industry will buy steel heavily in 1956. If sales of the 1956 models don't go well the companies will shut down early on these models to push the 1957 models.

**MEANWHILE,** the intense demand for steel has reached such a point that for the first time since the Korean conflict a warning has been sent out by one large steelmaker against channeling any of its stocks into gray market outlets. Any steel-buyer caught selling to "unorthodox" buyers faces cancellation of his orders remaining on the steel company's books.

Some foreign steel is entering the United States at fancy delivered prices. Volume is not high because foreign mills have little steel to spare.

## *Mercury Is Seven Below Here Today*

Sub-zero blasts, stabbing severely at the northeast today, dropped the mercury to Aretic lows in New England and the top side of New York, but was mild by comparison in the city and county.

Two degrees below zero was recorded at the city engineer's office at 7 a. m., and a minus seven was recorded at about the same time by the New York city water department in the Ashokan reservoir area.

**UNOFFICIAL** temperatures several degrees lower were reported in both the city and county, but none compared to the premature sub-zero readings in northern and western regions of the state and upper New England.

Much more ice was made over night, however, than during the previous 24 hours, and this time it froze the Hudson and Rondout creek sufficiently to stop operation of the Kingston-Rhinecliff ferry, which had difficulty with its scheduled runs yesterday.

**THE FERRY** will run no more until the warmer weather of March. It usually operates through Dec. 31 when weather permits.

An unofficial reading of 47 degrees below zero was reported at Old Forge, Adirondack mountain resort, the Associated Press reported.

The weather bureau predicted

## *Flammable Toy Caution Issued*

The state safety director has advised fire chiefs to help discourage the sale of a type of what he called "highly flammable" dolls made in Japan, according to the Associated Press.

Deputy Fire Chief George D. Matthews told The Freeman today that the Kingston Fire Department was on the alert. He cautioned shoppers to be aware when purchasing toys.

Michael H. Prendergast yesterday said the dolls were two and a half inches high, made of nitro cellulose and marketed in sets of four encased in small colored cardboard boxes.

A spokesman for the safety division said the samples tested had been picked up in Schenectady. It is not known, he said, how many of them are on sale in the state.

The spokesman said the dolls did not have the approval of the Underwriters Laboratory.

## Redevelopment to Include Project at Kingman Park

An urban redevelopment plan which could "lift the face" of the city of Kingston was discussed Tuesday night at a meeting of municipal, state and federal officials at city hall.

Such a plan, now under study by the Kingston Housing Authority, will be presented to the Common Council some time in January.

**IT WAS REPORTTED** that the plan would also include construction of a 98-unit housing project in the Kingman Park area. This project would be similar to the Colonial Gardens development.

George E. Yerry Jr., chairman of the Kingston Housing Authority, explained that the proposed project would help assist persons forced to relocate from areas that might be affected by urban redevelopment.

**PRESENT** at the meeting, called by Mayor Frederick H. Stang, were the incoming and outgoing members of the Council, members of the City Planning Commission and Kingston Housing Authority, David Lutin of the Federal Housing and Home Financing Agency, and Arthur Reed, director of the Bureau of Community Development of the New York State Division of Housing.

Mr. Yerry explained that construction of the housing project would be recommended to the city by the Kingston Housing Authority even if the urban renewal plan as a whole should not be adopted.

**IF THE PLAN** be adopted the New York State Division of Housing, through Commissioner Joseph P. McMurray, would make additional funds available to assist the city in its contribution to preparation of such a plan, Mr. Yerry said.

Mayor Stang explained, in opening the meeting, that the local housing authority had produced a plan for the urban renewal of the sixth ward and adjacent areas and that he wanted to inform the members of the Common Council in an unofficial manner what such a plan involved. He suggested that such a meeting would provide councilmen with an opportunity to ascertain what such a plan would mean to the city and to ask questions before any plan was officially submitted to the council.

**MAYOR STANG** introduced Mr. Lutin who outlined the various steps in an urban renewal program, explaining its advantages to a municipality, the various financial contributions of the federal government and the city itself. He pointed out that the federal government would contribute approximately two-thirds of the overall cost of such a plan.

The mayor then introduced Mr. Yerry who discussed the proposed construction of a new housing development in the Fourth Ward.

Mr. Yerry said tentative location of the project was in Kingman Park about a block and a half off Delaware avenue. A small park would continue to be maintained along with present facilities.

**THE PLAN WOULD** require relocation of the Little League baseball diamond to another section of the park, he said.

Mr. Yerry pointed out that the plan could involve several areas of the city. In order to obtain federal funds the city must comply with certain federal codes designed to prevent recurrence of depressed areas.

Alderman - at - Large Joseph Kelly suggested that it might be helpful if the Council at its next meeting would appoint a nonpartisan committee to visit Schenectady where an urban plan is already in progress and Middletown where one is just being started. Mayor Stang will request appointment of such a committee at the next Council meeting.

**IT APPEARED** to be the consensus of Council members that study of an urban renewal plan should be continued by the local authority and that the mayor should present such a plan in order that the Council might take appropriate action.

Mayor Stang explained that the first step would be to submit a proposal to the Council requesting financial assistance of the federal government in the development of an urban renewal plan.

**IF SUCH A PLAN** is finally adopted the city would pay about one-third of the cost of its preparation. However, if Common Council should decide against adoption of such a plan the entire cost of its preparation would be borne by the federal government, Mayor Stang said.

State officials showed maps of the sixth ward area which indicated graphically what the ward could look like if an urban plan should be adopted.

## *Investors Get Rich On Fords*

By DAVID J. WILKIE
AP Automotive Editor

Detroit, Dec. 21 (AP) — Enshrined in the Henry Ford Museum at nearby Greenfield village is a small runabout type motorized buggy, with two-cylinder engine, chain transmission, bicycle wheels and tiller steering.

It is the first automobile the elder Henry Ford designed and built in 1892-93. From it stemmed some 33 million subsequent Ford cars and the golden stream of profits that made the Ford Motor Co. perhaps the most fabulous of American industrial enterprise.

**HOW MANY** millionaires were made by the meteoric development of the company is anybody's guess. Counting original stockholders, members of the Ford family and those who inherited the wealth amassed by their parents and grandparents, the total probably would exceed three score.

And others are in the making. They are the top brass of the Ford Motor Co. who were given the privilege of buying some stock in the company when they joined it in the reorganization the younger Henry Ford started in 1946.

**THE PRIVILEGE** of purchasing some stock at far-below-value price is understood to have been one of the inducements held out to numerous specialists to bring them into the higher echelon of the reorganized Ford Company.

The story of the Ford Motor

## *Uviller Is Mediation Chairman*

Albany, Dec. 21 (AP)—Gov. Harriman has appointed Harry Uviller, state treasurer of the Liberal party and a one-time Republican-Liberal-Fusion candidate for New York city comptroller, as chairman of the State Labor Departments' Mediation Board.

Harriman yesterday appointed Uviller, Mrs. Jean T. McKelvey of Rochester and Donald B. Straus of New York city to the seven-member board. The governor reappointed Ralph E. Kharas of New York city.

**ALL FOUR** were named for three-year terms. Board members are paid $40 a day when working and are reimbursed for expenses. The appointments are subject to confirmation by the Senate.

Uviller, 58, of Manhattan, succeeds Merlyn S. Pitzele of New York city as chairman. A lawyer, Uviller has been impartial chairman of the Dress Industry since 1936. He is chairman of

## 560 Traffic Deaths Forseen During Long Holiday Period

Chicago, Dec. 21 (AP)—The National Safety Council today estimated 560 Americans will be killed in traffic accidents during the long Christmas holiday period. That number of deaths would set a new record.

The holiday period will begin at 6 p. m. (local time) Friday and end at midnight Monday.

Associated Press files show that the traffic death record for any holiday period — 556 — was set during the four-day Christmas holiday in 1952.

The council's figures show that Dec. 24 usually is the most deadly day of the year because of Christmas Eve festivities and heavy travel to family gatherings.

But the council also said the risk will be great on the afternoon and evening of Friday, the 23rd, when many motorists will take off on trips.

Mrs. Glenn G. Hays, president of the National Woman's Christian Temperance Union, predicted less drinking and increased church attendance during the Christmas weekend.

She said inquiries show that a growing number of business firms are abandoning Christmas office parties and donating the money to charities instead.

Mrs. Hays, in a statement, attributed the changes in observation to church efforts to "keep Christ in Christmas" by reminding the general public of the primary religious nature of the holiday.

## *17 Die in Third Florida Air Tragedy, Death Total for Three Days Is Now 28*

Jacksonville, Fla., Dec. 21 (AP)—An Eastern Airlines Constellation bound from Miami to Boston crashed and burned on its landing run early today, killing all 17 persons aboard.

It was the third air crash in Florida in three days.

Monday, two air force bombers crashed over the outskirts of Tampa midway down the Gulf of Mexico coast killing eight men. A few hours later an air force jet and a bomber collided over Port St. Joe, 200 miles up the gulf coast, killing three men and leaving three missing.

On the shattered Constellation was the body of C. B. Thrift of Miami, an Eastern Air Lines accounting department employe, being shipped to Washington, D. C., for burial. The 47-year-old war veteran had died Saturday of a heart attack.

The plane was only a quarter mile from the end of its runway at the airport when it apparently came in too low, hit the top of a tree in the early morning darkness and plunged to the ground.

The airport said visibility was ½ mile, the ceiling 300 feet.

Its passengers apparently never had time to try to escape for the cabin was twisted and mashed, trapping all inside.

Five of the dead were crew members. On the plane also was a body of a man being shipped north from Miami for burial.

Sixteen of the bodies were badly burned. It was three hours after the 3:40 a. m. crash before firemen could remove them from the flaming wreckage.

Witnesses said the plane appeared to be in no trouble as it started on its landing run at the port 12 miles north of Jacksonville.

The last word from the pilot, Capt. Tom McBrien, was that he was coming in for a landing.

Leroy Connell, a boilermaker, was drinking coffee when he looked out a window in his home in the thinly wooded, sparsely settled area.

"I saw the landing lights go on, then there was a sound—it might have been an explosion or the sound the plane made as it hit the tops of the trees," he said.

"The big ship fell but there wasn't any fire until it hit the ground."

William Hess, a foundry worker, was in the yard of his home when he heard the plane coming in and looked up.

"It appeared to hit the top of some pine trees only about 50

## *John L. Larkin Is Named Assistant DA for County*

John L. Larkin, a lawyer of 41 Pearl street, has been appointed an assistant district attorney for Ulster county.

This announcement was made today by District Attorney Howard C. St. John, who said that the case load has more than doubled in his office during the past several years.

His application for more help was favored by the Board of Supervisors.

The new assistant, a son of Dr. John F. Larkin, local physician, will join John J. Schick, the other assistant in the DA's office on January 1.

Attorney Larkin has practiced here since his graduation from Albany Law School and admission to the bar in 1950.

He is a navy veteran for four years, with two years of service in the Pacific Theatre during World War 2.

At the time of his discharge he was a lieutenant, junior grade.

A native of Kingston, he attended St. Joseph's Parochial School here, and graduated from Holy Cross College, Worcester, Mass., in 1943. He joined the navy just prior to graduation.

Attorney Larkin is married to the former Muriel Lennertz of Chicago Heights, Ill. They reside at 236 Clinton avenue.

## Redevelopment to Include Project at Kingman Park

An urban redevelopment plan which could "lift the face" of the city of Kingston was discussed Tuesday night at a meeting of municipal, state and federal officials at city hall.

Such a plan, now under study by the Kingston Housing Authority, will be presented to the Common Council some time in January.

**IT WAS REPORTTED** that the plan would also include construction of a 98-unit housing project in the Kingman Park area. This project would be similar to the Colonial Gardens development.

George E. Yerry Jr., chairman of the Kingston Housing Authority, explained that the proposed project would help assist persons forced to relocate from areas that might be affected by urban redevelopment.

**PRESENT** at the meeting, called by Mayor Frederick H. Stang, were the incoming and outgoing members of the Council, members of the City Planning Commission and Kingston Housing Authority, David Lutin of the Federal Housing and Home Financing Agency, and Arthur Reed, director of the Bureau of Community Development of the New York State Division of Housing.

Mr. Yerry explained that construction of the housing project would be recommended to the city by the Kingston Housing Authority even if the urban renewal plan as a whole should not be adopted.

**IF THE PLAN** be adopted the New York State Division of Housing, through Commissioner Joseph P. McMurray, would make additional funds available to assist the city in its contribution to preparation of such a plan, Mr. Yerry said.

Mayor Stang explained, in opening the meeting, that the local housing authority had produced a plan for the urban renewal of the sixth ward and adjacent areas and that he wanted to inform the members of the Common Council in an unofficial manner what such a plan involved. He suggested that such a meeting would provide councilmen with an opportunity to ascertain what such a plan would mean to the city and to ask questions before any plan was officially submitted to the council.

**MAYOR STANG** introduced Mr. Lutin who outlined the various steps in an urban renewal program, explaining its advantages to a municipality, the various financial contributions of the federal government and the city itself. He pointed out that the federal government would contribute approximately two-thirds of the overall cost of such a plan.

The mayor then introduced Mr. Yerry who discussed the proposed construction of a new housing development in the Fourth Ward.

Mr. Yerry said tentative location of the project was in Kingman Park about a block and a half off Delaware avenue. A small park would continue to be maintained along with present facilities.

**THE PLAN WOULD** require relocation of the Little League baseball diamond to another section of the park, he said.

Mr. Yerry pointed out that the plan could involve several areas of the city. In order to obtain federal funds the city must comply with certain federal codes designed to prevent recurrence of depressed areas.

Alderman-at-Large Joseph Kelly suggested that it might be helpful if the Council at its next meeting would appoint a nonpartisan committee to visit Schenectady where an urban plan is already in progress and Middletown where one is just being started. Mayor Stang will request appointment of such a committee at the next Council meeting.

**IT APPEARED** to be the consensus of Council members that study of an urban renewal plan should be continued by the local authority and that the mayor should present such a plan in order that the Council might take appropriate action.

Mayor Stang explained that the first step would be to submit a proposal to the Council requesting financial assistance of the federal government in the development of an urban renewal plan.

**IF SUCH A PLAN** is finally adopted the city would pay about one-third of the cost of its preparation. However, if Common Council should decide against adoption of such a plan the entire cost of its preparation would be borne by the federal government, Mayor Stang said.

State officials showed maps of the sixth ward area which indicated graphically what the ward could look like if an urban plan should be adopted.

## *Investors Get Rich On Fords*

By DAVID J. WILKIE
AP Automotive Editor

Detroit, Dec. 21 (AP) — Enshrined in the Henry Ford Museum at nearby Greenfield village is a small runabout type motorized buggy, with two-cylinder engine, chain transmission, bicycle wheels and tiller steering.

It is the first automobile the elder Henry Ford designed and built in 1892-93. From it stemmed some 33 million subsequent Ford cars and the golden stream of profits that made the Ford Motor Co. perhaps the most fabulous of American industrial enterprise.

**HOW MANY** millionaires were made by the meteoric development of the company is anybody's guess. Counting original stockholders, members of the Ford family and those who inherited the wealth amassed by their parents and grandparents, the total probably would exceed three score.

And others are in the making. They are the top brass of the Ford Motor Co. who were given the privilege of buying some stock in the company when they joined it in the reorganization the younger Henry Ford started in 1946.

**THE PRIVILEGE** of purchasing some stock at far-below-value price is understood to have been one of the inducements held out to numerous specialists to bring them into the higher echelon of the reorganized Ford Company.

The story of the Ford Motor

## *Uviller Is Mediation Chairman*

Albany, Dec. 21 (AP)—Gov. Harriman has appointed Harry Uviller, state treasurer of the Liberal party and a one-time Republican-Liberal-Fusion candidate for New York city comptroller, as chairman of the State Labor Departments' Mediation Board.

Harriman yesterday appointed Uviller, Mrs. Jean T. McKelvey of Rochester and Donald B. Straus of New York city to the seven-member board. The governor reappointed Ralph E. Kharas of New York city.

**ALL FOUR** were named for three-year terms. Board members are paid $40 a day when working and are reimbursed for expenses. The appointments are subject to confirmation by the Senate.

Uviller, 58, of Manhattan, succeeds Merlyn S. Pitzele of New York city as chairman. A lawyer, Uviller has been impartial chairman of the Dress Industry since 1936. He is chairman of

## 560 Traffic Deaths Forseen During Long Holiday Period

Chicago, Dec. 21 (AP)—The National Safety Council today estimated 560 Americans will be killed in traffic accidents during the long Christmas holiday period. That number of deaths would set a new record.

The holiday period will begin at 6 p. m. (local time) Friday and end at midnight Monday.

Associated Press files show that the traffic death record for any holiday period — 556 — was set during the four-day Christmas holiday in 1952.

The council's figures show that Dec. 24 usually is the most deadly day of the year because of Christmas Eve festivities and heavy travel to family gatherings.

But the council also said the risk will be great on the afternoon and evening of Friday, the 23rd, when many motorists will take off on trips.

Mrs. Glenn G. Hays, president of the National Woman's Christian Temperance Union, predicted less drinking and increased church attendance during the Christmas weekend.

She said inquiries show that a growing number of business firms are abandoning Christmas office parties and donating the money to charities instead.

Mrs. Hays, in a statement, attributed the changes in observation to church efforts to "keep Christ in Christmas" by reminding the general public of the primary religious nature of the holiday.

## *17 Die in Third Florida Air Tragedy, Death Total for Three Days Is Now 28*

Jacksonville, Fla., Dec. 21 (AP)—An Eastern Airlines Constellation bound from Miami to Boston crashed and burned on its landing run early today, killing all 17 persons aboard.

It was the third air crash in Florida in three days.

Monday, two air force bombers crashed over the outskirts of Tampa midway down the Gulf of Mexico coast killing eight men. A few hours later an air force jet and a bomber collided over Port St. Joe, 200 miles up the gulf coast, killing three men and leaving three missing.

On the shattered Constellation was the body of C. B. Thrift of Miami, an Eastern Air Lines accounting department employe, being shipped to Washington, D. C., for burial. The 47-year-old war veteran had died Saturday of a heart attack.

The plane was only a quarter mile from the end of its runway at the airport when it apparently came in too low, hit the top of a tree in the early morning darkness and plunged to the ground.

The airport said visibility was ½ mile, the ceiling 300 feet.

Its passengers apparently never had time to try to escape for the cabin was twisted and mashed, trapping all inside.

Five of the dead were crew members. On the plane also was a body of a man being shipped north from Miami for burial.

Sixteen of the bodies were badly burned. It was three hours after the 3:40 a. m. crash before firemen could remove them from the flaming wreckage.

Witnesses said the plane appeared to be in no trouble as it started on its landing run at the port 12 miles north of Jacksonville.

The last word from the pilot, Capt. Tom McBrien, was that he was coming in for a landing.

Leroy Connell, a boilermaker, was drinking coffee when he looked out a window in his home in the thinly wooded, sparsely settled area.

"I saw the landing lights go on, then there was a sound—it might have been an explosion or the sound the plane made as it hit the tops of the trees," he said.

"The big ship fell but there wasn't any fire until it hit the ground."

William Hess, a foundry worker, was in the yard of his home when he heard the plane coming in and looked up.

"It appeared to hit the top of some pine trees only about 50

Local officials earlier in the week indicated that if the rush continued, this year's pre-Christmas volume of mail would hit a new record. (Freeman photo)

## *John L. Larkin Is Named Assistant DA for County*

John L. Larkin, a lawyer of 41 Pearl street, has been appointed an assistant district attorney for Ulster county.

This announcement was made today by District Attorney Howard C. St. John, who said that the case load has more than doubled in his office during the past several years.

His application for more help was favored by the Board of Supervisors.

The new assistant, a son of Dr. John F. Larkin, local physician, will join John J. Schick, the other assistant in the DA's office on January 1.

Attorney Larkin has practiced here since his graduation from Albany Law School and admission to the bar in 1950.

He is a navy veteran for four years, with two years of service in the Pacific Theatre during World War 2.

At the time of his discharge he was a lieutenant, junior grade.

A native of Kingston, he attended St. Joseph's Parochial School here, and graduated from Holy Cross College, Worcester, Mass., in 1943. He joined the navy just prior to graduation.

Attorney Larkin is married to the former Muriel Lennertz of Chicago Heights, Ill. They reside at 236 Clinton avenue.

### Bobo's Father Dies

Washington, Pa., Dec. 21 (AP)—Julius Paulekas, 66, father of Barbara (Bobo) Rockefeller, died late yesterday in Washington Hospital following a lengthy illness. Paulekas, a coal miner who retired several years ago, came to the United States from Lithuania 52 years ago. He was divorced from his wife shortly after Bobo's birth. Neither Bobo, ex-wife of millionaire Winthrop Rockefeller, nor another daughter, Mrs. Henry Hellman of New York city, were present when Paulekas died.

### Returns Death Penalty

Princeton, Ind., Dec. 21 (AP)—The death penalty was recommended last night by a jury which convicted Leslie Irvin, 31, described by the state as a "mad dog killer," for the slaying of one of six persons he is accused of killing. The Gibson Circuit Court jury of 12 men deliberated 90 minutes before convicting Irvin of murder in the slaying of Wesley W. Kerr, 29, an Evansville, Ind., service station operator, in a robbery on Dec. 23, 1954. Sentence was delayed by Judge A. Dale Eby pending filing of appeals by defense attorneys.

## FOREIGN AID CROSSROADS

How much the new Congress votes for defense and foreign aid will probably determine whether or not the federal budget can be balanced in the year starting next July. So there's bound to be some pretty sharp debate on these big items.

Foreign aid is perhaps especially vulnerable, since this country already has spent more than $50 billion in the past 10 years on foreign projects of all kinds. Many lawmakers, and the people they represent, are weary of shipping money and materials overseas.

These folk would argue that we have already spent too much abroad, that any more large appropriations will simply hike the national debt further and make budget-balancing and tax-cutting virtually impossible.

They make the added points that some foreign lands already regard this nation as "Uncle Sugar" and are too demanding, while others show utterly no gratitude for past favors.

If any aid is needed, which these critics doubt, they would have it take the form of private investment, except when a country's defense effort requires bolstering.

The proponents of continued foreign assistance contend this is the worst possible time to shut it off. Russia is engaged in the most ambitious economic warfare it has ever waged, particularly in the uncommitted but wavering countries of the Near East, Middle East and Southeast Asia.

If we were to let up now, the advocates say, we would run the risk of seeing the Soviet Union become the prime influence in these nations. All the economic problems these latter have are growing more, not less acute. The country that lends a big hand may do a lot to sell its system of government to the recipients.

It may also discover that the recipients, through gradually rising living standards, have become a better market for the goods of the befriending nation.

Right now the odds seem to favor those who want to trim foreign aid. Discontent over foreign outlays appears to be rising.

Possibly the only thing that would turn the tables the other way—aside from powerful intervention by President Eisenhower—would be an unmistakable Soviet success on the economic battlefront. For instance, if Burma or Afghanistan went Communist, we might decide that, despite its cost, a big aid program is our chief hope of preventing the rest of Asia and Africa from sliding into the same abyss.

---

Whiffletrees and horse collars are still in demand in Vermont, according to a recent news story. Apparently the Vermonters are not ready to concede that the automobile is here to stay.

---

## COMMUNICATIONS INTERRUPTED

Complaints are arising in some quarters that President Eisenhower has been inaccesible to the press for several months. Reporters understand the fact of his illness, but they feel nevertheless that the country ought to be getting a fuller picture of his current role in government.

Certain conflicts exist between things the President has said in the past and some of his top officials have said or are saying. The Dixon-Yates matter involves one such difference. Newsmen are puzzled as to where the truth lies.

It seems fairly clear, however, that Mr. Eisenhower is not likely to resume regular press conferences in the near future. They are always a strain, and on occasion can be downright gruelling. At this stage of his recovery they would not be good medicine.

Some have suggested the device of submitting written questions for his consideration. Possibly the answer lies in this direction, though if this method is employed it ought to be stressed on both sides that it is temporary. There is no real substitute for open-handed, face-to-face meeting with the President, and nothing should be permitted to interfere permanently with that valued means of providing the public with information.

---

Some of the men they're predicting may be dark horse candidates for the presidency are so improbable that they're not only dark—they're invisible.

### CURBSTONE ADVISERS

Perhaps no one—but no one—gets as much free advice as I do, particularly on how to be bored into longevity. It must be that people love me so much, they want me around for a long time even if I am to drink lime juice, eat gluten bread, and distress my taste buds and disposition.

Recently, I was advised to live on vitamin E, so that I do not die of malnutrition, but another doctor made the point that I nourish my carcass too generously and that skimmed milk would help me lose weight. I hate skimmed milk. I can compromise by taking store milk reinforced by cow's cream in the ratio of 50-50.

One man writes me about "the white flour disease." Well, there I must be safe. I never eat store bread, preferring various kinds of rye bread and pumpernickel, except such as are pre-cut and wrapped in cellophane. Bread and cigars, the right and left staves of life, should not be wrapped in cellophane.

Whenever I really enjoy myself, my wife gets out her calorie book. It is like playing the piano with a metronome. Calories are for doctors, not for me. The other morning, it must have been about 3 a. m., a lady wanted to discuss abstruse subjects with me, but I guzzled smoked sturgeon and bagel, a lovely combination, particularly if the bagel is covered with cream cheese. Bagels were made to be indigestible like speeches by Presidential candidates. I like mine toasted and accompanied either with Nova Scotia salmon or sturgeon. This combination is likely to make the gall-bladder feel like the Rock of Gibraltar; also it produces as much natural gas as the wells of Texas. But it tastes good in the initial stages of gustation.

So whenever I go in for this, I am told that bagel is bad for diabetes and smoked sturgeon helps the gout and what will I do if I get a heart attack. So I take some stuff called Alvesen which I don't know what it is for, but I like fizzy things like vichy, either French or Saratoga, whichever is around, and Alvesen is fizzy. Peasants eat simple foods; they know not caviar.

Who knows? It might all come from an inferiority complex, like a man who is a candidate for Vice President. I have often wondered what is in the mind of a man who regards himself as a second-rater and runs for it. Or does he believe that if he takes Throttle-bottom's job, his luck will change, the President will die, and he will be raised on the shoulders of men?

Anyhow, I shall defend the quality of taste which permits one a moment of cheer with food and drink and conversation without a calorie chart or a doctor's prescription as to what kills and what keeps alive. What are we, motors of automobiles which, according to what we are told on radio, must have the right mixture not to knock and splutter? Who wants not to knock and splutter?

The reason that righteous indignation is disappearing from our land is that too many people eat dull, bland, digestible, pre-digested foods.

So, I tell this man who wants me to give up malnutrition and go in for vitamin E that some time ago I had a dish called Chartreuse de Perdreaux, which includes the following constituents, savoy cabbage, carrots, onions, garlic, bay leaf, parsley, thyme, salt, fresh ground pepper, salt pork garlic sausage, chicken stock. That hot French sausage was a conveyor for garlic and spices and the whole masterly concoction helped one enjoy a sleepless night which is an excellent way to spend a night after good food and excellent drink, because it is only during a sleepless night that one can fully appreciate the virtue of an orderly life.

And now I shall bring on my head more advice on what to eat, what to avoid eating and on how to live to a still riper age. My own ideal is Herbert Hoover, now well past 80, who works about 16 hours a day, eats without virtue, never took vitamin pills unless he did it secretly, likes his martinis very dry, which may be a paradox in words but not in drinks, and confounds his doctors by outliving them. Apparently, virtue is its own reward.

### WHEN WILL IT BE YOUR TURN?

Some of my readers may feel that I am devoting too much time to the problem of automobile accidents with their accompanying, often preventable, fatalities. But let us look at it this way. Consider the billions of dollars, the countless research time that has gone into combatting poliomyelitis, money and time well spent, we all feel. Yet in 1953 there were less than 2,000 deaths from poliomyelitis but there were more than 38,000 from automobile "accidents." Another well-publicized disease is tuberculosis but in 1953 there were more automobile deaths than deaths from all forms of tuberculosis and all forms of poliomyelitis put together. Consider the thousands of parents who have brought their children successfully through the diseases of childhood only to have them killed in their teens in automobiles.

Every driver seems to have the idea that the automobile accident is something that may happen to the other person but never to himself. The possibility of injury or death is even more remote and he seems to have the ability of suppressing this unpleasant thought. However, approximately 10 per cent of all automobiles on the road last year were involved in accidents — 54,000,000 cars and 5,200,000 reported accidents. As a result, approximately 1,500,000 persons were injured; thus, your chances of injury, if involved in any type of accident, are in the neighborhood of one in three. If injured, you have one chance in 15 of receiving an injury severe enough to result in total disability. Last year, 100,000 persons were totally disabled. Furthermore, if injured, you run one chance in 37 of being killed; last year over 38,000 persons lost at these odds. These are deadly statistics to refer to a so-called pleasure car.

At this point, one may say that with all the elderly people driving, plus those with poor coordination, plus those with poor vision, it is no wonder that the figures are so high and look so serious. Would you be more apt to believe the statistics if they related only to a select group of drivers? Last year, the United States Air Force lost 700 men killed in aircraft accidents and during the same period lost 678 killed in automobile crashes. If more statistical evidence were necessary, it might be pointed out that in the past 20 years, since 1934, more than 700,000 persons have been killed in automobile crashes. In the past 50 years, many thousands more have been killed in automobile accidents than have been killed in all our wars put together.

Remember, if the nation were confronted with an epidemic disease that took the lives of 30,000 persons in one year, and the medical profession did not take steps to control the siuation, there would be a Congressional investigation. Some feel that that is possibly the only solution to the problem of automobile deaths.

## War of Nerves

# AS PEGLER SEES IT

**By WESTBROOK PEGLER**

Most of the colossal heap of money in the Ford Foundation should have gone into the Treasury of the United States.

In that case, it would have been squandered on war, political patronage, "social security" and other devouring foibles of the present process of galloping political evolution. However, our country has avoided the error of Great Britain which taxes old going concerns to death when their pricipal owners die and thus throws onto relief employes who otherwise might continue to produce wealth and pay personal income taxes. It also terminates the existence of a tax-paying business house. Many such houses in Britain has been "wound up," as their quaint idiom has it, after the exchequer got through looting them under the estate tax laws.

We had a half-hearted intention of doing that ourselves but foresaw that the adverse effect on our industry and economy would far outweigh the benefit of immediate rakeoff for the public revenues.

So we established the tax-dodge embodied in the foundations. We thus preserved not only Ford as an industrial empire but many other concerns, including the New York Herald Tribune, and encouraged thousands of petty gyps to chisel in a pretense of philanthropy at the expense of the common man.

The investigation of tax exempt foundations by Carroll Reece, the Tennessee Republican, one of the few gentlemen in Congress, aroused such opposition and fury, notably in The Herald Trribune, that the opposition has now defeated its own purpose by calling wide public attention to its undeclared, selfish motive. The opposition first tried to smother the inquiry. When Reece persisted with the strong, capable help of Rene Wormser, a young New York lawyer, expert in such matters, The Herald Tribune, The New York Times and other papers took up the cry in a tone of voice which suggested that this must be some sort of Fascist exploit which would wipe out the precious freedoms that they forever prattle of but never define.

At this point Congressman Wayne Hays, of Ohio, a Democrat claiming to have a confidential mandate from "the White House" under Eisenhower, began a noisy, gross campaign of insult and abuse to obstruct and frustrate the committee. He made several great mistakes. First and worst, he insulted a Catholic Nun, sister Mary Patricia, the daughter of the late Pat McCarran, one of the few majestic Democrats of the last 25 years, and Catholic University, of Washington, D. C., by insinuating that this precocious scholar on Socialism had obtained her Ph,D, from Catholic U by some undefined fraud. Second, Hays called Reece a coward and thus called attention to the fact that Reece had a fine combat record in the first war for which he received a number of legitimate decorations, whereas Hays, himself, was released from our military service in the second war long before the emergency was over.

The basic wrong in this foundation dodge is that the national government, including Congress, became so greedy for money to squander on functions which were none of its business that it finally dared to strike at accumulations of wealth which had been acquired honestly and were essential to the continuance of our economic system. The owners of this wealth had paid their just taxes year by year during their lives. But now the treasury attacked the remainder. These levies on the remainder rise abruptly into confiscatory brackets. At the high levels they do confiscate so much that the remainder is petty. That is where the tax-dodge of the foundation came into being and the foregoing, frankly, are the reasons why.

The Reece committee and, especially Reece and Wormser, individually, took a terrible going-over at the hands of unseen opponents whose identity however is known to them and many others but may not be mentioned in print.

Our roster of exemptions is absurd, un-American, political in the indecent sense and dishonestly administered.

There is no excuse to deduct from taxable income contributions to any college or hospital or even to the taxpayer's parents for their support. The system of deductions is a wormy, contemptible evasion of the basic principle of honest taxation. A man with two living parents dependent on him for support has an advantage over a man with less income who is an orphan but is thus taxed to bear a portion of the wealthier, and luckier, man's taxes.

The deductibility of "religious" contributions is limited by a fake proviso that the activity of the religious body shall not include attempts to "influence legislation." But all religious bodies constantly advocate or oppose legislation.

Some years ago, I called Henry Morgenthau's attention to some spirited political activity in a large religious community not far from his home and asked what he was going to do about that.

Henry said, "Nothing." He was not going to mess with any religious outfit, law or no law.

# Australian Election Is Cited As Warning to U. S. 'Left'

**By DAVID LAWRENCE**

Washington, Dec. 21 — They didn't pull the wool, Australian or any kind, over the eyes of the people of Australia, as the completed vote in the general elections there now reveals.

It turns out that the incumment administration of Prime Minister Robert Menzies was re-elected not only with a substantial majority, but by the biggest majority any party coalition ever got.

The significance for Americans lies in the fact that the issues were clear-cut as between conservatism and socialism and as between anti-Communist and those misguided "liberals" who took upon themselves to argue that communism is just another political philosophy and not a word-wide conspiracy to overthrow free governments.

**WHEN VLADIMIR** Petrov defected from the Soviet embassy in Australia, he told the world that inside the Socialist Labor party in Australia and among its leaders there were stooges of the Communists, and also that two members of the staff of former Prime Minister Herbert Evatt were implicated. Mr. Evatt insisted this was all politics and, curiously enough, during the recent campaign wrote to Molotov in Moscow to get his evaluation of the Petrov documents—which the Soviet Foreign Minister, of course, promptly denounced as forgeries.

They even had a Royal Commission of Inquiry, with all the safeguards that American "liberals" are so accustomed to advocate as a better way than a Congressional investigation. It nevertheless revealed, to the astonishment of the Australian public, that Soviet infiltration was operating in the labor government and in the press.

There were loud cries about "McCarthyism" and the conservatives in Australia were accused of using the same strategy as conservatives in the United States. But the Socialists made the mistake of advocating close ties with the Soviet Union and the recognition of Red China. The voters overwhelmingly rejected such views. Even Mr. Evatt, the Socialist leader, ran poorly in the contest to retain his seat, and his leadership of the party now is in doubt.

Mr. Evatt is well known and has many friends in Washington, and the inclination here is not to credit him with a real affinity for anything communistic but to regard him as a man who has used poor judgment, especially in fighting Communist revelations. Instead of denouncing the activities of the Communists, he has looked upon the whole thing as an attack on liberalism and "civil liberties."

**THIS IS THE** same mistake made by many American "liberals" who not only are loyal in every sense and wouldn't swap America's system for the Soviet's at any time but nevertheless refuse to see the Communist conspiracy as a danger. They would be on firmer ground, as President George Meany of the AFL-CIO says, if they were more vigorous in their condemnation of Communists and if they didn't constantly take the position that a few Communist agents in our midst can do little harm. They forget about Klaus Fuchs and the Rosenbergs and the Alger Hiss case and instead exaggerate out of all proportion the occasional mishandling of a security case by a cumbersome bureaucracy.

The Democratic party—whose administration in 1952 was accused by President Eisenhower of having permitted a Communist penetration that "meant, in its most ugly sense, treason itself"—is perhaps going to make in the 1956 campaign the same mistake which the Evatt group made in Australia. There are signs of it in the tactics of the Hennings committee and some of the other committees whose chief objective now seems to be to investigate the anti-Communists and, by the same token, to minimize the nature of the Communist infiltration in America.

**THE AUSTRALIAN** electorate is not unlike the American electorate in background and education as well as in its reactions to the fundamental idea of confiscation of private property under state socialism. It was in 1950 that Australia, following the victory of the Conservatives in 1949 in New Zealand, elected the present government. Conservatives came into power in 1950 in Great Britain, too, and then the Republicans, who are regarded as predominantly conservative, won in 1952 in the United States. It has been a world-wide trend.

But deeper than these economic issues are the emotional issues. Prime Minister Menzies, for instance, in the campaign just ended cited "an extraordinary parallel between Communist and Labor party policies." No Communist candidates were elected, and 40 of them lost their seats in Parliament. Before the election the Conservatives held only 64 seats out of 123 in the House, now they have at least 75, to Labor's 45.

The "Left Wing" got its worst beating in the history of Australian elections and, to no small extent, this was due to the defection of a number of Socialist Labor candidates from their own party on the anti-Communist issue.

### Unions to Unite

St. Louis, Dec. 21 (AP)—A committee of independent unions has announced agreement on plans to bring into one organization the some six million union members not affiliated with the AFL-CIO combine. The committee recommended a national unification convention be called next May for a proposed merger of the nations 2,500 independent labor unions. The recommendation came yesterday after a three-day meeting here sponsored by the 1,800,000-member National Independent Union Council (NICU) and the 450,000-member Confederated Unions of America (CUA). Many other unions, most of them oil workers unions, sent representatives.

# Edson's Washington News Notebook

**BY PETER EDSON**
**NEA Washington Correspondent**

Washington—(NEA)—When it comes to a showdown, some of the farmers who scream the loudest about their present plight may not be hurt as badly as they let on.

An example has just been furnished by farmer Jay Boston, who operates 610 irrigated acres near Hereford, northern Texas.

When the Senate Agriculture Commission held hearings in Fort Worth, farmer Boston grabbed the headlines with a proposition:

If Secretary of Agriculture Ezra Taft Benson would come to Texas, take over the Boston place, run it under existing sliding scale price supports and show a profit, Boston would give his farm to Benson as a gift.

**A CHECKUP** by the Amarillo, Tex., Globe-News showed that Boston was no shiftless operator. He is recognized as the best farmer in his conservation district. Several years ago he won a prize for raising 70 bushels of wheat to the acre in an area where 10 bushels is the average.

His gripe now is that under existing supports on grain sorghums and a depressed hog market—on which two crops he has been specializing—he can't make money.

"I'm not denying that I made money on my place in years past," he says. "But I haven't made any this year."

The news traveled far and wide. Paul Horn, a Texas-born farmer who now operates a number of properties in the Moorehead, Minn., area—specilizing in vegetables—read about it. He immediately wrote to Boston, offering to substitute for Secretary Benson, taking over Jan. 1, 1957.

**"I WILL TAKE OVER** your farm for a period of four years," Horn offered. "If at the end of that time I cannot show a fair average return on the appraised investment, I will not only return the property in as good a condition as it was received, but I will also pay you a fair cash rental."

Horn attached only one string to his offer. He made it conditional on the present administration being continued in office after the 1956 elections. He said he wasn't interested if the federal government was going to dictate methods of farming and marketing.

"The disturbing thing about your statement is that it creates the impression that the farmers of this country are unable to make a living without financial help from the government," Horn wrote to Boston.

"The fact is that the vast majority of farmers in the United States are neither looking for handouts, nor do they expect the government to guarantee them a profit," he said.

**AN INQUIRY** direct to farmer Horn as to whether the Texan had replied to his offer brought back the reply:

"I have not heard from Mr. Boston to date, and until I do, I can pursue the matter no further."

From Farmer Boston the word is that: "I didn't make a wide open proposition for anyone who wanted to take me up on it . . .

"Nobody's called my bluff, because the only one who can call my bluff is Mr. Benson."

From Benson's office the word is that no communication has ever been received from Mr. Boston, and that the secretary had never even heard of the Texan's offer.

## FOREIGN AID CROSSROADS

How much the new Congress votes for defense and foreign aid will probably determine whether or not the federal budget can be balanced in the year starting next July. So there's bound to be some pretty sharp debate on these big items.

Foreign aid is perhaps especially vulnerable, since this country already has spent more than $50 billion in the past 10 years on foreign projects of all kinds. Many lawmakers, and the people they represent, are weary of shipping money and materials overseas.

These folk would argue that we have already spent too much abroad, that any more large appropriations will simply hike the national debt further and make budget-balancing and tax-cutting virtually impossible.

They make the added points that some foreign lands already regard this nation as "Uncle Sugar" and are too demanding, while others show utterly no gratitude for past favors.

If any aid is needed, which these critics doubt, they would have it take the form of private investment, except when a country's defense effort requires bolstering.

The proponents of continued foreign assistance contend this is the worst possible time to shut it off. Russia is engaged in the most ambitious economic warfare it has ever waged, particularly in the uncommitted but wavering countries of the Near East, Middle East and Southeast Asia.

If we were to let up now, the advocates say, we would run the risk of seeing the Soviet Union become the prime influence in these nations. All the economic problems these latter have are growing more, not less acute. The country that lends a big hand may do a lot to sell its system of government to the recipients.

It may also discover that the recipients, through gradually rising living standards, have become a better market for the goods of the befriending nation.

Right now the odds seem to favor those who want to trim foreign aid. Discontent over foreign outlays appears to be rising.

Possibly the only thing that would turn the tables the other way—aside from powerful intervention by President Eisenhower—would be an unmistakable Soviet success on the economic battlefront. For instance, if Burma or Afghanistan went Communist, we might decide that, despite its cost, a big aid program is our chief hope of preventing the rest of Asia and Africa from sliding into the same abyss.

## COMMUNICATIONS INTERRUPTED

Complaints are arising in some quarters that President Eisenhower has been inaccesible to the press for several months. Reporters understand the fact of his illness, but they feel nevertheless that the country ought to be getting a fuller picture of his current role in government.

Certain conflicts exist between things the President has said in the past and some of his top officials have said or are saying. The Dixon-Yates matter involves one such difference. Newsmen are puzzled as to where the truth lies.

It seems fairly clear, however, that Mr. Eisenhower is not likely to resume regular press conferences in the near future. They are always a strain, and on occasion can be downright gruelling. At this stage of his recovery they would not be good medicine.

Some have suggested the device of submitting written questions for his consideration. Possibly the answer lies in this direction, though if this method is employed it ought to be stressed on both sides that it is temporary. There is no real substitute for open-handed, face-to-face meeting with the President, and nothing should be permitted to interfere permanently with that valued means of providing the public with information.

### CURBSTONE ADVISERS

Perhaps no one—but no one—gets as much free advice as I do, particularly on how to be bored into longevity. It must be that people love me so much, they want me around for a long time even if I am to drink lime juice, eat gluten bread, and distress my taste buds and disposition.

Recently, I was advised to live on vitamin E, so that I do not die of malnutrition, but another doctor made the point that I nourish my carcass too generously and that skimmed milk would help me lose weight. I hate skimmed milk. I can compromise by taking store milk reinforced by cow's cream in the ratio of 50-50.

One man writes me about "the white flour disease." Well, there I must be safe. I never eat store bread, preferring various kinds of rye bread and pumpernickel, except such as are pre-cut and wrapped in cellophane. Bread and cigars, the right and left staves of life, should not be wrapped in cellophane.

Whenever I really enjoy myself, my wife gets out her calorie book. It is like playing the piano with a metronome. Calories are for doctors, not for me. The other morning, it must have been about 3 a. m., a lady wanted to discuss abstruse subjects with me, but I guzzled smoked sturgeon and bagel, a lovely combination, particularly if the bagel is covered with cream cheese. Bagels were made to be indigestible like speeches by Presidential candidates. I like mine toasted and accompanied either with Nova Scotia salmon or sturgeon. This combination is likely to make the gall-bladder feel like the Rock of Gibraltar; also it produces as much natural gas as the wells of Texas. But it tastes good in the initial stages of gustation.

So whenever I go in for this, I am told that bagel is bad for diabetes and smoked sturgeon helps the gout and what will I do if I get a heart attack. So I take some stuff called Alvesen which I don't know what it is for, but I like fizzy things like vichy, either French or Saratoga, whichever is around, and Alvesen is fizzy. Peasants eat simple foods; they know not caviar.

Who knows? It might all come from an inferiority complex, like a man who is a candidate for Vice President. I have often wondered what is in the mind of a man who regards himself as a second-rater and runs for it. Or does he believe that if he takes Throttle-bottom's job, his luck will change, the President will die, and he will be raised on the shoulders of men?

Anyhow, I shall defend the quality of taste which permits one a moment of cheer with food and drink and conversation without a calorie chart or a doctor's prescription as to what kills and what keeps alive. What are we, motors of automobiles which, according to what we are told on radio, must have the right mixture not to knock and splutter? Who wants not to knock and splutter?

The reason that righteous indignation is disappearing from our land is that too many people eat dull, bland, digestible, pre-digested foods.

So, I tell this man who wants me to give up malnutrition and go in for vitamin E that some time ago I had a dish called Chartreuse de Perdreaux, which includes the following constituents, savoy cabbage, carrots, onions, garlic, bay leaf, parsley, thyme, salt, fresh ground pepper, salt pork garlic sausage, chicken stock. That hot French sausage was a conveyor for garlic and spices and the whole masterly concoction helped one enjoy a sleepless night which is an excellent way to spend a night after good food and excellent drink, because it is only during a sleepless night that one can fully appreciate the virtue of an orderly life.

And now I shall bring on my head more advice on what to eat, what to avoid eating and on how to live to a still riper age. My own ideal is Herbert Hoover, now well past 80, who works about 16 hours a day, eats without virtue, never took vitamin pills unless he did it secretly, likes his martinis very dry, which may be a paradox in words but not in drinks, and confounds his doctors by outliving them. Apparently, virtue is its own reward.

These levies on the remainder rise abruptly into confiscatory brackets. At the high levels they do confiscate so much that the remainder is petty. That is where the tax-dodge of the foundation came into being and the foregoing, frankly, are the reasons why.

The Reece committee and, especially Reece and Wormser, individually, took a terrible going-over at the hands of unseen opponents whose identity however is known to them and many others but may not be mentioned in print.

Our roster of exemptions is absurd, un-American, political in the indecent sense and dishonestly administered.

There is no excuse to deduct from taxable income contributions to any college or hospital or even to the taxpayer's parents for their support. The system of deductions is a wormy, contemptible evasion of the basic principle of honest taxation. A man with two living parents dependent on him for support has an advantage over a man with less income who is an orphan but is thus taxed to bear a portion of the wealthier, and luckier, man's taxes.

The deductibility of "religious" contributions is limited by a fake proviso that the activity of the religious body shall not include attempts to "influence legislation." But all religious bodies constantly advocate or oppose legislation.

Some years ago, I called Henry Morgenthau's attention to some spirited political activity in a large religious community not far from his home and asked what he was going to do about that.

Henry said, "Nothing." He was not going to mess with any religious outfit, law or no law.

# Australian Election Is Cited As Warning to U. S. 'Left'

**By DAVID LAWRENCE**

Washington, Dec. 21 — They didn't pull the wool, Australian or any kind, over the eyes of the people of Australia, as the completed vote in the general elections there now reveals.

It turns out that the incumment administration of Prime Minister Robert Menzies was re-elected not only with a substantial majority, but by the biggest majority any party coalition ever got.

The significance for Americans lies in the fact that the issues were clear-cut as between conservatism and socialism and as between anti-Communist and those misguided "liberals" who took upon themselves to argue that communism is just another political philosophy and not a word-wide conspiracy to overthrow free governments.

**WHEN VLADIMIR** Petrov defected from the Soviet embassy in Australia, he told the world that inside the Socialist Labor party in Australia and among its leaders there were stooges of the Communists, and also that two members of the staff of former Prime Minister Herbert Evatt were implicated. Mr. Evatt insisted this was all politics and, curiously enough, during the recent campaign wrote to Molotov in Moscow to get his evaluation of the Petrov documents—which the Soviet Foreign Minister, of course, promptly denounced as forgeries.

They even had a Royal Commission of Inquiry, with all the safeguards that American "liberals" are so accustomed to advocate as a better way than a Congressional investigation. It nevertheless revealed, to the astonishment of the Australian public, that Soviet infiltration was operating in the labor government and in the press.

There were loud cries about "McCarthyism" and the conservatives in Australia were accused of using the same strategy as conservatives in the United States. But the Socialists made the mistake of advocating close ties with the Soviet Union and the recognition of Red China. The voters overwhelmingly rejected such views. Even Mr. Evatt, the Socialist leader, ran poorly in the contest to retain his seat, and his leadership of the party now is in doubt.

Mr. Evatt is well known and has many friends in Washington, and the inclination here is not to credit him with a real affinity for anything communistic but to regard him as a man who has used poor judgment, especially in fighting Communist revelations. Instead of denouncing the activities of the Communists, he has looked upon the whole thing as an attack on liberalism and "civil liberties."

**THIS IS THE** same mistake made by many American "liberals" who not only are loyal in every sense and wouldn't swap America's system for the Soviet's at any time but nevertheless refuse to see the Communist conspiracy as a danger. They would be on firmer ground, as President George Meany of the AFL-CIO says, if they were more vigorous in their condemnation of Communists and if they didn't constantly take the position that a few Communist agents in our midst can do little harm. They forget about Klaus Fuchs and the Rosenbergs and the Alger Hiss case and instead exaggerate out of all proportion the occasional mishandling of a security case by a cumbersome bureaucracy.

The Democratic party—whose administration in 1952 was accused by President Eisenhower of having permitted a Communist penetration that "meant, in its most ugly sense, treason itself"—is perhaps going to make in the 1956 campaign the same mistake which the Evatt group made in Australia. There are signs of it in the tactics of the Hennings committee and some of the other committees whose chief objective now seems to be to investigate the anti-Communists and, by the same token, to minimize the nature of the Communist infiltration in America.

**THE AUSTRALIAN** electorate is not unlike the American electorate in background and education as well as in its reactions to the fundamental idea of confiscation of private property under state socialism. It was in 1950 that Australia, following the victory of the Conservatives in 1949 in New Zealand, elected the present government. Conservatives came into power in 1950 in Great Britain, too, and then the Republicans, who are regarded as predominantly conservative, won in 1952 in the United States. It has been a world-wide trend.

But deeper than these economic issues are the emotional issues. Prime Minister Menzies, for instance, in the campaign just ended cited "an extraordinary parallel between Communist and Labor party policies." No Communist candidates were elected, and 40 of them lost their seats in Parliament. Before the election the Conservatives held only 64 seats out of 123 in the House, now they have at least 75, to Labor's 45.

The "Left Wing" got its worst beating in the history of Australian elections and, to no small extent, this was due to the defection of a number of Socialist Labor candidates from their own party on the anti-Communist issue.

Q—What is quarter-sawed lumber?

A—Quarter-sawing is a means of sawing logs so that the full beauty of the grain of the wood is preserved.

### Unions to Unite

St. Louis, Dec. 21 (AP)—A committee of independent unions has announced agreement on plans to bring into one organization the some six million union members not affiliated with the AFL-CIO combine. The committee recommended a national unification convention be called next May for a proposed merger of the nations 2,500 independent labor unions. The recommendation came yesterday after a three-day meeting here sponsored by the 1,800,000-member National Independent Union Council (NICU) and the 450,000-member Confederated Unions of America (CUA). Many other unions, most of them oil workers unions, sent representatives.

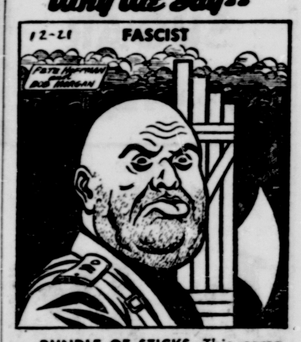
## *Why We Say--*



**BUNDLE OF STICKS:** This name for Mussolini's party in Italy came from the old Roman symbol of a bundle of sticks bound together with the blade of an ax protruding (the same as on the back of a U. S. dime). This device called "fasces" and was carried by Roman judges as a symbol that they could flog or behead wrongdoers. Mussolini took it as a sign of power.

# Edson's Washington News Notebook

**BY PETER EDSON**
**NEA Washington Correspondent**

Washington—(NEA)—When it comes to a showdown, some of the farmers who scream the loudest about their present plight may not be hurt as badly as they let on.

An example has just been furnished by farmer Jay Boston, who operates 610 irrigated acres near Hereford, northern Texas.

When the Senate Agriculture Commission held hearings in Fort Worth, farmer Boston grabbed the headlines with a proposition:

If Secretary of Agriculture Ezra Taft Benson would come to Texas, take over the Boston place, run it under existing sliding scale price supports and show a profit, Boston would give his farm to Benson as a gift.

**A CHECKUP** by the Amarillo, Tex., Globe-News showed that Boston was no shiftless operator. He is recognized as the best farmer in his conservation district. Several years ago he won a prize for raising 70 bushels of wheat to the acre in an area where 10 bushels is the average.

**His gripe now is that under existing** supports on grain sorghums and a depressed hog market—on which two crops he has been specializing—he can't make money.

"I'm not denying that I made money on my place in years past," he says. "But I haven't made any this year."

The news traveled far and wide. Paul Horn, a Texas-born farmer who now operates a number of properties in the Moorehead, Minn., area—specilizing in vegetables—read about it. He immediately wrote to Boston, offering to substitute for Secretary Benson, taking over Jan. 1, 1957.

**"I WILL TAKE OVER** your farm for a period of four years," Horn offered. "If at the end of that time I cannot show a fair average return on the appraised investment, I will not only return the property in as good a condition as it was received, but I will also pay you a fair cash rental."

Horn attached only one string to his offer. He made it conditional on the present administration being continued in office after the 1956 elections. He said he wasn't interested if the federal government was going to dictate methods of farming and marketing.

"The disturbing thing about your statement is that it creates the impression that the farmers of this country are unable to make a living without financial help from the government," Horn wrote to Boston.

"The fact is that the vast majority of farmers in the United States are neither looking for handouts, nor do they expect the government to guarantee them a profit," he said.

**AN INQUIRY** direct to farmer Horn as to whether the Texan had replied to his offer brought back the reply:

"I have not heard from Mr. Boston to date, and until I do, I can pursue the matter no further."

From Farmer Boston the word is that: "I didn't make a wide open proposition for anyone who wanted to take me up on it . . .

"Nobody's called my bluff, because the only one who can call my bluff is Mr. Benson."

From Benson's office the word is that no communication has ever been received from Mr. Boston, and that the secretary had never even heard of the Texan's offer.

### South Overbids But Makes Coup

By OSWALD JACOBY
Written for NEA Service

Perhaps South's bidding can be criticized in today's hand, since a contract of three no-trump would have been very easy. As it happened, South was afraid that his singleton club would be a source of weakness at no-trump, not realizing that his partner's main strength was in clubs. Fortunately for him, South justified his bidding by very careful play of the cards.

West opened the deuce of spades, and South won in his hand with the king. He next laid down the ace of hearts, dropping the king from the West hand.

After some thought, South switched to diamonds, losing a finesse to East's king. East returned a spade to dummy's ace, whereupon declarer cashed two top clubs in order to discard the remaining spade from his own hand.

A low trump was now led from dummy, and East stepped up with the jack of hearts in order to lead a third spade. South couldn't afford to ruff in his own hand and use dummy's ten of hearts to force out the queen of trumps, for then East would lead a fourth spade to knock out declarer's last trump.

Declarer was therefore forced to ruff the third round of spades in the dummy, and now he could not lead a trump through East. For this reason South had to rely on a trump coup to avoid the loss of two more trump tricks.

The important thing was to ruff in the South hand in order to reduce the trumps to the same number held by East. Hence declarer led a low club from dummy and ruffed in his own hand.

Now South could get back to dummy with a diamond in order to lead a high club. At this stage East held two trumps and a spade, while South held two trumps and a diamond. If East ruffed low, South could overruff and lead his diamond to make sure of two tricks. If East discarded, South could discard a diamond and lead once more from the dummy to make sure of one more trick. Either way, South was sure to make his game contract.

Mount Hope, W. Va. (AP)—It was the night of the Mount Hope-Oak Hill football game when a man told police he saw someone take a spotlight from a car. The alert policemen apprehended the culprits soon afterward, and used the field's public address system to announce that the owner could claim his light. No one showed up, but the cops found the owner's identity when they went to their squad car after the game—their spotlight was missing.

*Ford Takes Big Plunge Today*

# New Stockholders May Bring About Changes

New York, Dec. 21 (AP)—The Ford family takes the plunge today. And when the nation's richest family-owned company becomes a publicly owned corporation there's bound to be some changes made.

The Ford family will keep control of management. But from next month on they'll have a flock of stockholders looking over their shoulders.

**THE PUBLIC,** too, will be privy from today on as to how much the Ford Motor Co. makes, how much it pays in taxes, and what it does with its profits—how much of the profits are paid as dividends and how much retained by management to run and expand the business.

Stockholders can be awfully fussy about slim dividends and fat retained earnings.

It was a quarrel over the policy of retaining profits for expansion that led to the Ford Motor Co.'s becoming a solely owned family proposition in the first place.

Henry I wanted to turn the mass of the young firm's earnings into growth. His partners wanted to divvy the profits up as dividends. Henry I settled the dispute by buying out the partners and making it a family deal.

**WHEN THE FORD** Foundation sells some 6,900,000 shares of Ford voting common stock around the middle of January, with the avowed aim of getting as wide ownership as possible, the Ford family will retain operating control. But it will have a vast throng of new and curious partners.

So the Fords will have to learn the lively art of conducting stockholders meetings. Up till now the Fords presumably could hold a stockholders meeting in one of their own parlors. Henceforth, they'll have to hire a big hall.

And the stockholders will get on their feet. Some will ask questions because they really want to know. Others, the professional stockholders, will ask questions because they want to be seen.

**AT FIRST** the influence of the public stockholders will be slight. But as time goes by they are expected to edge closer to actual as well as theoretical control, especially as the Ford Foundation (which now holds the great majority of Ford stock, in nonvoting shares) sells more of its holdings to the public on a voting basis.

But the motor company is looking for other effects now from the sale of stock. One is the belief that hundreds of thousands of shareholders all will become potential customers for the company's cars, trucks and tractors.

Another benefit—and one that also played a part in the setting up of the Ford Foundation—will be the avoiding of the inevitable loss of family ownership in the company through inheritance taxes.

At the time of the death of the first Henry Ford, and even earlier at the death of his son Edsel, the Foundation inherited large chunks of stock, tax free.

**WITH THE GREAT** mass of ownership in the company already in the hands of the tax-free Foundation, the Ford heirs were able to meet their inheritance taxes without having to sell their own stock.

If Henry Ford had retained all the stock himself, at his death the company might have had to be sold to meet the government's stiff inheritance tax.

The financial district expects that, little by little, over the years the control as well as the stock ownership will slip from the family's hands.

In that sense today's filing of financial statements with a federal agency—despite its more immediate effect of satisying public curiosity—marks the end of an epoch. It marks the last of the big company managements in which the public doesn't have a hand.

## Fluoridation Approved

Ottawa, Dec. 20 (AP)—A city council meeting last night approved fluoridation of the Canadian capital's water supply. Officials said necessary machinery could not be installed and the chemicals obtained before some time in 1957. The machinery installation was expected to cost approximately $22,000, with the annual outlay on fluorides running between $15,000 and $30,000. Fluoridation plans of various Canadian cities got a boost a week ago from the announcements that use of the process for 10 years in Brantford, Ont., and Newburgh, N. Y., had been accompanied by a marked decrease in tooth decay among school children.

## Says Pilot Erratic

Los Angeles, Dec. 20 (AP)—A flight instructor testified yesterday that wealthy playboy Joel Thorne was unqualified to be flying in weather existing the night of last October 8 when his plane crashed into an apartment killing him and eight others. The witness was Edward Perlis of Long Beach, Calif., who appeared at a Civil Aeronautics Board hearing called to determine cause of the tragedy. Perlis said he had check Thorne out in the plane when he bought it last June. He said the pilot was slipshod in his instrument check before takeoff, erratic in his control of flight, poor in his radio procedure and "timid" in his handling of the plane.

## Guests Will Be Delighted By Pickle Shrimp Rabbit

A NOTABLE New Year's Eve buffet is provided by an unusual item, Pickle Shrimp Rabbit. Serve toast squares for dunking.

By GAYNOR MADDOX
NEA Food and Markets Editor

For that New Year's gathering as 1956 comes in, try this dunking idea for pickle shrimp rabbit. Mrs. Walter Price, wife of a professor at the University of Kentucky, gave it to us. It's her favorite recipe for an informal New Year's Eve get-together.

**Pickle Shrimp Rabbit**
**(Makes 6 Servings)**

Two 10-ounce cans frozen cream of shrimp soup, ½ cup milk, 4 cups grated processed Swiss cheese (about 1 pound), 2/3 cup chopped sweet pickles, toast cubes.

Combine frozen soup and milk and cook over low heat, stirring occasionally, until soup is melted. Add cheese and pickles and cook, stirring constantly, until cheese is melted. To serve, garnish with sliced sweet pickles, if desired. Serve with toast cubes.

**Holiday Buffet Sandwiches**

One-quarter cup butter or margarine, ¼ cup all-purpose flour, ¼ teaspoon salt, ⅛ teaspoon pepper, 2 cups turkey or chicken stock, 2 egg yolks, slightly beaten; ½ cup chopped sweet mixed pickles, 2 tablespoons pickle liquid, ¼ cup light cream, 6 large slices turkey, 1 12-ounce package frozen broccoli, cooked according to package directions; 6 slices buttered toast, salt.

Melt butter or margarine; add ¼ teaspoon salt and pepper. Blend well. Gradually add stock and cook over low heat, stirring constantly, until thickened. Add a little sauce to egg yolks and blend; add to remaining sauce and cook over low heat 2 minutes, stirring constantly. Add pickles, pickle liquid and cream; mix well. Arrange turkey and broccoli on toast; sprinkle with salt. Serve with sauce.

**NEW YEAR'S EVE BUFFET:** Vegetable juice cocktail, with canapes, pickle shrimp rabbit with toast cubes, chef's salad, peach Melba, tiny cookies, coffee (tea or milk).

## Says U. S. Must Show Sentiment On Flood Control

Raleigh, N. C., Dec. 20 (AP)—The entire nation must develop sentiment for a federal disaster insurance program if congressional approval is to be obtained next year, Sen. Herbert H. Lehman (D.-N.Y.) said yesterday.

Lehman said that what he described as the failure of the Eisenhower administration to present disaster insurance recommendations "has already endangered the success of this legislation in the next session" of Congress.

**THE NEW YORK** senator spoke while presiding at a hearing for the Senate Banking and Currency Committee. The committee is studying suggestions for a federal insurance program to provide protection against flood, wave-wash and other natural disasters not ordinarily covered by private insurance companies.

Lehman heard from Gov. Luther Hodges, U. S. Sens. Sam J. Ervin and W. Kerr Scott, Insurance Commissioner Charles F. Gold, representatives of North and South Carolina beaches, and others.

All urged that disaster insurance be provided. Most said they preferred that private enterprise handle it but felt the federal government should step in if private industry cannot do it.

**Small Family Dish**

Two in the family? Cook a half package of frozen vegetables at a time. Or cook the whole package and use what is not eaten for a planned-over dish.

Lehman said that what he described as the failure of the Eisenhower administration to present disaster insurance recommendations "has already endangered the success of this legislation in the next session" of Congress.

**THE NEW YORK** senator spoke while presiding at a hearing for the Senate Banking and Currency Committee. The committee is studying suggestions for a federal insurance program to provide protection against flood, wave-wash and other natural disasters not ordinarily covered by private insurance companies.

Lehman heard from Gov. Luther Hodges, U. S. Sens. Sam J. Ervin and W. Kerr Scott, Insurance Commissioner Charles F. Gold, representatives of North and South Carolina beaches, and others.

All urged that disaster insurance be provided. Most said they preferred that private enterprise handle it but felt the federal government should step in if private industry cannot do it.

## Mercury Is . . .

a let-up tomorrow, but said cold weather would return for the Christmas weekend.

**THE LOWEST** official readings in the state were 30 below at Lowville and Boonville in the same general upper region which reported unofficial temperature ranging from 47 to 44 below. Watertown reported 29 below.

Mt. Washington, N. H., was reported the coldest New England spot with a temperature of 26 degrees below. More than 1,000 automobiles were reported stranded in western Massachusetts' Berkshire Mountain area by frozen engines or run-down batteries. Trains in the Northeast were delayed by frozen equipment and other weather trouble.

**THE BERKSHIRE** town of Cheshire suffered a power failure that halted oil burners while the temperature stood at an unofficial 30 below zero. Pittsfield, with an unofficial temperature of 17 below also suffered a power failure.

Syracuse reported 20 below, Albany –17, Glens Falls –18, Oneonta –24, Elmira –5, and Poughkeepsie –7.

**ONE DEATH** was attributed to the weather, Benjamin Stuhlmaker, 59, of Albany, collapsed and died at the wheel of his car yesterday while another car was pushing it.

The cold weather of last night and today in the Kingston area was far from any kind of a record. The record low temperature for Dec. 21 at the city engineer's office was 15 degrees below zero in 1942.

## Gardiner

Gardiner, Dec. 21—Reformed Church—There will be no Sunday School on Christmas morning. It will be combined with the Christmas Worship service in order that families may worship together.

The Sunday school will present its annual Christmas program at 7:30 p. m., Saturday. At 8 p. m., the annual Christmas Candlelight Service will be presented by the choir.

The church is attractively decorated with a large tree with blue lights, wreaths, greens and poinsettias.

The Youth Fellowship went caroling last Sunday evening.

A very pleasant day was spent by 40 members and friends of the Ladies' Aid Society at their Christmas party last Wednesday. The guest of honor was the Rev. Kenneth Cordes.

A chicken dinner was served at noon and after the singing of Christmas carols two short skits were given which afforded great merriment. Mrs. Myron Wells, Miss Edna Dugan, Mrs. William Bing, Mrs. Ivan Ostrander and Mrs. Raymond DuBois took part in the skits with Mrs. Frank Agor directing.

Mrs. Cordes read a Christmas story after which gifts were exchanged revealing the identity of secret pals for the past year. Names were drawn for the coming year. Generous thanks were extended Mr. Kaeline and Mrs. Frost for their hospitality in opening their house for the party and to the committee for the dinner.

The Forest Glen Home Demonstration Unit held its Christmas party at St. Charles parish house Friday evening. Twenty-one members were present. Mrs. David DuBois gave a demonstration on the making of Christmas decorations which were taken to the County Farm.

Delicious refreshments were served. Gifts were exchanged and a social time enjoyed. All wish to thank the people of St. Charles Church for the use of the parish house for the gathering.

Miss Vivian Schiro, a student at Albany State Teachers College, is spending the holidays with her parents, Mr. and Mrs. Anthony Schiro.

Mr. and Mrs. Lansing Hoffman of Poughkeepsie were Sunday guests of Mr. and Mrs. Roy Every.

Mrs. Frank Butters left Monday for Miami, Fla., where she will spend the winter with her son and daughter-in-law, Mr. and Mrs. Frank Butters.

Donald Jayne, a student at Miami University, Florida, was a guest of his grandparents, Mr. and Mrs. Lewis Jayne on Saturday afternoon. He is spending the holidays at his home in New Paltz.

William Linz, a student at Clarkson College, Potsdam, and Robert Linz, who attends RPI, Troy, are spending the holiday vacation with their parents, Mr. and Mrs. Ludwig Linz.

### Auto Pact Near

South Bend, Ind., Dec. 21 (AP)—Officials of the United Auto Workers and the Studebaker-Packard Corp. reached a tentative agreement early today on a new contract for the Studebaker plant here. No details were announced. A joint statement issued by the union and company management said it would take several days to draw up the actual contract and submit it to the union membership for ratification. The old contract expired Aug. 31. The latest extension expired Monday midnight but an indefinite extension was agreed upon to allow continued production of 1956 models by about 8,000 workers.

### Two Charge Trespassing

Jerusalem, Dec. 21 (AP)—Israel and Egypt each charged the other's aircraft today with trespassing. An Israeli military spokesman said two Egyptian jets flew over Israel's territory in the El Auja-Nizana area both today and yesterday. The planes did not attack. In Egyptian-held Gaza an Egyptian army spokesman charged three Israeli planes flew over the southern part of the Gaza strip yesterday. He said heavy antiaircraft fire drove them off.

### Merger Is Approved

New York, Dec. 21 (AP)—Stockholders of Alexander Smith Inc. today approved merger of their firm with Mohawk Carpet Mills Inc. to form the nation's largest rug manufacturer. The vote was 792,951 shares in favor to 62,077 shares against, this constituted 76.9 per cent of the outstanding shares, well above the 66 2/3 per cent, necessary for ratification. Stockholders of Mohawk were voting later today on the same proposition.

### More Bulbs Taken

Police were notified Tuesday night of two more thefts of light bulbs from outside Christmas decorations. A string of 15 bulbs was reported taken from a tree at 69 Van Buren street, and another with the same number of bulbs, from a tree outside of 28 Liberty street. Similar thefts were reported earlier in the week.

**THE FIRE** appeared to have started in the center of the house, apparently in the cellar near the heater. When discovered it had gained considerable headway and when the firemen arrived it was impossible to save the building. At the time it was 10 degrees below zero and the firemen experienced great difficulty in attempting to pump water from the creek.

There were several other buildings on the premises, including the farm house which was occupied by Mr. Close.

It was impossible to remove any of the contents of the house and everything was destroyed except the night clothing worn by the members of the family. They sought shelter in the farm house on the premises.

## Ulster Park

Ulster Park, Dec. 21—Regular services in the Reformed Church on Sunday at 9:45 a. m. with the pastor, the Rev. H. E. Christiana in charge.

The service in charge of the children of the Sunday school in the church last Sunday evening was well attended and an interesting program presented. Mrs. Richard Havlin was the guest soloist.

The congregational Christmas party was held in the Grange Hall on Monday evening. A planned cafeteria supper was served at 6 o'clock in charge of Mrs. Jason Sahler. Christmas movies were shown by the Rev. Mr. and Mrs. Christiana through the courtesy of the Rev. Herbert Killinder. The movies were followed by carol singing and an exchange of gifts.

A Christmas entertainment by the pupils of the local school will be presented Thursday afternoon in the schoolhouse.

Richard C. Gendreau, Jr., is spending his Christmas vacation at his home here.

Miss Jan Arff of Balston Spa, a student at Ithaca College, spent the weekend with the Gendreau family.

Mrs. Leslie Herring has had the basement of her home converted into an apartment.

## New Hurley

Robert Grant of Halden, N. J., was a visitor at the home of his parents Mr. and Mrs. William Grant on Thursday.

Mr. and Mrs. John Semple of Greenwich, Conn., were weekend guests at the home of Mr. and Mrs. Edward Powell.

Mr. and Mrs. Arnold Langwick of Poughkeepsie were visitors at the home of their sister and brother-in-law, Mr. and Mrs. Crosby J. Wilkin on Sunday.

Mrs. Roy Denniston and daughter Mrs. David Lent were recent guests at a tea at the home of Mr. and Mrs. Joseph E. Hasbrouck in Modena.

Mrs. Irving Barr of Middletown called at the home of her cousins Mr. and Mrs. Edward Powell Sunday afternoon.

Mr. and Mrs. Richard Streib of this place are having a new home erected on land which they purchased from Mrs. Edna DuBois some time ago. William DePew is doing the work.

### $50,000 School Fire

Rochester, N. Y., Dec. 21 (AP)—A stubborn, early morning blaze today caused more than $50,000 damage to the new 2½ million dollar Mcuxx Mcquaid Jesuit High School in suburban town of Brighton. The fire, discovered about 4:30 a. m., was battled in near-zero cold for more than two hours by firemen from Brighton and Rochester. Most seriously damaged by fire and smoke was the two-story east wing housing a combination cafeteria and auditorium, food storerooms, utility rooms, a gymnasium, offices and locker rooms.

### Power Output Climbs

New York, Dec. 21 (AP)—Electrical energy distributed in the United States last week climbed to a record high of 11,602,000,000 kilowatthours, Edison Electric Institute announced today. It was the third week in a row that a record was set. Last week's figure was 17.1 per cent above the 9,909,000,000 kilowatthours distributed a year ago. In the preceding week of this year, the figure was 11,426,000,000. Once again, all sections of the country participated in the increase.

The average person breathes 17 times a minute.

standing on Dec. 1, have been paid so far in 1955.

Of this amount, $1.31 a share was considered extra dividends.

**THE LISTING** of Ford's profits in the first nine months of 1955 as $5.85 a share was based on both classes of common stock. It took account of stock splits in connection with the public offering.

This is a 15-for-1 split for Class "A" stock and a 21-for-1 split of the "B" stock.

In 1946, the statement said, Ford had a loss of 15 cents a share, but turned into the black in 1947 with a profit of $1.19.

**PER SHARE** earnings in the first nine months of 1954 amounted to $3.70 compared with the $5.85 in the same period of this year. Earnings for other years, all calculated on the basis of the new stock split, included: 1954 (entire year) $4.31; 1953 $3.14; 1952 $2.21; 1951 $2.39; 1950 $4.93; 1949 $3.35 and 1948 $1.82.

After the stock sale, the Ford family will have total voting power of 40 per cent but will actually own only 12.1 per cent of the capital stock.

**THE PUBLICLY** sold shares will command one vote a share. The voting strength of the family-held shares will be raised arbitrarily so that the family wields a 40 per cent voting strength—sufficient, for all practical purposes, to control the management of the company.

The principal family stockholders were to be Henry Ford II, president of the corporation, who will have 6.7 per cent of the voting power, and Benson Ford, Josephine Ford Ford, daughter of the founder's son Edsel; Eleanor Clay Ford, widow of Edsel; and William Clay Ford, grandson of the founder.

**THE STATEMENT** also disclosed the income and stock holdings of major executives of the company. It revealed that board chairman Ernest B. Breech will have received direct remuneration of $321,000 this year, the same as that of Henry Ford II.

Other top salaries included Lewis D. Crusoe, executive vice president, $270,000; William T. Gossett, vice president and general counsel, $230,000; D. S. Harder, executive vice president for manufacturing, $270,000.

Other officials were all below $200,000 a year.

amendment of consent was included in the ordinance.

**THESE INCLUDE** acetylene gas manufacture on a commercial scale, ammonia, chlorine or bleaching plants, manufacture of coal tar products, powder, rubber, explosives, fireworks or matches, the manufacture or refining of asphalt, paints, operation of stock yards and many other types of industries.

The Steep rocks property involved is bounded on the north by the town of Ulster, on the east by the Hudson river, the south by the Terry brickyard and on the west by a line parallel to the river and 2,800 feet from it.

Alderman-elect Sass said in his letter that he had read in The Freeman of the special meeting and he hoped the council would consider means of enforcing the existing "smoke" ordinance.

**HE SAID** he had been told that such an ordinance existed, but added:

"However, you certainly would never believe this, if you were a resident of the sixth, seventh and eighth wards. For years soot has been drifting in our homes from the nearby industries. Numerous complaints have been made, but all to no avail."

Sass said he thought appointment of a commission of "qualified men" empowered to issue summons to violators would be the answer. He intended discussing this after taking office, he said, but felt he "could not wait," after reading of the meeting.

a let-up tomorrow, but said cold weather would return for the Christmas weekend.

**THE LOWEST** official readings in the state were 30 below at Lowville and Boonville in the same general upper region which reported unofficial temperature ranging from 47 to 44 below. Watertown reported 29 below.

Mt. Washington, N. H., was reported the coldest New England spot with a temperature of 26 degrees below. More than 1,000 automobiles were reported stranded in western Massachusetts' Berkshire Mountain area by frozen engines or run-down batteries. Trains in the Northeast were delayed by frozen equipment and other weather trouble.

**THE BERKSHIRE** town of Cheshire suffered a power failure that halted oil burners while the temperature stood at an unofficial 30 below zero, Pittsfield, with an unofficial temperature of 17 below also suffered a power failure.

Syracuse reported 20 below, Albany –17, Glens Falls –18, Oneonta –24, Elmira –5, and Poughkeepsie –7.

**ONE DEATH** was attributed to the weather, Benjamin Stuhlmaker, 59, of Albany, collapsed and died at the wheel of his car yesterday while another car was pushing it.

The cold weather of last night and today in the Kingston area was far from any kind of a record. The record low temperature for Dec. 21 at the city engineer's office was 15 degrees below zero in 1942.

# Gardiner

Gardiner, Dec. 21—Reformed Church—There will be no Sunday School on Christmas morning. It will be combined with the Christmas Worship service in order that families may worship together.

The Sunday school will present its annual Christmas program at 7:30 p. m., Saturday. At 8 p. m., the annual Christmas Candlelight Service will be presented by the choir.

The church is attractively decorated with a large tree with blue lights, wreaths, greens and poinsettias.

The Youth Fellowship went caroling last Sunday evening.

A very pleasant day was spent by 40 members and friends of the Ladies' Aid Society at their Christmas party last Wednesday. The guest of honor was the Rev. Kenneth Cordes.

A chicken dinner was served at noon and after the singing of Christmas carols two short skits were given which afforded great merriment. Mrs. Myron Wells, Miss Edna Dugan, Mrs. William Bing, Mrs. Ivan Ostrander and Mrs. Raymond DuBois took part in the skits with Mrs. Frank Agor directing.

Mrs. Cordes read a Christmas story after which gifts were exchanged revealing the identity of secret pals for the past year. Names were drawn for the coming year. Generous thanks were extended Mr. Kaeline and Mrs. Frost for their hospitality in opening their house for the party and to the committee for the dinner.

The Forest Glen Home Demonstration Unit held its Christmas party at St. Charles parish house Friday evening. Twenty-one members were present. Mrs. David DuBois gave a demonstration on the making of Christmas decorations which were taken to the County Farm.

Delicious refreshments were served. Gifts were exchanged and a social time enjoyed. All wish to thank the people of St. Charles Church for the use of the parish house for the gathering.

Miss Vivian Schiro, a student at Albany State Teachers College, is spending the holidays with her parents, Mr. and Mrs. Anthony Schiro.

Mr. and Mrs. Lansing Hoffman of Poughkeepsie were Sunday guests of Mr. and Mrs. Roy Every.

Mrs. Frank Butters left Monday for Miami, Fla., where she will spend the winter with her son and daughter-in-law, Mr. and Mrs. Frank Butters.

Donald Jayne, a student at Miami University, Florida, was a guest of his grandparents, Mr. and Mrs. Lewis Jayne on Saturday afternoon. He is spending the holidays at his home in New Paltz.

William Linz, a student at Clarkson College, Potsdam, and Robert Linz, who attends RPI, Troy, are spending the holiday vacation with their parents, Mr. and Mrs. Ludwig Linz.

## Auto Pact Near

South Bend, Ind., Dec. 21 (AP)—Officials of the United Auto Workers and the Studebaker-Packard Corp. reached a tentative agreement early today on a new contract for the Studebaker plant here. No details were announced. A joint statement issued by the union and company management said it would take several days to draw up the actual contract and submit it to the union membership for ratification. The old contract expired Aug. 31. The latest extension expired Monday midnight but an indefinite extension was agreed upon to allow continued production of 1956 models by about 8,000 workers.

## Two Charge Trespassing

Jerusalem, Dec. 21 (AP)—Israel and Egypt each charged the other's aircraft today with trespassing. An Israeli military spokesman said two Egyptian jets flew over Israel's territory in the El Auja-Nizana area both today and yesterday. The planes did not attack. In Egyptian-held Gaza an Egyptian army spokesman charged three Israeli planes flew over the southern part of the Gaza strip yesterday. He said heavy antiaircraft fire drove them off.

## Merger Is Approved

New York, Dec. 21 (AP)—Stockholders of Alexander Smith Inc. today approved merger of their firm with Mohawk Carpet Mills Inc. to form the nation's largest rug manufacturer. The vote was 792,951 shares in favor to 62,077 shares against, this constituted 76.9 per cent of the outstanding shares, well above the 66 2/3 per cent, necessary for ratification. Stockholders of Mohawk were voting later today on the same proposition.

## More Bulbs Taken

Police were notified Tuesday night of two more thefts of light bulbs from outside Christmas decorations. A string of 15 bulbs was reported taken from a tree at 69 Van Buren street, and another with the same number of bulbs, from a tree outside of 28 Liberty street. Similar thefts were reported earlier in the week.

Ulster Park, Dec. 21—Regular services in the Reformed Church on Sunday at 9:45 a. m. with the pastor, the Rev. H. E. Christiana in charge.

The service in charge of the children of the Sunday school in the church last Sunday evening was well attended and an interesting program presented. Mrs. Richard Havlin was the guest soloist.

The congregational Christmas party was held in the Grange Hall on Monday evening. A planned cafeteria supper was served at 6 o'clock in charge of Mrs. Jason Sahler. Christmas movies were shown by the Rev. Mr. and Mrs. Christiana through the courtesy of the Rev. Herbert Killinder. The movies were followed by carol singing and an exchange of gifts.

A Christmas entertainment by the pupils of the local school will be presented Thursday afternoon in the schoolhouse.

Richard C. Gendreau, Jr., is spending his Christmas vacation at his home here.

Miss Jan Arff of Balston Spa, a student at Ithaca College, spent the weekend with the Gendreau family.

Mrs. Leslie Herring has had the basement of her home converted into an apartment.

# New Hurley

Robert Grant of Halden, N. J., was a visitor at the home of his parents Mr. and Mrs. William Grant on Thursday.

Mr. and Mrs. John Semple of Greenwich, Conn., were weekend guests at the home of Mr. and Mrs. Edward Powell.

Mr. and Mrs. Arnold Langwick of Poughkeepsie were visitors at the home of their sister and brother-in-law, Mr. and Mrs. Crosby J. Wilkin on Sunday.

Mrs. Roy Denniston and daughter Mrs. David Lent were recent guests at a tea at the home of Mr. and Mrs. Joseph E. Hasbrouck in Modena.

Mrs. Irving Barr of Middletown called at the home of her cousins Mr. and Mrs. Edward Powell Sunday afternoon.

Mr. and Mrs. Richard Streib of this place are having a new home erected on land which they purchased from Mrs. Edna DuBois some time ago. William DePew is doing the work.

## $50,000 School Fire

Rochester, N. Y., Dec. 21 (AP)—A stubborn, early morning blaze today caused more than $50,000 damage to the new 2½ million dollar Mcuxx Mcquaid Jesuit High School in suburban town of Brighton. The fire, discovered about 4:30 a. m., was battled in near-zero cold for more than two hours by firemen from Brighton and Rochester. Most seriously damaged by fire and smoke was the two-story east wing housing a combination cafeteria and auditorium, food storerooms, utility rooms, a gymnasium, offices and locker rooms.

## Power Output Climbs

New York, Dec. 21 (AP)—Electrical energy distributed in the United States last week climbed to a record high of 11,602,000,000 kilowatthours, Edison Electric Institute announced today. It was the third week in a row that a record was set. Last week's figure was 17.1 per cent above the 9,909,000,000 kilowatthours distributed a year ago. In the preceding week of this year, the figure was 11,426,000,000. Once again, all sections of the country participated in the increase.

The average person breathes 17 times a minute.

standing on Dec. 1, have been paid so far in 1955.

Of this amount, $1.31 a share was considered extra dividends.

**THE LISTING** of Ford's profits in the first nine months of 1955 as $5.85 a share was based on both classes of common stock. It took account of stock splits in connection with the public offering.

This is a 15-for-1 split for Class "A" stock and a 21-for-1 split of the "B" stock.

In 1946, the statement said, Ford had a loss of 15 cents a share, but turned into the black in 1947 with a profit of $1.19.

**PER SHARE** earnings in the first nine months of 1954 amounted to $3.70 compared with the $5.85 in the same period of this year. Earnings for other years, all calculated on the basis of the new stock split, included: 1954 (entire year) $4.31; 1953 $3.14; 1952 $2.21; 1951 $2.39; 1950 $4.93; 1949 $3.35 and 1948 $1.82.

After the stock sale, the Ford family will have total voting power of 40 per cent but will actually own only 12.1 per cent of the capital stock.

**THE PUBLICLY** sold shares will command one vote a share. The voting strength of the family-held shares will be raised arbitrarily so that the family wields a 40 per cent voting strength—sufficient, for all practical purposes, to control the management of the company.

The principal family stockholders were to be Henry Ford II, president of the corporation, who will have 6.7 per cent of the voting power, and Benson Ford, Josephine Ford Ford, daughter of the founder's son Edsel; Eleanor Clay Ford, widow of Edsel; and William Clay Ford, grandson of the founder.

**THE STATEMENT** also disclosed the income and stock holdings of major executives of the company. It revealed that board chairman Ernest B. Breech will have received direct remuneration of $321,000 this year, the same as that of Henry Ford II.

Other top salaries included Lewis D. Crusoe, executive vice president, $270,000; William T. Gossett, vice president and general counsel, $230,000; D. S. Harder, executive vice president for manufacturing, $270,000.

Other officials were all below $200,000 a year.

# Way for New

amendment of consent was included in the ordinance.

**THESE INCLUDE** acetylene gas manufacture on a commercial scale, ammonia, chlorine or bleaching plants, manufacture of coal tar products, powder, rubber, explosives, fireworks or matches, the manufacture or refining of asphalt, paints, operation of stock yards and many other types of industries.

The Steep rocks property involved is bounded on the north by the town of Ulster, on the east by the Hudson river, the south by the Terry brickyard and on the west by a line parallel to the river and 2,800 feet from it.

Alderman-elect Sass said in his letter that he had read in The Freeman of the special meeting and he hoped the council would consider means of enforcing the existing "smoke" ordinance.

**HE SAID** he had been told that such an ordinance existed, but added:

"However, you certainly would never believe this, if you were a resident of the sixth, seventh and eighth wards. For years soot has been drifting in our homes from the nearby industries. Numerous complaints have been made, but all to no avail."

Sass said he thought appointment of a commission of "qualified men" empowered to issue summons to violators would be the answer. He intended discussing this after taking office, he said, but felt he "could not wait," after reading of the meeting.

## Candlelight Service Set for West Camp

Saugerties, Dec. 21—The traditional candlelight Christmas eve service of St. Paul's Evangelical Lutheran Church of West Camp will be held Saturday beginning at 11 p. m.

The well-known Christmas refrains will be offered and a special presentation by the choir and soloists will be arranged by Mrs. Roy J. Potts, organist and Mrs. Herman K. Knaust, choir director.

The Christmas Eve meditation will be offered by the Rev. Alvin F. Messersmith, pastor. The usual Communion service will not be held at this time.

On Sunday, Christmas Day, the regular worship service will be held at 11 a. m. The Sunday school will not be in session this Sunday but will join in the regular worship services of the church.

## Glasco Parish Collects Clothing for Needy

Saugerties, Dec. 21 — According to an announcement by the Rev. Archibald Damm, pastor of St. Joseph's Parish in Glasco, the parish has collected 16 cartons of clothing weighing 543 pounds for distribution by the National Catholic Welfare Council.

In addition to the clothing the announcement said that money was donated for the purchase of food and medicines. This project for the needy of the world is undertaken at this time of the year in all Catholic parishes in the United States.

The sorting committee of St. Joseph's parish includes Mrs. Catherine Messinger, chairman; Mrs. Theresa Mayone, Mrs. Agnes Buonviso, and Mrs. Judith Cacchillo. The packing committee are Fred Serravallo, chairman; Arthur Ferraro, Raymond Fondino and Salvatore Ferraro.

Father Damm announced that Christmas Masses will be celebrated midnight, 8 and 10 a. m. with high Masses at midnight and 10 a. m. All children are to attend the 8 a. m. Mass.

The Immaculate Conception and Vocation Tridium on December 5, 6 and 7 was preached by the Rev. Theodore Lussier of the Assumptionist Fathers of Barclay Heights.

## Additional Yule Party Doners Announced

Saugerties, Dec. 21—Additional contributors to the Christmas Kiddie Party and Parade fund have been announced by Mrs. Marzell Roming, chairman of the annual affair sponsored by the Saugerties Area Chamber of Commerce.

To clear a misunderstanding in regard to the two funds used for promoting the Christmas celebration and lighting in Saugerties Mrs. Roming said that only merchants in the main business section of the village where Christmas lighting is evident were asked to donate to the Christmas lighting fund. This fund is nearly adequate to cover expenses. At the last meeting of the Chamber of Commerce the group voted that all monies in excess of expenses for the Christmas lighting would be added to the costs of the new home-owned Christmas lighting project.

However, the fund covering the costs of the parade and the kiddie party for the children of the township and village has not reached expectations and additional contributions are needed to meet the expenses of the party that feted nearly 700 community children at the Municipal auditorium on December 9.

The committee in charge had anticipated that all other merchants, professional men and area industries would help in this project by contributing towards the fund for the kiddie party and parade.

Those who have not already contributed, the committee has asked the donations be sent to the Chamber of Commerce and checks should be made out to Christmas Fund.

## Mrs. Herman Knaust Heads Church Group

Saugerties, Dec. 21 — Mrs. Herman Knaust of Stroomzeit, Saugerties, was elected president of the Missionary Society of St. Paul's Evangelical Lutheran Church of West Camp at the regular meeting held Tuesday at the West Camp parsonage.

Others designated include Mrs. Roy J. Potts, vice president; Mrs. Charles J. Graf, secretary; Mrs. Harry L. Coon, treasurer, and Mrs. John J. Prendergast, thank-offering secretary.

The program of the meeting included a Christmas portrayal in costume.

The next meeting will be held Tuesday, Jan. 3, at the home of Mrs. Henry Knaust at West Camp. Mrs. Knaust will serve as leader of the topic.

## West Camp Church Group Elects Officers

Saugerties, Dec. 21—Mrs. Millie Overbaugh of Cementon was elected president of the Woman's Auxiliary (Cementon) of St. Paul's Evangelical Lutheran Church of West Camp at the special meeting and Christmas party held Wednesday at the West Camp Parish hall.

Others elected were Mrs. John J. Prendergast, vice president; Mrs. Roy J. Potts, treasurer, and Mrs. Jennie Musier, secretary.

The program of the meeting which followed the serving of a turkey supper was presented by Mrs. Herman Knaust who offered a reading of "Legend of Christmas." A film strip entitled "Shepherd's Gift" was shown.

## Investors Get

Co. has many of the ingredients of a fairy tale. It starts with a $28,000 fund raised by a dozen persons in 1903. Included in this was a $100 investment by Rosetta V. Couzens, sister of the late U. S. Senator James Couzens which later netted her $355,000.

**IT IS SAID** she required considerable persuasion from her brother to risk half her savings in the venture. Couzens himself sold his holdings in 1919 for something in excess of 29 million dollars. His initial investment was $1,000 in cash and a note for $1,500 to cover purchase of 25 shares. The other shareholders got about 50 million for their holdings.

Teh company paid a $10,000 dividend in its first year; in 1908 it declared six dividends of $100,000 each and an additional stock payment of $1,900,000. Twelve dividends were declared in 1909, totaling $1,800,000.

**FROM THEN** on the story is one of continuing huge dividends—10 million in one year; 12 million in another and so on. The golden flood continued to roll in. Then Ford proposed to turn profits back into the business for expansion. Some stockholders dissented. Two of them, the late John F. and Horace E. Dodge, went to court and forced a partial distribution.

Ford retaliated by threatening to withdraw from the company and start a new one if the minority stockholders refused to sell out to him. In 1919 the company became a family-owned affair, Ford and his son, Edsel, taking over the minority holdings.

**THE COMPANY'S** net income that year was $69,924,410.52, according to figures in the Ford archives. It had grown steadily from an indicated $100,000 in the first six months of the company's existence.

Archive figures disclose that during the 1903-1919 era the Ford Company earnings totaled approximately 300 million dollars.

Because the elder Ford tried unsuccessfully to borrow 75 million in Wall Street immediately following World War 1, 1919 and 1920 have been sometimes called the years when Ford "nearly went broke." However, besides the nearly 70 million net profit in 1919 the company showed earnings of approximately 53½ million in 1920.

**OTHER PARTS** of the Ford story include the lone and successful fight the elder Ford made against the Selden patent suit; his $5-a-day minimum wage in 1914 at a time when skilled labor got about $2.50; his introduction of the five-day week in 1926; increase in the minimum daily wage to $7 in 1932 in an announced effort to "break the depression," and how Ford put production of huge bomber planes on a mass basis (one each working hour) during World War 2.

In his Selden patent suit victory in 1911 Ford upset the claim of an upstate New York lawyer that he held exclusive patent rights to the production of a car powered with an internal combustion engine.

**FROM 1919 THROUGH** most of 1945 the company not only was family-owned; it was dominated by the elder Ford. When he resigned as president Ford was 82. It was said his resignation was forced by members of his family who threatened to sell their stock if he insisted upon retaining his one-man rule.

Ford wanted no partners outside his family. He resigned. His grandson, Henry Ford II, was named president. The elder Ford died in April, 1947.

Meanwhile the younger Ford had started his vast reorganization program. Indications of its success were shown in the recent announcement that by the end of 1957 the company will have spent or committed more than a 3¾ billion dollars since 1946 on new tools, expanded and modernized manufacturing facilities—"all coming from earnings, depreciation accruals and more efficient turnover of working capital."

## Briefly Told

**OGDENSBURG,** Dec. 21 (AP)—A judge has set aside an indictment charging former city treasurer Merritt M. Morse with second-degree grand larceny in connection with an alleged $300 shortage in parking meter collection accounts.

Justice Andrew W. Ryan of State Supreme Court held yesterday that the evidence presented to a St. Lawrence county grand jury as "insufficient as a matter of law to sustain the indictment.

Morse recently resigned the post. He appeared voluntarily before the grand jury.

**LAKE PLACID,** Dec. 21 (AP)—Postal employes are planning a Christmas gift for Tippy, a dog who has walked more than 10,000 miles with postman Brant Reed in the last four year.

Tippy, a female of undetermined ancestry, has been punctual in meeting Reed every day and staying with him until the delivery was finished. No one seems to know why.

The gift: A dog license.

**AU SABLE FORKS,** Dec. 21 (AP)—A family of twelve was safe at the home of relatives yesterday when a fire destroyed its home at nearby Willsboro.

Mr. and Mrs. Walter La Bombard and their 10 children originally had been reported missing. State police said the family apparently had left the house befor the fire.

Willsboro is located near the Vermont line, about 20 miles south of Plattsburgh.

**FULTON,** Dec. 21 (AP)—Forty junior and senior high pupils escaped harm yesterday when their school bus caught fire about four miles south of this city.

The fire was attributed to an overheated engine. It spread to one of the rear seats before being extinguished by the Cody Volunteer Fire Department.

The children were taken home by parents and firemen.

**GLENS FALLS,** Dec. 21 (AP)—Fire last night destroyed a millwork and building-material plant just north of the city limit in the town of Queensbury. Firemen estimated the damage at more than $100,000.

No injuries were reported.

The cause of the fire in the rambling, one-story frame building of the A. C. Warner Co. was not determined.

### Outbreaks Cause 25 Deaths in Algeria

Algiers, Algeria, Dec. 21 (AP)—Rebel ambushes, assassinations, terrorist bombings and guerrilla fights left 25 known dead in Algeria yesterday.

French authorities announced that an intensive cleanup operation was launched in the Constantine-Philippeville area, a rebel stronghold, and was still under way today. No immediate figures on casualties or arrests were disclosed.

The rising death total was accompanied by reports that Moslem terrorists were spreading the word to increase outbreaks during the Christmas season.

French troops throughout Algeria were placed on a permanent alert.

## Investors Get

Co. has many of the ingredients of a fairy tale. It starts with a $28,000 fund raised by a dozen persons in 1903. Included in this was a $100 investment by Rosetta V. Couzens, sister of the late U. S. Senator James Couzens which later netted her $355,000.

**IT IS SAID** she required considerable persuasion from her brother to risk half her savings in the venture. Couzens himself sold his holdings in 1919 for something in excess of 29 million dollars. His initial investment was $1,000 in cash and a note for $1,500 to cover purchase of 25 shares. The other shareholders got about 50 million for their holdings.

Teh company paid a $10,000 dividend in its first year; in 1908 it declared six dividends of $100,000 each and an additional stock payment of $1,900,000. Twelve dividends were declared in 1909, totaling $1,800,000.

**FROM THEN** on the story is one of continuing huge dividends—10 million in one year; 12 million in another and so on. The golden flood continued to roll in. Then Ford proposed to turn profits back into the business for expansion. Some stockholders dissented. Two of them, the late John F. and Horace E. Dodge, went to court and forced a partial distribution.

Ford retaliated by threatening to withdraw from the company and start a new one if the minority stockholders refused to sell out to him. In 1919 the company became a family-owned affair, Ford and his son, Edsel, taking over the minority holdings.

**THE COMPANY'S** net income that year was $69,924,410.52, according to figures in the Ford archives. It had grown steadily from an indicated $100,000 in the first six months of the company's existence.

Archive figures disclose that during the 1903-1919 era the Ford Company earnings totaled approximately 300 million dollars.

Because the elder Ford tried unsuccessfully to borrow 75 million in Wall Street immediately following World War 1, 1919 and 1920 have been sometimes called the years when Ford "nearly went broke." However, besides the nearly 70 million net profit in 1919 the company showed earnings of approximately 53½ million in 1920.

**OTHER PARTS** of the Ford story include the lone and successful fight the elder Ford made against the Selden patent suit; his $5-a-day minimum wage in 1914 at a time when skilled labor got about $2.50; his introduction of the five-day week in 1926; increase in the minimum daily wage to $7 in 1932 in an announced effort to "break the depression," and how Ford put production of huge bomber planes on a mass basis (one each working hour) during World War 2.

In his Selden patent suit victory in 1911 Ford upset the claim of an upstate New York lawyer that he held exclusive patent rights to the production of a car powered with an internal combustion engine.

**FROM 1919 THROUGH** most of 1945 the company not only was family-owned; it was dominated by the elder Ford. When he resigned as president Ford was 82. It was said his resignation was forced by members of his family who threatened to sell their stock if he insisted upon retaining his one-man rule.

Ford wanted no partners outside his family. He resigned. His grandson, Henry Ford II, was named president. The elder Ford died in April, 1947.

Meanwhile the younger Ford had started his vast reorganization program. Indications of its success were shown in the recent announcement that by the end of 1957 the company will have spent or committed more than a 3¾ billion dollars since 1946 on new tools, expanded and modernized manufacturing facilities—"all coming from earnings, depreciation accruals and more efficient turnover of working capital."

## Water Gives Out, Home Total Loss

Moreland, N. Y., Dec. 21 (AP)—Firemen stood by helplessly yesterday and watched a farm home go up in flames in this community near Watkins Glen.

The flames were almost under control, the firemen said, when the water in their trucks gave out, and they were unable to use the frozen wells and streams at four below zero.

The two-story fram house was occupied by Laverne Crout and his wife and baby daughter. The loss was estimated at $15,000.

## Search Expanded For Missing Fliers

Port St. Joe, Fla., Dec. 21 (AP)—The military expanded its search to the Gulf of Mexico today for the bodies of three fliers missing since two air force planes collided and exploded Monday night.

Navy divers hunted for the bodies and wreckage, particularly the cockpit section of the F86D Sabre jet. Most of the wreckage of the B29 four-engined bomber and the bodies of three of its crewmen have been found.

The hunt has been pressed in wooded, swampy area for the other two bomber crewmen and the fighter pilot.

It is improbable that anyone survived the impact of the collision. The accident occurred while the fighter was acting as an interceptor for the bomber on a simulated bombing run about five miles west of this resort town.

## Woman Found Guilty In Tax Dodge Case

New York, Dec. 21 (AP)—The woman who controls 10 Spanish-language movie theatres in the city has been found guilty of dodging $372,000 in federal admission taxes.

Convicted yesterday with Jeanne Ansell, 35, was her accountant, Irving A. Rosenblum, 54. Authorities said they covered up the deficiencies with false tax returns between 1946 and 1949.

The maximum sentence is five years and a $10,000 fine on each of the 210 counts in the indictment. Sentencing was set for Jan. 10.

## UE Is Dominated By Reds, Justice Department Says

Washington, Dec. 21 (AP)—The Justice Department says the United Electrical, Radio and Machine Workers of America (UE) is "under the domination and control of members of Communist organizations."

The department levelled this charge yesterday in asking the Subversive Activities Control Board (SACB) to label the UE as a Communist infiltrated labor union. The UE was ousted from the CIO six years ago on similar grounds. Many of UE's 100,000 members have been working on defense orders.

**IF THE SACB** should agree to brand the UE as Red-infiltrated, the independent union would lose all standing and rights before the National Labor Relations Board (NLRB).

Lashing back, Albert J. Fitzgerald, president of the UE, said in New York that Atty. Gen. Brownell's "accusations against us are lies."

Fitzgerald called Brownell a "strikebreaker" because he said the action against UE came "at the very time our union is engaged in a bitter strike against the attempt of the Westinghouse Electric Corp. to slash wages and undermine union conditions of all its employes."

**UE AND THE** AFL-CIO International Union of Electrical Workers (IUE) have been on strike against Westinghouse since October in a wage dispute.

Brownell coupled his SACB move with a direct appeal to the union's rank and file to "clean their organization of Communist dictators."

The 1954 Communist Control Act, which provides the machinery for tagging unions as Communist infiltrated, also offers a means for members of such unions to oust their current officers. The law says that as few as 20 per cent of the members of a Red-labeled union may ask the NLRB for an order directing a new election of officers. A Union can regain its legal standing by showing it has purged itself of all Red influences.

Brownell noted in his SACB petition there have been reports that some UE locals have merged with the IUE recently. He spoke, too, of a movement to bring about combination of the UE and the IUE, which was set up after the UE was booted out of the CIO. The Justice Department petition said efforts toward this end "on the part of UE are being guided and directed . . . by the Communist party itself."

## Asks More Time

New York, Dec. 21 (AP)—A 54-year-old letter carrier has asked for another week to make "the biggest decision" of his life—whether to try for $32,000 on the $64,000 radio-television giveaway program. Roscoe C. Wright, of Queens, N. Y., may either settle for the $16,0000 he has already won or try for the next step—$32,000. Should he answer the question correctly, he would then have the opportunity to try for the CBS show's jackpot $64,000. Should he fail, he would get an expensive convertible as a consolation. Wright, a Negro, said on the show last night he hopes to use his winnings to send his 13-year-old son and his 10-year-old daughter to college. He has been answering questions on poetry.

## Sturges Is Manager Of Firm's Research

Niagara Falls, N. Y., Dec. 21 (AP)—Donald G. Sturges, former operations director of the Atomic Energy Commission's plutonium plant at Hanford, Wash., has been appointed manager of the new products branch of the research and development divisions of the Carborundum Co., it was announced today.

A native of Albany, N. Y., Sturges graduated from Rensselaer Polytechnic Institute with a degree in chemical engineering in 1933. He was a major during the war, serving as chief of production and later operations officer of the Madison Square area of the Manhattan project, the agency responsible for development of the atomic bomb.

## Expects Congress Approval of Soil Bank Farm Plan

Washington, Dec. 21 (AP)—Rep. Hope (R.-Kan.) predicted today Congress will approve a farm program containing the administration's "soil bank" plan for taking surplus cropland out of production.

"There will be a farm bill at the coming session, and the soil bank will be an essential part of it," he said in an interview. Hope is the senior Republican on the House Agriculture Committee.

Secretary of Agriculture Benson has proposed a "soil bank" plan under which payments—totaling about 400 million dollars a year—would be made to farmers to take some of their land out of production and put it to grass and trees. The idea is to curb output of commodities now in surplus and to promote soil fertility.

**BENSON'S PLANS** for improving farm conditions also call for measures to dispose of more surplus foods abroad and at home, and to better the lot of small farmers.

President Eisenhower is expected to submit his administration's farm proposals to Congress in a special message next month.

The farm issue looms as an important one in the election year ahead. Farm income has been slipping steadily and the administration's flexible price support system has been under steady fire from many Democrats and some Republicans, as well.

## Will Issue Cards

Wampsville, N. Y., Dec. 21 (AP)—The Madison County Sheriff's Department, at the request of an organization of tavern keepers, will issue identification cards to persons between 18 and 21 years of age. The Madison County Restaurant and Liquor Assn. agreed yesterday that members would not serve alcoholic beverages to young people of questionable age unless they could produce a card. The cards, made of plastic to prevent falsification or damage, will carry the holder's photograph and fingerprints. A fee of $1 will be charged. Under state law, alcoholic beverages may not be sold to persons under 18 years of age.

## May Bring Stiffer Rules

Los Angeles, Dec. 21 (AP)—Tougher rules governing flying may result from the Civil Aeronautics Board investigation into the crash of playboy Joel Thorne's light plane into an apartment house. Thorne and eight persons in the apartment, including a newly christened baby, were killed in the tragedy last Oct. 17. The CAB completed its hearing here yesterday and Chairman Ross Rizley urged a "good look" at existing flight regulations. His recommendation came after a series of witnesses testified Thorne was not qualified to be flying that overcast night.

## Wrong Number

Douglas, Ariz. (AP)—Mrs. Doris Sturgis is still puzzling over a telephone call she received one night. As soon as Mrs. Sturgis picked up the phone the caller asked, "Who is this?" Mrs. Sturgis gave her name. "Oh, you've got the wrong number," the voice at the other end said, and its owner hung up.

## 400-Pound Yule Cake On Way to President

Niagara Falls, N. Y., Dec. 21 (AP)—A 400-pound cake, guaranteed to satisfy a presidential sweet tooth and add joy to the yule season, was on its way to the White House today.

The cake, a 6-foot-tall replica of Santa Claus, was baked at the Niabara Falls Air Force Base and sent to President Eisenhower by the Niagara Falls Young Men's Republican Club.

Sgt. James C. Tuten engineered the project, aided by Mrs. Alberta Dust, a caterer at the base officers club. She said it took 19 hours to bake and cost $153 in material.

## Water Gives Out, Home Total Loss

Moreland, N. Y., Dec. 21 (AP)—Firemen stood by helplessly yesterday and watched a farm home go up in flames in this community near Watkins Glen.

The flames were almost under control, the firemen said, when the water in their trucks gave out, and they were unable to use the frozen wells and streams at four below zero.

The two-story fram house was occupied by Laverne Crout and his wife and baby daughter. The loss was estimated at $15,000.

## Search Expanded For Missing Fliers

Port St. Joe, Fla., Dec. 21 (AP)—The military expanded its search to the Gulf of Mexico today for the bodies of three fliers missing since two air force planes collided and exploded Monday night.

Navy divers hunted for the bodies and wreckage, particularly the cockpit section of the F86D Sabre jet. Most of the wreckage of the B29 four-engined bomber and the bodies of three of its crewmen have been found.

The hunt has been pressed in wooded, swampy area for the other two bomber crewmen and the fighter pilot.

It is improbable that anyone survived the impact of the collision. The accident occurred while the fighter was acting as an interceptor for the bomber on a simulated bombing run about five miles west of this resort town.

## Woman Found Guilty In Tax Dodge Case

New York, Dec. 21 (AP)—The woman who controls 10 Spanish-language movie theatres in the city has been found guilty of dodging $372,000 in federal admission taxes.

Convicted yesterday with Jeanne Ansell, 35, was her accountant, Irving A. Rosenblum, 54. Authorities said they covered up the deficiencies with false tax returns between 1946 and 1949.

The maximum sentence is five years and a $10,000 fine on each of the 210 counts in the indictment. Sentencing was set for Jan. 10.

## UE Is Dominated By Reds, Justice Department Says

Washington, Dec. 21 (AP)—The Justice Department says the United Electrical, Radio and Machine Workers of America (UE) is "under the domination and control of members of Communist organizations."

The department levelled this charge yesterday in asking the Subversive Activities Control Board (SACB) to label the UE as a Communist infiltrated labor union. The UE was ousted from the CIO six years ago on similar grounds. Many of UE's 100,000 members have been working on defense orders.

**IF THE SACB** should agree to brand the UE as Red-infiltrated, the independent union would lose all standing and rights before the National Labor Relations Board (NLRB).

Lashing back, Albert J. Fitzgerald, president of the UE, said in New York that Atty. Gen. Brownell's "accusations against us are lies."

Fitzgerald called Brownell a "strikebreaker" because he said the action against UE came "at the very time our union is engaged in a bitter strike against the attempt of the Westinghouse Electric Corp. to slash wages and undermine union conditions of all its employes."

**UE AND THE** AFL-CIO International Union of Electrical Workers (IUE) have been on strike against Westinghouse since October in a wage dispute.

Brownell coupled his SACB move with a direct appeal to the union's rank and file to "clean their organization of Communist dictators."

The 1954 Communist Control Act, which provides the machinery for tagging unions as Communist infiltrated, also offers a means for members of such unions to oust their current officers. The law says that as few as 20 per cent of the members of a Red-labeled union may ask the NLRB for an order directing a new election of officers. A Union can regain its legal standing by showing it has purged itself of all Red influences.

Brownell noted in his SACB petition there have been reports that some UE locals have merged with the IUE recently. He spoke, too, of a movement to bring about combination of the UE and the IUE, which was set up after the UE was booted out of the CIO. The Justice Department petition said efforts toward this end "on the part of UE are being guided and directed . . . by the Communist party itself."

## Asks More Time

New York, Dec. 21 (AP)—A 54-year-old letter carrier has asked for another week to make "the biggest decision" of his life—whether to try for $32,000 on the $64,000 radio-television giveaway program. Roscoe C. Wright, of Queens, N. Y., may either settle for the $16,0000 he has already won or try for the next step—$32,000. Should he answer the question correctly, he would then have the opportunity to try for the CBS show's jackpot $64,000. Should he fail, he would get an expensive convertible as a consolation. Wright, a Negro, said on the show last night he hopes to use his winnings to send his 13-year-old son and his 10-year-old daughter to college. He has been answering questions on poetry.

## Sturges Is Manager Of Firm's Research

Niagara Falls, N. Y., Dec. 21 (AP)—Donald G. Sturges, former operations director of the Atomic Energy Commission's plutonium plant at Hanford, Wash., has been appointed manager of the new products branch of the research and development divisions of the Carborundum Co., it was announced today.

A native of Albany, N. Y., Sturges graduated from Rensselaer Polytechnic Institute with a degree in chemical engineering in 1933. He was a major during the war, serving as chief of production and later operations officer of the Madison Square area of the Manhattan project, the agency responsible for development of the atomic bomb.

## Expects Congress Approval of Soil Bank Farm Plan

Washington, Dec. 21 (AP)—Rep. Hope (R.-Kan.) predicted today Congress will approve a farm program containing the administration's "soil bank" plan for taking surplus cropland out of production.

"There will be a farm bill at the coming session, and the soil bank will be an essential part of it," he said in an interview. Hope is the senior Republican on the House Agriculture Committee.

Secretary of Agriculture Benson has proposed a "soil bank" plan under which payments—totaling about 400 million dollars a year—would be made to farmers to take some of their land out of production and put it to grass and trees. The idea is to curb output of commodities now in surplus and to promote soil fertility.

**BENSON'S PLANS** for improving farm conditions also call for measures to dispose of more surplus foods abroad and at home, and to better the lot of small farmers.

President Eisenhower is expected to submit his administration's farm proposals to Congress in a special message next month.

The farm issue looms as an important one in the election year ahead. Farm income has been slipping steadily and the administration's flexible price support system has been under steady fire from many Democrats and some Republicans, as well.

## Will Issue Cards

Wampsville, N. Y., Dec. 21 (AP)—The Madison County Sheriff's Department, at the request of an organization of tavern keepers, will issue identification cards to persons between 18 and 21 years of age. The Madison County Restaurant and Liquor Assn. agreed yesterday that members would not serve alcoholic beverages to young people of questionable age unless they could produce a card. The cards, made of plastic to prevent falsification or damage, will carry the holder's photograph and fingerprints. A fee of $1 will be charged. Under state law, alcoholic beverages may not be sold to persons under 18 years of age.

## May Bring Stiffer Rules

Los Angeles, Dec. 21 (AP)—Tougher rules governing flying may result from the Civil Aeronautics Board investigation into the crash of playboy Joel Thorne's light plane into an apartment house. Thorne and eight persons in the apartment, including a newly christened baby, were killed in the tragedy last Oct. 17. The CAB completed its hearing here yesterday and Chairman Ross Rizley urged a "good look" at existing flight regulations. His recommendation came after a series of witnesses testified Thorne was not qualified to be flying that overcast night.

## Wrong Number

Douglas, Ariz. (AP)—Mrs. Doris Sturgis is still puzzling over a telephone call she received one night. As soon as Mrs. Sturgis picked up the phone the caller asked, "Who is this?" Mrs. Sturgis gave her name. "Oh, you've got the wrong number," the voice at the other end said, and its owner hung up.

## 400-Pound Yule Cake On Way to President

Niagara Falls, N. Y., Dec. 21 (AP)—A 400-pound cake, guaranteed to satisfy a presidential sweet tooth and add joy to the yule season, was on its way to the White House today.

The cake, a 6-foot-tall replica of Santa Claus, was baked at the Niabara Falls Air Force Base and sent to President Eisenhower by the Niagara Falls Young Men's Republican Club.

Sgt. James C. Tuten engineered the project, aided by Mrs. Alberta Dust, a caterer at the base officers club. She said it took 19 hours to bake and cost $153 in material.

### Square Club Breaks Attendance Records

Woodstock, Dec. 21—Past attendance records were broken at the annual December meeting of the Woodstock Square Club. Many of the members feel that it was a direct result of the efforts of Augustus Modjeska, president of the club during 1955. The attendance has grown steadily and the annual meeting Thursday night at the firehall was the climax.

The members showed their appreciation of their president's efforts by breaking another precedent and re-elected him president for the year 1956. Other officers elected were Henry C. Page, vice president; Edgar H. Bauman, secretary and Charles E. Rapp, treasurer.

Four new members were welcomed into the club. They were: Alfred D. Ronder of Kingston, Elbert C. Varney, A. John Gibson, Jr., and Denslow D. Hill, all of Woodstock.

Lewis Wilson, general chairman of the Woodstock Community Christmas Eve program, reported that everything was in readiness. Baskets containing all the makings of a real Christmas dinner will be distributed to the needy. Baskets will also be sent to all who are confined to either hospital in Kingston or to their homes. This has become a Woodstock community project. Everyone is invited to attend at the village green Christmas Eve and meet Santa Claus.

A committee to select an outstanding citizen of Woodstock for the year 1955 is at work and would like suggestions from every one. The only stipulation is that the selected citizen must not be a member of the Woodstock Square Club.

The Cub Scout Pack Committee has been reorganized with Robert Gordon as chairman. The Pack has 32 members now and has become entirely self-supporting.

Frank Benson announced that his committee has selected Saturday night, Jan. 21 for the annual President's Dinner to be held at Deanie's. Frederic Snyder will be the speaker. More details will be announced.

After one of the busiest business meetings of the year, the club had the pleasure of hearing Mayor Frederick H. Stang of Kingston. He gave an inspiring and thought-provoking talk on the power of prayer.

### Church Services

Woodstock, Dec. 21 — Christmas Sunday the Rev. Harvey I. Todd in the pulpit of the Woodstock Dutch Reformed Church at 11 a. m., will offer "The Reconciling God of Christmas." The junior choir will assist in the worship with a Christmas number and also Cornelius Freer and Donna Rae Riseley with solos.

On Thursday at 7:30 p. m., the Sunday school will hold its Christmas program with Santa Claus as guest of honor.

St. Gregory's Episcopal Church will hold a Christmas service, Sunday at 12 o'clock. There will be Holy Communion and sermon by the Rev. Herald C. Swezy, vicar.

There will be a Christmas eve service at the Lutheran Church, Saturday from 11 p. m. until 12 midnight with a Christmas program. On Sunday morning there will be the usual services, Sunday school at 10 a. m. and morning worship at 11 a. m. with a special message by the pastor, the Rev. Olney E. Cook and special music.

### Bradshaws in Manila

Manila, Dec. 21 (AP)—Dr. and Mrs. Homer V. Bradshaw, American medical missionaries freed yesterday after five years imprisonment in Red China, arrived at Clark Air Force Base from Hong Kong today for medical treatment. A U. S. Air Force spokesman said no interviews would be permitted because of the couple's physical condition. Both are suffering from acute malnutrition and Mrs. Bradshaw has had a mental breakdown.

## Blaze Threatens Entire Business Area in Virginia

Lynchburg, Va., Dec. 21 (AP)—Fire raged out of control in the center of the business district early today, threatening the entire area. One fireman was reported seriously injured fighting the blaze in sub-freezing weather.

Fire officials said the blaze broke out in the Bailey-Spencer Hardware Co. and posed a threat to the entire 1,000-block of Main street. At 7 a. m., Director of Public Safety J. H. Boice said all but three of the buildings in the block were destroyed or stood the chance of being destroyed.

BOICE SAID beside Bailey-Spencer, the fire had destroyed McKenna Radio Shop; S. S. Kresge Co., John E. Gannaway Hardware Co.; W. T. Grant Co.; Peoples Clothing Co., and was backed up to Patterson Drug. Co.

The fireman injured was identified as Charles Mitchell. He received a severely strained back when he fell from a ladder at the back of the Bailey-Spencer building.

All fire companies here were fighting the blaze, which was fanned by a strong northeasterly wind. The Amherst Fire Dept. was on the scene as standby, and an aerial truck had been requested from Roanoke, 55 miles away. All available ambulances were sent to the area shortly after the fire was reported around 4 a. m.

### Kefauver Undecided On Challenging Adlai

Washington, Dec. 21 (AP)—Sen. Kefauver (D.-Tenn.) says he's interested in the Florida and Minnesota Democratic presidential primaries but hasn't decided yet whether to challenge Adlai Stevenson in those states.

Kefauver yesterday added Wisconsin to the list of party primaries he will enter. In addition to the April 3 balloting there, the senator has announced he'll also be listed in primaries in New Hampshire, March 13 and California, June 5.

Stevenson, the only other active candidate for the Democratic nomination, has said he'll enter the California contest but has announced no decision regarding New Hampshire or Wisconsin.

Kefauver has invited Stevenson to join him in the New Hampshire race but, as for Wisconsin, he told a news conference yesterday "others can do what they want to."

### Thruway Tolls Run $1,020,305 in Nov.

Albany, N. Y., Dec. 21 (AP)—The State Thruway Authority reported today that toll revenue on the superhighway during November totaled $1,020,305.25.

Chairman B. D. Tallamy said in a regular monthly report that $621,052.40 of last month's tolls had come from passenger automobiles and $399,252.85 from commercial vehicles.

The November tolls compared with $1,231,278.60 for the preceding month and brought to $11,693,793.40 the total collected in tolls on the cross-state expressway this year.

The thruway now is open for toll traffic from Buffalo to lower Yonkers, 424 miles.

### Mother, Children Stabbed to Death

New York, Dec. 21 (AP)—A woman and her two children were found brutally stabbed to death in a furnished Staten Island apartment last night. The bodies were discovered by detectives who wanted to tell her that her husband was found shot and critically wounded in his car.

Police said the three-room apartment in a two-story frame house was covered with blood and debris, indicating that a struggle preceded the slaying.

The dead were identified as Mrs. Shirley Palin, 25; her daughter Charlene, 4, and son Kedwick, 2.

Mrs. Palin was found in the kitchen with three stab wounds. The boy lay on a bed, with two stab wounds in his back and one in his arm. The girl, apparently the last killed of the three, was stabbed three times in the front of her body.

It could not be immediately determined what weapon was used in the stabbings.

### Will Back Legislation To Aid Growing Areas

Syracuse, N. Y., Dec. 21 (AP)—A Republican assemblyman says he will sponsor state legislation to give additional financial aid to rapidly growing communities.

Lawrence M. Rulison said yesterday the problem was brought to his attention by the effect of present laws on the village of North Syracuse.

Rulison pointed out that per capita state aid payments to municipalities were based on the 1950 federal census. In 1950, North Syracuse had a population of 3,356. Now, according to estimates made by Democratic Mayor James A. Barry, the population is about 7,500.

He said the village now receives about $10,000 a year per capita aid. If the present population were used the sum might be doubled.

## Reports on Youth Study Available At Wicks' Office

A limited number of copies of the report of the Temporary State Commission on Youth and Delinquency has been received by Senator Arthur H. Wicks and any organization of interested individuals may receive a copy of the report at his office, 41 Pearl street.

Thomas J. Watson Jr., president of IBM, is chairman of the commission. Senator Wicks is a member of the commission appointed from the Senate.

The first meeting of the commission was held at Albany on June 24, 1955 and since then 11 regional conferences have been held in various parts of the state during August and September. More than 3,000 persons attended these hearings and the members of the commission heard more than 300 persons, many of them leaders in their community in youth and its problems.

This report contains recommendations of the commission calling for community and governmental action in numerous areas as well as concrete and specific proposals for legislative revision where appropriate.

## 17 Die . . .

feet from where I was standing," he said. "It sounded like it was in good mechanical condition but it seemed just to come in too low. It hit the top of the trees, hit the dirt, then burst into flames. I took off for help."

The flight was 642 from Miami to Boston. Stops had been planned for Washington and New York, also.

Wreckage was strewn along a path of about 200 yards. The wings were sheared off and the four engines hurled from their moorings.

Small blazes started up in the dry woodland and fire fighters fouhgt for several hours before being able to approach the twisted mass which had been the cabin.

The cabin appeared to have been ripped open, then mashed into a sort of disjointed oblong shape. A small part of the after cabin broke off and remained virtually intact except for a split along the top.

One big pine tree was snapped and it lay across the rear of the cabin wreckage, still smoking as firemen began removing the bodies.

The main part of the wreckage was only a short distance from one of the few houses in the area, just across Highway 17 which leads past the airport.

A chicken coop some distance from the house was torn down but no houses were hit.

The plane sheared off the top of half a dozen tall pines and took the top out of a large oak tree. It swept a path about 100 feet wide.

Sgt. W. F. Johnston of the Duval county highway patrol said the plane struck the ground 66 yards from where the first tree was hit, then skidded 26 yards where it knocked down an oak 12 inches in diameter.

Sixty-five yards farther on was the largest portion of the cabin still intact. This was the tail section and rear end of the fuselage.

The last engine came to rest 27 yards farther on—about 199 yards from the first tree.

Postal and civil aeronautics inspectors were on the scene immediately after the crash.

### Ex-Police Chief Dies

Poughkeepsie, N. Y., Dec. 21 (AP)—George P. Leadbitter, 63, police chief here from 1933 to 1954, died last night in his sleep. Death was attributed to a heart ailment.

FIRST AREA RESERVE ENLISTEE—The initial volunteer for the new armed forces reserve program of 1955 was Fred Burnett of Sawkill, third from left. Burnett is shown as he was sworn into the program yesterday at City Hall by Captain Wayne C. Reynolds, unit advisor of the United States Army Reserve training center, Poughkeepsie. Burnett will be placed on active duty for the six-month period beginning Jan. 8, after which he will return home and participate in reserve activity as an assigned member of the Headquarters and Services company, 854th Engineer Aviation Battalion, Kingston. Burnett, a Kingston High School graduate, is the son of Mr. and Mrs. Fred Burnett, Route Two, Sawkill Road. Also in the picture, left to right, are County Judge William A. Kelly, Mayor Frederick H. Stang and F. William Sheehan, officer-in-charge of Veterans Administration, 286 Fair street. (Freeman photo).

## Unions Have Half Billion Annual Take

New York, Dec. 21 (AP)—American and Canadian unions, representing 17½ million workers, have an annual income of more than half a billion dollars, a private research study has revealed.

The bulk of this money, 457 million dollars, comes from annual dues, according to a year-long survey of 194 unions made by the National Industrial Conference Board.

**INITIATION FEES,** assessments and other sources of income bring the total to 'well above the half-million mark," said James J. Bambrick, director of the study, in making the results public yesterday.

The conference board is a private research organization with some 3,400 subscribers. Most of these are business and financial firms, but the list also includes 35 unions and a number of colleges, universities and government agencies.

**THE UNION SURVEY** covered 98 per cent of organized labor in the United States and about 75 per cent, totalling one million workers in Canada. Only three unions refused to cooperate, the board reported.

The individual union member paid average dues of $26.14 a year, compared with an average factory wage of $78.69 a week, the survey showed.

**THE LOWEST DUES** were a dollar a month and the highest were $25 a month, paid by airline pilots making more than $19,000 a year.

Initiation fees ranged from 65 cents to $250, with most of them between $2 and $5. Skilled trades unions have the highest initiation charges, the report said, while seven unions prohibit initiation fees in their constitutions.

Communists are barred from 56 unions, membership in which totals six million, or approximately one-third of organized labor in this country and Canada. Thirty-five unions bar anyone with power to hire and fire employes.

Negroes and racial minorities are barred from five unions. The report identified these as four railroad brotherhoods and a postal transport union.

**PROVISIONS** that anyone qualified for membership be admitted regardless of race, creed, color or national origin are contained in the constitutions of 39 unions.

The report said three unions that refused to supply copies of their constitutions for the study were the International Longshoremen's Assn., the Hod Carriers, Building and Common Laborers International Union, and the Distillery, Rectifying and Wine Workers Union.

The survey covered 110 AFL unions, 29 CIO unions and 55 independent groups. Since the survey started the AFL and CIO have merged. The report said that 33 per cent of membership in the united labor organization belong to craft unions while 67 per cent belong to unions organized entirely or partly on an industrial basis.

### Fair Trade Suit Dismissed

Milwaukee, Dec. 21 (AP)—A fair trade suit initiated by Revere Copper and Brass, Inc., of Rome, N. Y., against the Boston Store department store was dismissed yesterday by Federal Judge Kenneth P. Grubb by mutual agreement of both parties. A joint statement asserted that Revere (makers of cookingware) and the Boston Store would continue a vigorous fair trade enforcement program in the Milwaukee area and the store would adhere to the price schedules as long as they are the prevailing prices in the area. The so-called fair trade prices are the recommended retail prices set by a manufacturer.

## Alliance Church Plans Christmas Program Thursday

The Christmas program for the Christian and Missionary Alliance Church, corner of Franklin and Pine streets, will be held Thursday at 7:45 p. m. under the direction of George Shaver, Sunday school superintendent.

The following program will be presented, according to the Rev. Virgil R. Brisco, pastor:

Theme, "Christ Our Hope" with the first part of the program including:

Promise of Hope, Richard Koch, narrator, will introduce the theme, Words of Welcome, Jeanne Whitaker; recitations, Carol Koch, Edwin Healy, George Bilyou, George McDonald, Barbara Sickler, Robert Koch, Robert McDonald and Deanne Shaver.

The second portion, The Birth of Hope will include a slide shown of the Visitation to Mary with recitations by Karlyne Lutke, David Koch, Roger Jones, Daniel Moore, June Waterman, Marsha Dixon, Darlene Slough, Frederick Brisco. A slide also will be shown of the journey to Bethlehem. Other recitations will be given by Susan Lutke, Robert Kurtsen, Virginia Greene, Paul Koch, Sandra Sutton, Virginia Meehan, Anna Mae Sutton. The Sunday school will sing "O Little Town of Bethlehem" and a slide of Shepherds in the Field will be shown. The junior and intermediate classes will sing "While Shepherds Watched Their Flocks." Recitations, The Shepherds on the Hillside, by Grace Koch, Frances Dixon, Kenneth Baker, Walter Moone and Terry Bilyou.

A manger scene will follow with recitations by the following: Carol Shaver, Bonnie Sutton, Patricia Moore, Stephen Brisco, Bonnie Neice, Kathy Skinner and Phillip Koch. A recitation, A Baby Boy Was Born, Donna McDonald; The Baby Jesus, Linda McDonald. The beginners and nursery classes will sing "Away in a Manger." Recitation, The Christmas Star, Donna Slough, Tommy Dixon, Jane Meehan; recitations, Melvin Baker and Virgil Brisco; solo, "O Holy Night," George Shaver and "We Three Kings," Donald Shaver, Robert Moore and John Moore.

The third portion of the program will be built around the theme, Hope of the World, with male quartet singing, "Man of Sorrows," slides of the Life of Christ and Death; recitation, The Green Hill Far Away, Douglas Koch and song, "Low in the Grave He Lay," by the high school group.

The Blessed Hope will be the fourth part of the Christmas program, touching on the return of Jesus. The children will sing, "When He Cometh" and the Rev. Mr. Brisco will close the service with words of scripture.

Narrator for the program will be Richard Koch while Margaret Moore will be the pianist. In the manger scene, Patricia Lackin will play the part of Mary and Roger Jones will act as Luke.

### Building Destroyed

Dunkirk, N. Y., Dec. 21 (AP)—A two-story brick building, which housed a feed store and the headquarters for a carpenters local, was virtually destroyed last night by a general alarm fire. The fire apparently started in a feed bin and quickly spread to the rest of the building. Firemen fought the flames for three hours in 14-degree cold. Spokesmen for Local 689 of the AFL-CIO Carpenters Union, owners of the building, estimated their damage at $10,000. Brice Kenyon, owner of the feed firm, estimated his loss at $15,000.

### 'Outfoxes' Bandits

New York, Dec. 21 (AP)—An assistant Bronx district attorney was held up yesterday by three men who raided a renting office. They left him tied up, but he got loose in time to thwart their escape. "I outfoxed them," said Irvin J. Goldsmith and explained he had spread his hands while being bound in order to keep the rope loose. Goldsmith dashed from the building on the heels of the fleeing bandits. His shouts of "holdup" alerted two detectives who ran down one of the bandits. A patrol car cornered a second man who fled into a cellar.

## Eisenhowers Back At White House

Washington, Dec. 21 (AP)—The Eisenhowers are back in town to spend their first Christmas in the White House.

Whether there will be a fourth grandchild by the time Santa Claus arrives with his presents for their three grandchildren—David, 7, Barbara Anne, 6, and Susan, going on 4—is the big question.

**AND THE TIME** of the newcomer's arrival may well determine when President Eisenhower will leave for the warmer climate prescribed by his doctors for further convalescence from his Sept. 24 heart attack.

Eisenhower, in a change of plans, flew from Gettysburg back to Washington yesterday, a day earlier than scheduled. Mrs. Eisenhower, who doesn't like to fly, came later by automobile.

Both visited Walter Reed Army Hospital where their daughter-in-law, Mrs. John Eisenhower, is expecting a baby.

James C. Hagerty, the President's press secretary, said the decision to return from their Pennsylvania farm a day early was dictated solely by Mrs. Eisenhower's desire to complete plans for the White House Christmas, and not by any word from the hospital.

**THE ONLY OFFICIAL** appointment the President has today (2:30 p. m. EST) is with Secretary of State Dulles, who will make a detailed report on the recent NATO meeting in Paris.

Eisenhower went to his office at 9:15 a. m. to dictate to secretaries.

Maj. John Eisenhower and the three grandchildren will spend Christmas at the White House. How long the President and Mrs. Eisenhower will remain there after Christmas is undecided.

**ALSO UNDECIDED,** Hagerty said, is where they will go for the next couple of weeks. It was generally understood, when the doctors recommended a change from the Gettysburg climate, that the choice was Augusta, Ga. They have spent the Christmas and New Year's holidays there the past two years.

Augusta still is under consideration, Hagerty said yesterday, but other warm weather spots have not been ruled out.

After returning from Gettysburg, Eisenhower got in some more work on the State of the Union Message he will submit to Congress in January. Working with him was Kevin McCann, one of his speech-writing aides.

Mrs. McKelvey and Straus succeed Harry J. Carman and Jacob Grumet, both of New York city, whose terms expired last June 24.

Kharas, dean of the Syracuse University Law School, has been a member of the Mediation Board since 1947.

The other members are Burton B. Turkus of Brooklyn, whose term expires next June 24, and the Rt. Rev. Msgr. John P. Boland of Buffalo and Mabel Leslie of New York city. Their terms expire June 24, 1957.

### Trout Lost in Blaze

Bath, N. Y., Dec. 21 (AP)—The main building of the State Fish Hatchery here was destroyed by fire today. Also lost in the blaze were 1,300,000 trout fingerlings. There was no immediate estimate of damages. The cause was not determined. The fingerlings were being bred to stock streams and rivers with trout. The building was a two-story frame structure built in 1886. A wooden building about 30 feet away was saved.

## 17 Die . . .

feet from where I was standing," he said. "It sounded like it was in good mechanical condition but it seemed just to come in too low. It hit the top of the trees, hit the dirt, then burst into flames. I took off for help."

The flight was 642 from Miami to Boston. Stops had been planned for Washington and New York, also.

Wreckage was strewn along a path of about 200 yards. The wings were sheared off and the four engines hurled from their moorings.

Small blazes started up in the dry woodland and fire fighters fought for several hours before being able to approach the twisted mass which had been the cabin.

The cabin appeared to have been ripped open, then mashed into a sort of disjointed oblong shape. A small part of the after cabin broke off and remained virtually intact except for a split along the top.

One big pine tree was snapped and it lay across the rear of the cabin wreckage, still smoking as firemen began removing the bodies.

The main part of the wreckage was only a short distance from one of the few houses in the area, just across Highway 17 which leads past the airport.

A chicken coop some distance from the house was torn down but no houses were hit.

The plane sheared off the top of half a dozen tall pines and took the top out of a large oak tree. It swept a path about 100 feet wide.

Sgt. W. F. Johnston of the Duval county highway patrol said the plane struck the ground 66 yards from where the first tree was hit, then skidded 26 yards where it knocked down an oak 12 inches in diameter.

Sixty-five yards farther on was the largest portion of the cabin still intact. This was the tail section and rear end of the fuselage.

The last engine came to rest 27 yards farther on—about 199 yards from the first tree.

Postal and civil aeronautics inspectors were on the scene immediately after the crash.

### Ex-Police Chief Dies

Poughkeepsie, N. Y., Dec. 21 (AP)—George P. Leadbitter, 63, police chief here from 1933 to 1954, died last night in his sleep. Death was attributed to a heart ailment.

**FIRST AREA RESERVE ENLISTEE**—The initial volunteer for the new armed forces reserve program of 1955 was Fred Burnett of Sawkill, third from left. Burnett is shown as he was sworn into the program yesterday at City Hall by Captain Wayne C. Reynolds, unit advisor of the United States Army Reserve training center, Poughkeepsie. Burnett will be placed on active duty for the six-month period beginning Jan. 8, after which he will return home and participate in reserve activity as an assigned member of the Headquarters and Services company, 854th Engineer Aviation Battalion, Kingston. Burnett, a Kingston High School graduate, is the son of Mr. and Mrs. Fred Burnett, Route Two, Sawkill Road. Also in the picture, left to right, are County Judge William A. Kelly, Mayor Frederick H. Stang and F. William Sheehan, officer-in-charge of Veterans Administration, 286 Fair street. (Freeman photo).

## *Unions Have Half Billion Annual Take*

New York, Dec. 21 (AP)—American and Canadian unions, representing 17½ million workers, have an annual income of more than half a billion dollars, a private research study has revealed.

The bulk of this money, 457 million dollars, comes from annual dues, according to a year-long survey of 194 unions made by the National Industrial Conference Board.

**INITIATION FEES**, assessments and other sources of income bring the total to 'well above the half-million mark," said James J. Bambrick, director of the study, in making the results public yesterday.

The conference board is a private research organization with some 3,400 subscribers. Most of these are business and financial firms, but the list also includes 35 unions and a number of colleges, universities and government agencies.

**THE UNION SURVEY** covered 98 per cent of organized labor in the United States and about 75 per cent, totalling one million workers in Canada. Only three unions refused to cooperate, the board reported.

The individual union member paid average dues of $26.14 a year, compared with an average factory wage of $78.69 a week, the survey showed.

**THE LOWEST DUES** were a dollar a month and the highest were $25 a month, paid by airline pilots making more than $19,000 a year.

Initiation fees ranged from 65 cents to $250, with most of them between $2 and $5. Skilled trades unions have the highest initiation charges, the report said, while seven unions prohibit initiation fees in their constitutions.

Communists are barred from 56 unions, membership in which totals six million, or approximately one-third of organized labor in this country and Canada. Thirty-five unions bar anyone with power to hire and fire employes.

Negroes and racial minorities are barred from five unions. The report identified these as four railroad brotherhoods and a postal transport union.

**PROVISIONS** that anyone qualified for membership be admitted regardless of race, creed, color or national origin are contained in the constitutions of 39 unions.

The report said three unions that refused to supply copies of their constitutions for the study were the International Longshoremen's Assn., the Hod Carriers, Building and Common Laborers International Union, and the Distillery, Rectifying and Wine Workers Union.

The survey covered 110 AFL unions, 29 CIO unions and 55 independent groups. Since the survey started the AFL and CIO have merged. The report said that 33 per cent of membership in the united labor organization belong to craft unions while 67 per cent belong to unions organized entirely or partly on an industrial basis.

### Fair Trade Suit Dismissed

Milwaukee, Dec. 21 (AP)—A fair trade suit initiated by Revere Copper and Brass, Inc., of Rome, N. Y., against the Boston Store department store was dismissed yesterday by Federal Judge Kenneth P. Grubb by mutual agreement of both parties. A joint statement asserted that Revere (makers of cookingware) and the Boston Store would continue a vigorous fair trade enforcement program in the Milwaukee area and the store would adhere to the price schedules as long as they are the prevailing prices in the area. The so-called fair trade prices are the recommended retail prices set by a manufacturer.

## Alliance Church Plans Christmas Program Thursday

The Christmas program for the Christian and Missionary Alliance Church, corner of Franklin and Pine streets, will be held Thursday at 7:45 p. m. under the direction of George Shaver, Sunday school superintendent.

The following program will be presented, according to the Rev. Virgil R. Brisco, pastor:

Theme, "Christ Our Hope" with the first part of the program including:

Promise of Hope, Richard Koch, narrator, will introduce the theme, Words of Welcome, Jeanne Whitaker; recitations, Carol Koch, Edwin Healy, George Bilyou, George McDonald, Barbara Sickler, Robert Koch, Robert McDonald and Deanne Shaver.

The second portion, The Birth of Hope will include a slide shown of the Visitation to Mary with recitations by Karlyne Lutke, David Koch, Roger Jones, Daniel Moore, June Waterman, Marsha Dixon, Darlene Slough, Frederick Brisco. A slide also will be shown of the journey to Bethlehem. Other recitations will be given by Susan Lutke, Robert Kurtsen, Virginia Greene, Paul Koch, Sandra Sutton, Virginia Meehan, Anna Mae Sutton. The Sunday school will sing "O Little Town of Bethlehem" and a slide of Shepherds in the Field will be shown. The junior and intermediate classes will sing "While Shepherds Watched Their Flocks." Recitations, The Shepherds on the Hillside, by Grace Koch, Frances Dixon, Kenneth Baker, Walter Moone and Terry Bilyou.

A manger scene will follow with recitations by the following: Carol Shaver, Bonnie Sutton, Patricia Moore, Stephen Brisco, Bonnie Neice, Kathy Skinner and Phillip Koch. A recitation, A Baby Boy Was Born, Donna McDonald; The Baby Jesus, Linda McDonald. The beginners and nursery classes will sing "Away in a Manger." Recitation, The Christmas Star, Donna Slough, Tommy Dixon, Jane Meehan; recitations, Melvin Baker and Virgil Brisco; solo, "O Holy Night," George Shaver and "We Three Kings," Donald Shaver, Robert Moore and John Moore.

The third portion of the program will be built around the theme, Hope of the World, with male quartet singing, "Man of Sorrows," slides of the Life of Christ and Death; recitation, The Green Hill Far Away, Douglas Koch and song, "Low in the Grave He Lay," by the high school group.

The Blessed Hope will be the fourth part of the Christmas program, touching on the return of Jesus. The children will sing, "When He Cometh" and the Rev. Mr. Brisco will close the service with words of scripture.

Narrator for the program will be Richard Koch while Margaret Moore will be the pianist. In the manger scene, Patricia Lackin will play the part of Mary and Roger Jones will act as Luke.

### Building Destroyed

Dunkirk, N. Y., Dec. 21 (AP)—A two-story brick building, which housed a feed store and the headquarters for a carpenters local, was virtually destroyed last night by a general alarm fire. The fire apparently started in a feed bin and quickly spread to the rest of the building. Firemen fought the flames for three hours in 14-degree cold. Spokesmen for Local 689 of the AFL-CIO Carpenters Union, owners of the building, estimated their damage at $10,000. Brice Kenyon, owner of the feed firm, estimated his loss at $15,000.

### 'Outfoxes' Bandits

New York, Dec. 21 (AP)—An assistant Bronx district attorney was held up yesterday by three men who raided a renting office. They left him tied up, but he got loose in time to thwart their escape. "I outfoxed them," said Irvin J. Goldsmith and explained he had spread his hands while being bound in order to keep the rope loose. Goldsmith dashed from the building on the heels of the fleeing bandits. His shouts of "holdup" alerted two detectives who ran down one of the bandits. A patrol car cornered a second man who fled into a cellar.

## Eisenhowers Back At White House

Washington, Dec. 21 (AP)—The Eisenhowers are back in town to spend their first Christmas in the White House.

Whether there will be a fourth grandchild by the time Santa Claus arrives with his presents for their three grandchildren—David, 7, Barbara Anne, 6, and Susan, going on 4—is the big question.

**AND THE TIME** of the newcomer's arrival may well determine when President Eisenhower will leave for the warmer climate prescribed by his doctors for further convalescence from his Sept. 24 heart attack.

Eisenhower, in a change of plans, flew from Gettysburg back to Washington yesterday, a day earlier than scheduled. Mrs. Eisenhower, who doesn't like to fly, came later by automobile.

Both visited Walter Reed Army Hospital where their daughter-in-law, Mrs. John Eisenhower, is expecting a baby.

James C. Hagerty, the President's press secretary, said the decision to return from their Pennsylvania farm a day early was dictated solely by Mrs. Eisenhower's desire to complete plans for the White House Christmas, and not by any word from the hospital.

**THE ONLY OFFICIAL** appointment the President has today (2:30 p. m. EST) is with Secretary of State Dulles, who will make a detailed report on the recent NATO meeting in Paris.

Eisenhower went to his office at 9:15 a. m. to dictate to secretaries.

Maj. John Eisenhower and the three grandchildren will spend Christmas at the White House. How long the President and Mrs. Eisenhower will remain there after Christmas is undecided.

**ALSO UNDECIDED,** Hagerty said, is where they will go for the next couple of weeks. It was generally understood, when the doctors recommended a change from the Gettysburg climate, that the choice was Augusta, Ga. They have spent the Christmas and New Year's holidays there the past two years.

Augusta still is under consideration, Hagerty said yesterday, but other warm weather spots have not been ruled out.

After returning from Gettysburg, Eisenhower got in some more work on the State of the Union Message he will submit to Congress in January. Working with him was Kevin McCann, one of his speech-writing aides.

## Marines Enlist Five Area Youths

Marine Master Sergeant Edwin D. Knight, noncommissioned officer in charge, U. S. Marine Corps recruiting station, Post Office building, Poughkeepsie, announced that five men were enlisted in the Marine Corps from the area. One of the men applied for enlistment for a period of three years, through the Marine Corps recruiting station located in the Post Office building in Kingston. His name is Donald E. Scully of RFD 2, Sawill road.

**THE FOUR OTHER** marines applied for enlistment through the Marine Recruiting office in the Post Office building at Newburgh. Their names are: Robert W. Urbin and Walter A. Toffel, both of Pine Island, and Louis E. Ogden and Henry E. Shauger, both of Otisville. Privates Ogden and Shauger enlisted for four year tours and the others selected the shorter three year enlistments. All men will undergo a 10-week period of training, popularly known as "Boot Camp," at the Marine Corps Recruit Depot, Parris Island, S. C.

**MASTER SERGEANT** Knight also announced that there are still many vacancies for December and January. Men can select either the three or four year enlistment. Normally when a man enlists with a friend, they will be permitted to take their training together. For any information, the Marine recruiting offices in Poughkeepsie, Kingston and Newburgh are now open from 8 a. m. until 5:30 p. m. Monday through Saturday.

## Tillson School Yule Program Set Dec. 22

Tillson, Dec. 21—George Fernandez, principal of the Tillson School, has extended a cordial invitation to everyone in the community to attend the school Christmas exercises which will take place Thursday, Dec. 22, starting at 8 p. m.

The theme of the exercises will be Christmas Across America, and will be portrayed as a coast to coast TV show, under the direction of Mrs. George Bond, assisted by Mrs. Raymond Craft and Mrs. Alfred Simard, teachers at the school.

There will be several scenes, such as Rockefeller Center, in which the Glee Club will be featured; the Santa Barbara Mission, the kindergarten class at the North Pole, a New York city TV studio, Santa's headquarters, and a manger scene. The entire student body will perform, some appearing in various scenes.

Taking lead or solo parts will be William Dunn and Randolph Van Keuren, who will act as announcers; Patricia Hill, soloist; Janet Wakeley, who will recite a poem, and in the manger scene, Mary will be portrayed by Margaret Sutherland, and Joseph by Eugene Frost. A solo by Diane Deyo will be heard.

In the second half of the evening's program, the elementary school band of the Tillson school under the direction of Anthony Merola will make its debut, and will render the following selections: Yankee Doodle, Silent Night, and Good Night Ladies. Santa is expected to arrive at the scene, also.

School will close Friday, Dec. 23 and reopen Tuesday, Jan. 3, Mr. Fernandez said.

## *High Falls*

High Falls, Dec. 20—A Christmas party for the children of the community will be held in the High Falls Firehall Thursday at 7 p. m. Gifts and fun for all is promised. A movie will also be shown. Santa Claus is scheduled to stop in and add to the happiness of the occasion. The program is sponsored by the High Falls Fire Company.

The pot luck dinner Christmas party which was held Thursday evening by the American Legion and the Ladies' Auxiliary was well attended. Following the dinner gifts were exchanged and a social hour held. Nearly $100 was collected in the banks which were placed in the business places of the town during the past month. This money is used for Christmas work in the Veterans' Hospitals. The High Falls Reformed Church Sunday school also made a generous donation. The Auxiliary is very appreciative of the support of the public in this work for the hospitalized veteran.

The annual Christmas program of the Reformed Church Sunday school will be held Wednesday beginning at 7:30 p. m. Following the program, refreshments including the birthday cake will be served in the basement.

Mrs. E. B. Ruffner was hostess at her home to the annual Christmas dinner party of St. John's Episcopal Guild Monday evening. Those attending were Mrs. Margaret Ghear, president of the Guild, and the Mmes. Emma Wright, Rosalie White, Sally Nicholas, Charlotte Gary, Elsa Hart, Clarence Winchell Jr., Larry Savercool, Victor Lewis, LeRoy Ghear, William Weber, Miss Anna Draudt, Miss Sally Ruffner, and the Rev. and Mrs. David Arnold. Gifts were exchanged.

### Window Pain

La Mesa, Calif. (AP)—A homeowner got a low bid from an unemployed glazier to replace a picture window. Paid him the money and told him to buy the glass and install it. The owner came home to find the glazier gone and the window installed. There was one glaring error—the glass came a foot short of reaching the window.

### Chicken Alarm

Bluffton, Ohio (AP)—A Bluffton doctor has invented an alarm clock for chickens. It's a thermostate that warns the farmer when the temperature in his brooder house drops too low or rises too high. Dr. B. W. Travis makes part of the gadget in his home work shop, farms out the rest to shops.

### Automation

Decatur, Ill. (AP)—A driverless car rolled backward and moved diagonally across an intersection, bounced off a traffic island, turned completely around and headed up a railroad embankment. It stopped unscratched. Its owner got in and drove away.

## Marines Enlist Five Area Youths

Marine Master Sergeant Edwin D. Knight, noncommissioned officer in charge, U. S. Marine Corps recruiting station, Post Office building, Poughkeepsie, announced that five men were enlisted in the Marine Corps from the area. One of the men applied for enlistment for a period of three years, through the Marine Corps recruiting station located in the Post Office building in Kingston. His name is Donald E. Scully of RFD 2, Sawill road.

**THE FOUR OTHER** marines applied for enlistment through the Marine Recruiting office in the Post Office building at Newburgh. Their names are: Robert W. Urbin and Walter A. Toffel, both of Pine Island, and Louis E. Ogden and Henry E. Shauger, both of Otisville. Privates Ogden and Shauger enlisted for four year tours and the others selected the shorter three year enlistments. All men will undergo a 10-week period of training, popularly known as "Boot Camp," at the Marine Corps Recruit Depot, Parris Island, S. C.

**MASTER SERGEANT** Knight also announced that there are still many vacancies for December and January. Men can select either the three or four year enlistment. Normally when a man enlists with a friend, they will be permitted to take their training together. For any information, the Marine recruiting offices in Poughkeepsie, Kingston and Newburgh are now open from 8 a. m. until 5:30 p. m. Monday through Saturday.

## Tillson School Yule Program Set Dec. 22

Tillson, Dec. 21—George Fernandez, principal of the Tillson School, has extended a cordial invitation to everyone in the community to attend the school Christmas exercises which will take place Thursday, Dec. 22, starting at 8 p. m.

The theme of the exercises will be Christmas Across America, and will be portrayed as a coast to coast TV show, under the direction of Mrs. George Bond, assisted by Mrs. Raymond Craft and Mrs. Alfred Simard, teachers at the school.

There will be several scenes, such as Rockefeller Center, in which the Glee Club will be featured; the Santa Barbara Mission, the kindergarten class at the North Pole, a New York city TV studio, Santa's headquarters, and a manger scene. The entire student body will perform, some appearing in various scenes.

Taking lead or solo parts will be William Dunn and Randolph Van Keuren, who will act as announcers; Patricia Hill, soloist; Janet Wakeley, who will recite a poem, and in the manger scene, Mary will be portrayed by Margaret Sutherland, and Joseph by Eugene Frost. A solo by Diane Deyo will be heard.

In the second half of the evening's program, the elementary school band of the Tillson school under the direction of Anthony Merola will make its debut, and will render the following selections: Yankee Doodle, Silent Night, and Good Night Ladies. Santa is expected to arrive at the scene, also.

School will close Friday, Dec. 23 and reopen Tuesday, Jan. 3, Mr. Fernandez said.

## *High Falls*

High Falls, Dec. 20—A Christmas party for the children of the community will be held in the High Falls Firehall Thursday at 7 p. m. Gifts and fun for all is promised. A movie will also be shown. Santa Claus is scheduled to stop in and add to the happiness of the occasion. The program is sponsored by the High Falls Fire Company.

The pot luck dinner Christmas party which was held Thursday evening by the American Legion and the Ladies' Auxiliary was well attended. Following the dinner gifts were exchanged and a social hour held. Nearly $100 was collected in the banks which were placed in the business places of the town during the past month. This money is used for Christmas work in the Veterans' Hospitals. The High Falls Reformed Church Sunday school also made a generous donation. The Auxiliary is very appreciative of the support of the public in this work for the hospitalized veteran.

The annual Christmas program of the Reformed Church Sunday school will be held Wednesday beginning at 7:30 p. m. Following the program, refreshments including the birthday cake will be served in the basement.

Mrs. E. B. Ruffner was hostess at her home to the annual Christmas dinner party of St. John's Episcopal Guild Monday evening. Those attending were Mrs. Margaret Ghear, president of the Guild, and the Mmes. Emma Wright, Rosalie White, Sally Nicholas, Charlotte Gary, Elsa Hart, Clarence Winchell Jr., Larry Savercool, Victor Lewis, LeRoy Ghear, William Weber, Miss Anna Draudt, Miss Sally Ruffner, and the Rev. and Mrs. David Arnold. Gifts were exchanged.

### Window Pain

La Mesa, Calif. (AP)—A homeowner got a low bid from an unemployed glazier to replace a picture window. Paid him the money and told him to buy the glass and install it. The owner came home to find the glazier gone and the window installed. There was one glaring error—the glass came a foot short of reaching the window.

### Scarcity of Water

Water is so scarce on Mars that its white polar caps are thought by astronomers to be hoarfrost only a few inches thick.

## Two Dead Pilots Are Upstate Men

Niagara Falls, N. Y., Dec. 21 (AP)—The air force said yesterday that two pilots killed in a jet crash at San Antonio, Tex., Monday were reservists attached to the 445th Fighter-Bomber Wing at Niagara Falls.

The victims were Capt. Clifford W. Graves, 37, of Batavia, and 1st Lt. James D. Sonne, 29, of Harbor Creek, Pa., near Erie.

They were killed when their T-33 jet trainer crashed into a wooded area while coming in for a landing at Randolph Air Force Base. The two had left Niagara Falls Monday afternoon on a navigation training flight.

Graves, a World War 2 fighter pilot, was married and the father of one child. He worked for the Blue Bus Lines, which operates between Buffalo and Rochester.

Sonne, a 1947 graduate of the University of Pennsylvania, was an engineer for the General Electric Corp. at Erie. He was in the navy during World War 2, and then served as an air force fighter pilot in Korea, where he won the Distinguished Flying Cross and Three Clusters.

Lake Superior, longest of the Great Lakes, is 350 miles in length.

HE'S SANTA TO THESE KIDS—Santa never gets older, but he does get younger. Proof of that is little Raymond Geist, 4½, foreground, who's giving his Christmas presents to children whom "Santa might forget." Two years ago Raymond became the one millionth person to ride the B. F. Goodrich moving rubber sidewalk at Chicago's Museum of Science and Industry. As a prize the rubber company promised him toys each Christmas for 10 years. This year, Raymond is giving the toys to children at a Chicago nursery school. The company is helping out by adding a truckload of toys. With Raymond is Company Representative W. E. Evans.

## Reds Will Fire On UN Planes Crossing Lines

Tokyo, Dec. 21 (AP)—The Communist North Korean radio served notice today it will fire on any United Nations planes which stray over the truce line.

The radio quoted from a Communist statement at yesterday's Military Armistice Commission meeting at Panmunjom.

At the meeting, the UN command charged the Communists with "indiscriminate" anti-aircraft firing at an unarmed allied helicopter north of Panmunjom Dec. 7.

The Communists brushed aside the protest, the radio said.

The UN command said the helicopter pilot had lost his bearings. The command said three fliers have been killed by the Reds in the last year when they inadvertently flew over Communist territory.

### Doggone Happy

Detroit (AP) — Bobby and a spotted unnamed friend were bailed out of the suburban Livonia dog pound in a hurry. His owner, the late Mrs. Ida L. Furrow, 67, had: Bequeathed a friend, Mrs. Faye Davis, $500 for lifetime care of the dogs; included Mrs. Davis in a $50,000 will to be shared with several friends.

## Japanese Woman Gets Stalin Peace Prize

Tokyo, Dec. 21 (AP)—The Soviet Union has awarded the Stalin Peace Prize to a Japanese woman who taught two million Japanese workers to sing "The Internationale" in four part harmony.

Mrs. Akiko Seki, an unknown singer 10 years ago, now heads 3,000 Communist choir-organizers, and directs activities of labor union choirs with an estimated two millon members throughout Japan.

Mrs. Seki, 56, claims to be non-Communist like the late Ikuo Oyama, the first Japanese winner of the Stalin prize in 1952.

The four volumes of choir books edited by her have sold 300,000 copies each and are rated among the best sellers in Japan.

Her "Utagoe Undo" (singing movement) started five years ago, and waxed successful on the music-loving Japanese. It is considered the only success the Japanese Communists won from the public.

Egypt has four separate judicial systems.

## School News

MARBLETOWN CENTRAL—The school will close for Christmas recess Wednesday at 12 noon and will reopen on Jan. 3.

Recreation for boys and girls, grades 5-8 of Marbletown Central School will begin Jan. 4 from 7 to 9 Wednesday evening. The leader will be physical training instructor Charles Ayasse.

After the holidays the Gun Club under the supervision of the New York State Conservation Department will resume meetings at Marbletown Central School. The meetings will be held on Monday. Those who have bolt action 22 rifles should bring them to the first meeting. The courses will be presented in four phases:

General operation of rifle, naming parts, etc.; sighting, general shooting and ABC's of hunting, equipment, responsibilities, etc.

At the completion of the course, members of the club will be certified for small game hunting licenses. Charles Ayasse who has been certified by the National Riflemen's Association will be the instructor.

Any person under 21 and over 14 who has not previously held a hunting license must receive from a department agent, instructions in firearms safety and a certificate from the instructor, before he may purchase a hunting license.

The assembly program on Friday, Dec. 9 was in charge of the fourth and fifth grades. The children of Mrs. Warren's fifth grade presented the play, "Christmas at the Tapps." The play was written by their classmates, Barbara Gray and Diane Sheeley. The cast of characters was as follows:

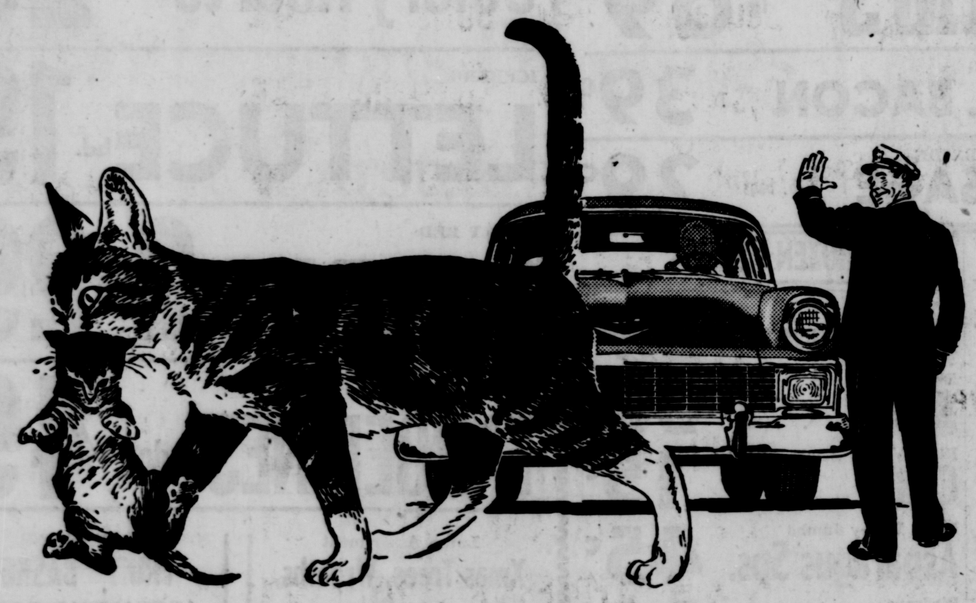
Mother, Kerry Greiner; Father, Frank Stella; Daughters, Susan Hasbrouck, Roseann Redmond, Patty Schoonmaker; Santa Claus, Arnold Smith; Elves, Robert Ferrari, Mark Ferrari; Nicholas Gantner and Frances Abbaleo and announcer, Gordon Switz.

The fourth grade continued the program with:

A recitation, "A suit for Santa" by Charlotte Stange and portrayals, Trimming the Christmas Tree and the Manger Scene.

To conclude the program all joined in singing Christmas carols with Linda Larsen as pianist.

The PTF of Marbletown School voted to purchase for the school an audiometer, an instrument used for measuring the range of hearing. The major objective of audiometer testing is to bring optimum hearing health to all children of the state. The testing should bring about early detection of hearing loss which should be followed by proper medical examination and educational adjustment. Previously a machine had been rented from Albany.



Two things that make for SAFER driving!

The first and most important thing is you — the driver. The courtesy, care, and common sense you show count more than anything else.

The second thing is the car itself. All cars are safer today. That's shown by the number of accidents in relation to the number of miles passenger cars are driven. The figure's down sharply.

Chevrolet has always made safety a major consideration, introducing many such features as the all-steel top, into its field. And this '56 Chevrolet is the safest one ever built.

Its lively new power means safer passing. Its special Ball-Race steering—oversize brakes with Anti-Dive control—bring easier, surer driving. The Unisteel construction and safety door latches of its Fisher Body—the nailed-to-the-road stability that comes from advanced suspension and better balance — the sweeping panoramic windshield — all these things add to your safety.

Seat belts with or without shoulder harness? Instrument panel padding? Of course, they're available at extra cost. As your Chevrolet dealer, we'll be glad to show you the many safety features of the '56 Chevrolet.

### Strike Blocked

Chicago, Dec. 21 (AP)—The National (Railway) Mediation Board today blocked a threatened pilots' strike on Western Air Lines as negotiators strove to get parties in the dispute together. The Air Line Pilots Assn. had called a strike for 6 a. m. today but postponed it at the request of the board in hopes of a peace conference yesterday afternoon in Chicago. Company representatives did not appear, and the union asked for release from the board's jurisdiction so that the pilots could strike as scheduled. Leverett Edwards, federal mediator who was to conduct yesterday's meeting in Chicago, refused, saying he still hoped to get the disputing parties together.

### Youth Is Shot

Utica, N. Y., Dec. 21 (AP)—The six-year-old son of an army sergeant was shot fatally last night by a rifle held by his 11-year-old brother, police said. A coroner ruled the death accidental. Thomas Blust was struck in the back of the head by a bullet from an Austrian Mannlischer rifle, police said. Thomas and the older boy, Barry, were alone in the house with a 15-year-old baby sitter. Thomas, a blond, blue-eyed kindergarten pupil, was watching television.

## Negligence Case Continued Today

Continued in Supreme Court today was the negligence action brought by Angelo Ferraro against Alfred H. Sierodski and the Redemptorist Fathers, Esopus, to recover damages arising out of an automobile accident. Roy L. Featherstone appears for plaintiff and John Scully of Oliver, Scully and Delaney for defendants.

The December term will conclude this week. During the term approximately 80 cases have been disposed of either by trial or through settlement after conferences with attorneys and Justice Harry E. Schirick.

AMONG THE cases settled during the term were:

An action to recover on insurance policy brought by Anthony P. F. Saccoman against Glens Falls Insurance Company. Thomas F. Saccoman for plaintiff and Cook and Cook for defendant.

Negligence action brought by Doris Kaplan against Per Haugen. Richter & Werbalowsky for plaintiff and Per Haugen for defendant.

Salvatore Fiordelino and another against John H. Schulte, negligence. William M. Griner for plaintiff and Cook and Cook for defendant.

Maria Wolf and another against The Great Atlantic and Pacific Tea Company, negligence. Charles H. Gaffney for plaintiff and Cook and Cook for defendant.

Judgment was directed in an undefended action brought by Floyd DeVoll against The Theobold Industries to recover overtime compensation, damages, and attorney's fees under a Federal statute. Judgment for plaintiff in the sum of $1,396.80 was directed and an allowance of $750 for counsel fees. Aaron E. Klein appeared for plaintiff.

### Shut Down Lasts

Detroit, Dec. 21 (AP)—Pressmen and publishers of Detroit's three struck metropolitan newspapers were in agreement today on a new contract. But the settlement had no immediate effect on ending the three-week-old walkout of stereotypers that shut down the dailies. Stereotypers, already buttressed in strike action by mailers, were joined last night by printers who voted 271 to 14 to strike. The mailers, affiliated with the International Typographical Union which also represents the printers, entered the strike Monday night. More than 1,200 of the 4,700 employes of the morning Free Press and afternoon News and Times, now are on strike. The 646 printers said they would join stereotyper and mailer picket lines around the three newspaper plants.

### Columnist Dies

Chicago, Dec. 21 (AP)—Mrs. Elizabeth Rannells, 50, Chicago Sunday Tribune columnist and a Chicago newspaper woman for 25 years, died yesterday after an illness of a year. Mrs. Rannells started with the old Journal of Commerce and later was with the Chicago Sun and the Sun-Times before going to the Tribune in 1952. She was a radio and television writer and author of books on restaurants.

*Taber, 76, in Congress 31 Years*

# No Lessening of Vigor Seen For Veteran Auburn Solon

BY JAMES C. MUNN
AP Special Washington Service

Washington, Dec. 21 (AP)—Rep. John Taber, Auburn Republican who is now well into his 76th year, shows no lesssening of the vigor that has marked his 31 years in Congress.

Taber's hoarse, rasping voice is one of his trademarks. He specializes in keeping a watchful eye on the public treasury from the vantage point of his high position on the House Appropriations Committee.

**HE HAS BEEN** called the "apostle of economy." Someday, somebody may attempt to total what he saved the taxpayers. The figure, all hands agree, would be colossal.

But right now, in his own district, Taber is faced with a difficult situation concerning use of Uncle Sam's money.

The air force wants to close its Sampson base, on the eastern shore of Seneca Lake. It is a part of Taber's district and, as a going concern, contributes mightily to the economy of the Finger Lakes section.

But, says the air force, the base no longer is needed for its operations. The work performed there—training of recruits—now can be handled at bases elsewhere.

**NORMALLY TABER** would concur quickly in a recommendation to close a military installation on the ground that much money could be saved. But, in the case of Sampson, closing is going to be painful for many of the people who regularly vote to return Taber to Congress.

So, in this instance, Taber is in the paradoxial situation of not trying to save money. He wants the base to remain in operation.

To state the matter fairly, it must be understood that Taber is not convinced—at this time—that closing will assure the economies the air force estimates. He is demanding further proof from the air force, and he intends to dig up figures of his own.

From the new data he may be able to show necessity for keeping Sampson open. He expects a decision next month.

Taber's vigor is astonishing. He doesn't look and certainly doesn't act like a man who will be 76 next May 5.

**TAKE A RECENT** day in Washington. His activities at that time weren't typical, perhaps, but it showed his capabilities.

He arose at 6 a. m. and, after a whopping breakfast, hurried to his Capitol Hill office for a round of work before going to the White House for a conference of legislative leaders with President Eisenhower.

Then he dashed over to the Pentagon to discuss the Sampson situation with Air Force Secretary Quarles. This conference, he said later, lasted longer than expected but, even so, he hustled back to his office to tell waiting reporters what had taken place.

Taber then was driven downtown to the Department of Justice for a conference with Atty. Gen. Brownell.

From there he was taken to the airport to board a Boston-bound plane. From Boston, he flew to Portland, Me.

How's that for a day? And at 75, too.

## $500,000 Fire Hits Pennsylvania Town

Lehighton, Pa., Dec. 21 (AP)—Fire raged uncontrolled in the main business section of this northeastern Pennsylvania community for more than three hours early today, destroying nine buildings and large quantities of Christmas merchandise and routing 15 families into five degree weather.

More than 300 firemen from nine communities and some National Guard volunteers fought the blaze.

Eight firemen suffered frostbite and one person was treated for shock.

Assistant Fire Chief Norman Schneck said a preliminary investigation indicated the loss might reach half a million dollars. He said the blaze was believed to have broken out shortly after midnight in the basement of a paint and wall paper store in the middle of South First street, the main business thoroughfare in this community of 6,600.

Taber's hoarse, rasping voice is one of his trademarks. He specializes in keeping a watchful eye on the public treasury from the vantage point of his high position on the House Appropriations Committee.

**HE HAS BEEN** called the "apostle of economy." Someday, somebody may attempt to total what he saved the taxpayers. The figure, all hands agree, would be colossal.

But right now, in his own district, Taber is faced with a difficult situation concerning use of Uncle Sam's money.

The air force wants to close its Sampson base, on the eastern shore of Seneca Lake. It is a part of Taber's district and, as a going concern, contributes mightily to the economy of the Finger Lakes section.

But, says the air force, the base no longer is needed for its operations. The work performed there—training of recruits—now can be handled at bases elsewhere.

**NORMALLY TABER** would concur quickly in a recommendation to close a military installation on the ground that much money could be saved. But, in the case of Sampson, closing is going to be painful for many of the people who regularly vote to return Taber to Congress.

So, in this instance, Taber is in the paradoxial situation of not trying to save money. He wants the base to remain in operation.

To state the matter fairly, it must be understood that Taber is not convinced—at this time—that closing will assure the economies the air force estimates. He is demanding further proof from the air force, and he intends to dig up figures of his own.

From the new data he may be able to show necessity for keeping Sampson open. He expects a decision next month.

Taber's vigor is astonishing. He doesn't look and certainly doesn't act like a man who will be 76 next May 5.

**TAKE A RECENT** day in Washington. His activities at that time weren't typical, perhaps, but it showed his capabilities.

He arose at 6 a. m. and, after a whopping breakfast, hurried to his Capitol Hill office for a round of work before going to the White House for a conference of legislative leaders with President Eisenhower.

Then he dashed over to the Pentagon to discuss the Sampson situation with Air Force Secretary Quarles. This conference, he said later, lasted longer than expected but, even so, he hustled back to his office to tell waiting reporters what had taken place.

Taber then was driven downtown to the Department of Justice for a conference with Atty. Gen. Brownell.

From there he was taken to the airport to board a Boston-bound plane. From Boston, he flew to Portland, Me.

How's that for a day? And at 75, too.

## $500,000 Fire Hits Pennsylvania Town

Lehighton, Pa., Dec. 21 (AP)—Fire raged uncontrolled in the main business section of this northeastern Pennsylvania community for more than three hours early today, destroying nine buildings and large quantities of Christmas merchandise and routing 15 families into five degree weather.

More than 300 firemen from nine communities and some National Guard volunteers fought the blaze.

Eight firemen suffered frostbite and one person was treated for shock.

Assistant Fire Chief Norman Schneck said a preliminary investigation indicated the loss might reach half a million dollars. He said the blaze was believed to have broken out shortly after midnight in the basement of a paint and wall paper store in the middle of South First street, the main business thoroughfare in this community of 6,600.

## Zephaniah Chapter Brings Holiday Cheer to Infirmary

The Zephaniah Chapter of B'nai B'rith has delivered 96 Christmas gifts to Mrs. Hilda Yerry, supervising nurse at the Ulster County Chronic Infirmary on Flatbush avenue.

These gifts will be presented to each patient at the Infirmary on Christmas morning with their breakfast tray.

MR. AND MRS. GEORGE D. DEYO
(Pennington Studio)

## Ingrid Ilgner Weds George David Deyo

Miss Ingrid Mary E. Ilgner, daughter of Mrs. Gerhard Ilgner of 170 Henry street and Gerhard P. Ilgner of Munich, Germany, became the bride of George David Deyo, son of Mr. and Mrs. George J. Deyo of Yarmouth street, Sunday, Dec. 18, at St. Joseph's Church. The Rev. Alfred Glancy officiated.

Mrs. Gertrude Rafferty was at the organ.

The bride was given in marriage by her brother, Gunther E. Ilgner and she wore a gown of rose point lace, posed over bridal satin, fashioned with a molded bodice, long tapered sleeves, and a sequin embroidered Vee neckline. Her bouffant floor length skirt featured a double lace peplum. She wore a princess crown of starched lace, sequin trimmed, from which fell her Franch illusion fingertip veil. She carried a cascade of white carnations centered with a pale lavender orchid.

Miss Doris Eckert of 19 Oak street was the maid of honor and she wore a gown of aqua taffeta faille fashioned with a molded bodice and a bouffant floor length skirt trimmed with net. A net fichu covered the shoulders and she wore a pillbox headpiece of pink flowers with an afternoon veil. The maid of honor carried a cascade of deep pink carnations styled in a crescent shape.

Best man was Gene Haywood of South Dakota and ushers included William Scafini and Charles Hoehing of Kingston.

A reception was held at the home of the bridegroom for approximately 50 guests.

Miss Ilgner is a graduate of Kingston High School and is employed by the New York Telephone Company.

The bridegroom attended Kingston High School and is presently in the service of the U. S. Navy, stationed at Norfolk, Va.

For her wedding trip south, the bride chose a navy blue suit. dress and wore a white orchid.

The couple will reside at 170 Henry street.

**PAYING EXPENSES ON A TRIP**

A reader tells me "My sister and I are going to visit relatives on the west coast shortly. During our visit, my cousin and her husband have planned several sightseeing trips. One will be an overnight trip. This means that we will spend one night in a motel and also have several meals out. I would like to know if we should pay for our room at the motel and also to pay for any of our meals that we have out."

If it is their suggestion, it is their responsibility to pay. But if you say you would like to go and they offer to take you, then paying your own way is your responsibility.

**Rising for Stenographer**

Dear Mrs. Post: I have just been made manager of my firm and have been given my own private office. I would like to know if I should rise when a stenographer comes into my office to take dictation.

Answer: A man does not rise when a stenographer or other woman employe comes into his office. But you must stand to receive a woman visitor and remain standing until she is seated. You stand again when she prepares to leave and go with her to the door, open it for her and "bow her out."

**Putting Up Wedding Guests**

Dear Mrs. Post: Some of my relatives have offered to put up out-of-town wedding guests—most of them on the groom's side. Is it enough for me to write his relatives (whom I have never met) and invite them, or should my relatives do this?

Answer: It is only necessary that you write and say that arrangements have been made to take care of them during their visit. And when they arrive tell them that they are "going to stay at Aunt Mary's house," or "Mrs. Neighbor is expecting them." Afterwards, they should of course write to their hosts and thank them for their kindness.

Mrs. Post is sorry she cannot answer personal mail. Her leaflet E-11, "Do You Know Your ABC's in Manners?" will answer questions for boys and girls of high-school age. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

## Zephaniah Chapter Brings Holiday Cheer to Infirmary

The Zephaniah Chapter of B'nai B'rith has delivered 96 Christmas gifts to Mrs. Hilda Yerry, supervising nurse at the Ulster County Chronic Infirmary on Flatbush avenue.

These gifts will be presented to each patient at the Infirmary on Christmas morning with their breakfast tray.

MR. AND MRS. GEORGE D. DEYO
(Pennington Studio)

## Ingrid Ilgner Weds George David Deyo

Miss Ingrid Mary E. Ilgner, daughter of Mrs. Gerhard Ilgner of 170 Henry street and Gerhard P. Ilgner of Munich, Germany, became the bride of George David Deyo, son of Mr. and Mrs. George J. Deyo of Yarmouth street, Sunday, Dec. 18, at St. Joseph's Church. The Rev. Alfred Glancy officiated.

Mrs. Gertrude Rafferty was at the organ.

The bride was given in marriage by her brother, Gunther E. Ilgner and she wore a gown of rose point lace, posed over bridal satin, fashioned with a molded bodice, long tapered sleeves, and a sequin embroidered Vee neckline. Her bouffant floor length skirt featured a double lace peplum. She wore a princess crown of starched lace, sequin trimmed, from which fell her Franch illusion fingertip veil. She carried a cascade of white carnations centered with a pale lavender orchid.

Miss Doris Eckert of 19 Oak street was the maid of honor and she wore a gown of aqua taffeta faille fashioned with a molded bodice and a bouffant floor length skirt trimmed with net. A net fichu covered the shoulders and she wore a pillbox headpiece of pink flowers with an afternoon veil. The maid of honor carried a cascade of deep pink carnations styled in a crescent shape.

Best man was Gene Haywood of South Dakota and ushers included William Scafini and Charles Hoehing of Kingston.

A reception was held at the home of the bridegroom for approximately 50 guests.

Miss Ilgner is a graduate of Kingston High School and is employed by the New York Telephone Company.

The bridegroom attended Kingston High School and is presently in the service of the U. S. Navy, stationed at Norfolk, Va.

For her wedding trip south, the bride chose a navy blue suit dress and wore a white orchid.

The couple will reside at 170 Henry street.

## Good Taste Today

By EMILY POST
(Author of Etiquette, Children Are People, etc.)

**PAYING EXPENSES ON A TRIP**

A reader tells me "My sister and I are going to visit relatives on the west coast shortly. During our visit, my cousin and her husband have planned several sightseeing trips. One will be an overnight trip. This means that we will spend one night in a motel and also have several meals out. I would like to know if we should pay for our room at the motel and also to pay for any of our meals that we have out."

If it is their suggestion, it is their responsibility to pay. But if you say you would like to go and they offer to take you, then paying your own way is your responsibility.

**Rising for Stenographer**

Dear Mrs. Post: I have just been made manager of my firm and have been given my own private office. I would like to know if I should rise when a stenographer comes into my office to take dictation.

Answer: A man does not rise when a stenographer or other woman employe comes into his office. But you must stand to receive a woman visitor and remain standing until she is seated. You stand again when she prepares to leave and go with her to the door, open it for her and "bow her out."

**Putting Up Wedding Guests**

Dear Mrs. Post: Some of my relatives have offered to put up out-of-town wedding guests—most of them on the groom's side. Is it enough for me to write his relatives (whom I have never met) and invite them, or should my relatives do this?

Answer: It is only necessary that you write and say that arrangements have been made to take care of them during their visit. And when they arrive tell them that they are "going to stay at Aunt Mary's house," or "Mrs. Neighbor is expecting them." Afterwards, they should of course write to their hosts and thank them for their kindness.

* * *

Mrs. Post is sorry she cannot answer personal mail. Her leaflet E-11, "Do You Know Your ABC's in Manners?" will answer questions for boys and girls of high-school age. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y.

### Advises Strike

New York, Dec. 21 (AP)—Transport Workers Union President Mike Quill says he will recommend a Jan. 4 strike by some 2,500 ferry and tugboat crewmen against nine railroads. The walkout could affect railroad ferry operations in Philadelphia, Baltimore, Norfolk, Va. and New York. The railroads involved in the dispute carry freight and passengers across the harbor.

### Albany Fire Forces 17 From Homes

Albany, N. Y., Dec. 21 (AP)—Fire yesterday drove 17 persons including 11 children, into near zero cold from their homes in a building in the downtown business section.

Four children had been in bed with chicken pox. They left without coats or shoes. No one was injured.

Firemen said the rear of the two-story brick building at 692-694 Broadway, near Clinton avenue, suffered heavy damage. They made no monetary estimate.

The building housed a dry cleaning shop, a locksmith and a tavern on the ground floor. Firemen said the flames began in a rear room of the cleaning shop.

KATHRYN GAETJENS

Mr. and Mrs. William Gaetjens of Accord announce the engagement of their daughter, Kathryn, to Etienne Farrand Messinger Jr., son of Mr. and Mrs. E. T. Messinger Sr., of Accord.

Miss Gaetjens is a graduate of the Kerhonkson High School and is a student nurse at Bellevue Nursing School in New York city.

Her fiance is a graduate of Kerhonkson High School, attended "The Citadel" and is now a student at the University of Maine.

No date has been set for the wedding.

## Chapter Sweetheart Elected by Members Of B'nai B'rith

ELAINE SCHWARTZ

At a meeting of the B'nai B'rith girls held at the Jewish Community Center, Elaine Schwartz was elected Chapter Sweetheart and will enter the regional contest at the B'nai B'rith regional convention to be held in Syracuse on Dec. 25. Miss Schwartz was elected on the basis of personality, character and knowledge of the B'nai B'rith Youth Organizations.

Also attending the convention will be Miriam Schecter, Paula Abelove, Marilyn Black, Faye Kessler, Rosanne Orkoff, Phyllis Kantrowitz and Elaine Schwartz.

Entering in the story-telling contest of the convention will be Miriam Schecter. This contest will be judged on the basis of quality, oratory and material.

The chapter as a whole will enter the scrapbook contest which will consist of pictures, programs, newspaper clippings and invitations. Heading this committee will be Marilyn Black, Miriam Schecter and Barbara Leventhal.

## Sisterhood Plans Cafeteria Supper

The Sisterhood of Ahavath Israel held a regular monthly meeting Dec. 14 at the vestry hall and plans were formulated for a cafeteria supper to be held Sunday, Jan. 22. Mrs. George Muller, president, presided at the meeting.

New members welcomed by the Sisterhood were the Mmes. Saul Kaplan, Bessie Pekarsky, Bernie Singer, George Small, Kay Harding, Edith Fuchs and Mary Falickman. A formal installation will be held at the membership meeting.

The Mmes. Irving Levine, Larry Jacobs and James Flemming were in charge of the successful cake sale which followed the business meeting. A play, "Malka Bakes Latkes" was presented with the Mmes. Sanford Gossett, George Muller, Irving Wilpan, Ida Weinstein, and Charlotte Greenwald.

Hanukkah gifts were exchanged and refreshments were served.

## Home Extension Service News

**NEW OFFICERS** were elected for the Ulster County Extension Service Association, Home Demonstration Department. They are Mrs. Millard Davis, chairman, Mrs. William Cranston, county vice chairman, Mrs. Thomas Powers, secretary. The new officers were elected at a Dec. 13 meeting at 220 Wall street and Miss Hazel Reed, associate state leader of home demonstration agents was present at the meeting.

**WEST HURLEY UNIT** of the Home Extension Service held a regular meeting Thursday, Dec. 15 with 23 members in attendance. Following the regular business meeting the annual Christmas party was held. A number of games were played and refreshments were served.

Refreshments committee included Mmes. Johanna Macky, Ethel McNamee, Ruth Kemmerer, Marie Soszka and Eleanor Patterson.

For the occasion the table was decorated with several large candles and small individual ones. Gifts were exchanged following which several members gave brief talks on how Christmas is celebrated in their former native countries.

Kentucky's bituminous coal mines produce about 64,000,000 tons annually.

## Weather or Not

Albuquerque, N. M. (AP)—Ever decide that life can't possibly be as serious as everyone makes it? An Albuquerque weatherman apparently did one morning as he announced to the world over his teletype printer: "Here is a weather summary of interest to practically no one." He then told that at some particular hour and date it was 46 degrees in Aberdeen and the skies were clear. London had a fog and 51 degrees and at Kimpo it was 45 degrees and clear.

The town of Lampun, the first Lao capital in Siam, was founded about 575 A.D.

## THE THREE WISHES — A Christmas Story — By WALT SCOTT

## On the Double

Charlotte, N. C. (AP)—Former Gov. James F. Byrnes of South Carolina was stopped by a similarly looking man as the former public official dashed into the airport terminal between flights here. "Sure glad to meet you," said A. D. Lajoie, "I've been mistaken for you 100 times." "Well," replied Byrnes, "I hope you've been behaving yourself."

Texas has 11 deepwater ports, all of them man-made.

# Leaves From Boyle's Notebook

By HAL BOYLE

New York (AP)—The hand that rocks the cradle is now reaching out to rule the automobile.

The motor car in the past has been pretty much a masculine creation, built to appeal to the eye and mind of that manly fellow, the American husband.

But the great sales market today is little Mrs. Moneybags herself—the American wife, who hoards or dispenses the family bundle of scratch. To please her the motor car of the future will be more feminine—and don't be surprised if it ends up with venetian blinds and lace curtains.

**A SIGN** of the times is the fact a major car manufacturer has retained Melanie Kahane, the well known interior designer, to outfit a car experimentally "from the woman's point of view." ....

Mrs. Kahane, who previously had designed everything from men's cufflinks to kitchen cabinets, from sofas to gas stations, pounced gleefully on the opportunity to feminize the motor car.

She feels deeply that male designing genius has exhausted itself on such items as chrome lights and horns that bay coyly, "bo-beep-o-beeeeeeep!"

"What happened to the home must happen to the motor car," she said firmly. "The public is satiated with external gadgets. There has been too much frosting on the cake.

**"THE INTERIOR** of the car must be made more comfortable. A car must become more than merely a vehicle for transportation. It must be made more comfortable—and become a kind of home on wheels."

As she envisions it this traveling home will have many of the comforts of the kitchen, boudoir, and living room, and even some of the conveniences of the bathroom.

"Take the glove compartment of the average automobile," she said. "It is just so much wasted space. It is just a cluttered catch-all, like the attic in an old house.

**"THIS SPACE CAN** be redesigned to hold a woman's makeup kit, a man's electric razor, shaving lotion and disposable towels.

"I also see no reason why we can't have the equivalent of a small Pullman sink off the dashboard to freshen up while traveling. It could also provide cold drinking water."

Some other suggested improvements by Mrs. Mahane:

"A slot under the front seat to hold an umbrella."

"A pillow with a zippered space holding a plastic raincoat—you never have a raincoat handy in a car when you really need it."

"A space under the right front arm rest to hold a lady's handbag or a man's portfolio." (A traveling bachelor might even find this a handy place to carry his etchings, if he's really going to make his car a home!)

**"A FOOT WARMER,** hair dryer, electric heating unit for warming up a cup of coffee en route, and a massage machine to eliminate fatigue while on the road."

"A folding stand-up canvas bathhouse in the storage compartment that will enable a woman to change her clothing in privacy."

"Specially designed luggage that will fit the space in the rear trunk compartment exactly, thus simplifying packing."

Do these ideas seem revolutionary to you? They don't to Mrs. Mahane, who has applied for patents on some of them.

"I'm not riding on Cloud No. 7," she said firmly. "If they are going to sell cars to women, they have to be made more comfortable."

## Modena

Modena, Dec. 20—Members of the Wesleyan Service Guild of the Modena Methodist Church held their annual Christmas party on Saturday evening, at the home of Mr. and Mrs. Herbert Winters. Those present to enjoy games, fellowship and refreshments served buffet style were Mr. and Mrs. Gerald DuBois, Mr. and Mrs. Burton R. Ward, Mr. and Mrs. Bruce Crane, Mr. and Mrs. Louis Hyatt, Mr. and Mrs. Ralph Tice, Mrs. John E. Swords and Mrs. Emmett Hyatt.

Mr. and Mrs. Charles Johnston of New Paltz were visitors at the home of Mr. and Mrs. Oscar R. Smith and Marguerite A. Smith Saturday.

Mr. and Mrs. Tony Mouzithras visited Mr. and Mrs. Frank Donato at Ardonia on Saturday evening.

Local members of the Plattekill Grange are planning to attend the Christmas program and party to be held Tuesday evening at the Grange hall.

Mrs. Herbert A. Winters gave a Christmas party to the children whom she has been instructing in classes in religious education, released time from school studies at her home on Mondays.

Mrs. Burton R. Ward was elected vice-president of the Missionary Society of the New Hurley Reformed Church at a meeting held recently at the church hall.

Mrs. Ira DeVoe Jr., and daughter, Lynn, of Wallkill, visited Mrs. Lester A. Wager Jr., Saturday.

Announcement has been received here of the wedding of Miss Eleanor O'Donnell, daughter of Mr. and Mrs. John O'Donnell of Newburgh, and Roy Hansen, son of Mrs. Hansen of Modena at St. Mary's Church in Newburgh on Saturday, Dec. 3. Attendants were Miss Joan O'Donnell, sister of the bride and Norman Hansen, brother of the bridegroom. Following the ceremony, a reception was held at Meadowbrook Lodge. The bride is employed by the New York Telephone Co., and the groom is an employe of the IBM at Poughkeepsie. Mr. and Mrs. Hansen are residing in Newburgh.

Mr. and Mrs. Freston J. Paltridge and Miss Glennie M. Wager are planning to spend Christmas with Mr. and Mrs. S. L. Bernard and family at Poughkeepsie.

Mr. and Mrs. Burton R. Ward will be guests at a family reunion at the home of Mr. and Mrs. Clifford Hotaling near Wallkill on Christmas.

**Common Type of Banana**

The most common type of banana is musa sapientum—"fruit of the wise men." Nearly all bananas eaten in this country are a variety of this species.

## Long Time Smithy

Bourbonnais, Ill. (AP)—Arsene Beauclerc, the village blacksmith doesn't envision a time when he will want to stop working. He broke into the blacksmith trade at the age of 16 and worked as an apprentice to a Canadian blacksmith 63 years ago. He came to the United States in 1894 and Bourbonnais in 1910. He hasn't laid down his hammer and tongs since he arrived.

Albuquerque, N. M. (AP)—Ever decide that life can't possibly be as serious as everyone makes it? An Albuquerque weatherman apparently did one morning as he announced to the world over his teletype printer: "Here is a weather summary of interest to practically no one." He then told that at some particular hour and date it was 46 degrees in Aberdeen and the skies were clear. London had a fog and 51 degrees and at Kimpo it was 45 degrees and clear.

The town of Lampun, the first Lao capital in Siam, was founded about 575 A.D.

THE THREE WISHES — A Christmas Story — By WALT SCOTT

### On the Double

Charlotte, N. C. (AP)—Former Gov. James F. Byrnes of South Carolina was stopped by a similarly looking man as the former public official dashed into the airport terminal between flights here. "Sure glad to meet you," said A. D. Lajoie, "I've been mistaken for you 100 times." "Well," replied Byrnes, "I hope you've been behaving yourself."

Texas has 11 deepwater ports, all of them man-made.

## Leaves From Boyle's Notebook

By HAL BOYLE

New York (AP)—The hand that rocks the cradle is now reaching out to rule the automobile.

The motor car in the past has been pretty much a masculine creation, built to appeal to the eye and mind of that manly fellow, the American husband.

But the great sales market today is little Mrs. Moneybags herself—the American wife, who hoards or dispenses the family bundle of scratch. To please her the motor car of the future will be more feminine—and don't be surprised if it ends up with venetian blinds and lace curtains.

**A SIGN** of the times is the fact a major car manufacturer has retained Melanie Kahane, the well known interior designer, to outfit a car experimentally "from the woman's point of view."

....

Mrs. Kahane, who previously had designed everything from men's cufflinks to kitchen cabinets, from sofas to gas stations, pounced gleefully on the opportunity to feminize the motor car.

She feels deeply that male designing genius has exhausted itself on such items as chrome lights and horns that bay coyly, "bo-beep-o-beeeeeeep!"

"What happened to the home must happen to the motor car," she said firmly. "The public is satiated with external gadgets. There has been too much frosting on the cake.

**"THE INTERIOR** of the car must be made more comfortable. A car must become more than merely a vehicle for transportation. It must be made more comfortable—and become a kind of home on wheels."

As she envisions it this traveling home will have many of the comforts of the kitchen, boudoir, and living room, and even some of the conveniences of the bathroom.

"Take the glove compartment of the average automobile," she said. "It is just so much wasted space. It is just a cluttered catch-all, like the attic in an old house.

**"THIS SPACE CAN** be redesigned to hold a woman's makeup kit, a man's electric razor, shaving lotion and disposable towels.

"I also see no reason why we can't have the equivalent of a small Pullman sink off the dashboard to freshen up while traveling. It could also provide cold drinking water."

Some other suggested improvements by Mrs. Mahane:

"A slot under the front seat to hold an umbrella."

"A pillow with a zippered space holding a plastic raincoat—you never have a raincoat handy in a car when you really need it."

"A space under the right front arm rest to hold a lady's handbag or a man's portfolio." (A traveling bachelor might even find this a handy place to carry his etchings, if he's really going to make his car a home!)

**"A FOOT WARMER,** hair dryer, electric heating unit for warming up a cup of coffee en route, and a massage machine to eliminate fatigue while on the road."

"A folding stand-up canvas bathhouse in the storage compartment that will enable a woman to change her clothing in privacy."

"Specially designed luggage that will fit the space in the rear trunk compartment exactly, thus simplifying packing."

Do these ideas seem revolutionary to you? They don't to Mrs. Mahane, who has applied for patents on some of them.

"I'm not riding on Cloud No. 7," she said firmly. "If they are going to sell cars to women, they have to be made more comfortable."

### *Modena*

Modena, Dec. 20—Members of the Wesleyan Service Guild of the Modena Methodist Church held their annual Christmas party on Saturday evening, at the home of Mr. and Mrs. Herbert Winters. Those present to enjoy games, fellowship and refreshments served buffet style were Mr. and Mrs. Gerald DuBois, Mr. and Mrs. Burton R. Ward, Mr. and Mrs. Bruce Crane, Mr. and Mrs. Louis Hyatt, Mr. and Mrs. Ralph Tice, Mrs. John E. Swords and Mrs. Emmett Hyatt.

Mr. and Mrs. Charles Johnston of New Paltz were visitors at the home of Mr. and Mrs. Oscar R. Smith and Marguerite A. Smith Saturday.

Mr. and Mrs. Tony Mouzithras visited Mr. and Mrs. Frank Donato at Ardonia on Saturday evening.

Local members of the Plattekill Grange are planning to attend the Christmas program and party to be held Tuesday evening at the Grange hall.

Mrs. Herbert A. Winters gave a Christmas party to the children whom she has been instructing in classes in religious education, released time from school studies at her home on Mondays.

Mrs. Burton R. Ward was elected vice-president of the Missionary Society of the New Hurley Reformed Church at a meeting held recently at the church hall.

Mrs. Ira DeVoe Jr., and daughter, Lynn, of Wallkill, visited Mrs. Lester A. Wager Jr., Saturday.

Announcement has been received here of the wedding of Miss Eleanor O'Donnell, daughter of Mr. and Mrs. John O'Donnell of Newburgh, and Roy Hansen, son of Mrs. Hansen of Modena at St. Mary's Church in Newburgh on Saturday, Dec. 3. Attendants were Miss Joan O'Donnell, sister of the bride and Norman Hansen, brother of the bridegroom. Following the ceremony, a reception was held at Meadowbrook Lodge. The bride is employed by the New York Telephone Co., and the groom is an employe of the IBM at Poughkeepsie. Mr. and Mrs. Hansen are residing in Newburgh.

Mr. and Mrs. Freston J. Paltridge and Miss Glennie M. Wager are planning to spend Christmas with Mr. and Mrs. S. L. Bernard and family at Poughkeepsie.

Mr. and Mrs. Burton R. Ward will be guests at a family reunion at the home of Mr. and Mrs. Clifford Hotaling near Wallkill on Christmas.

The most common type of banana is musa sapientum—"fruit of the wise men." Nearly all bananas eaten in this country are a variety of this species.

### Long Time Smithy

Bourbonnais, Ill. (AP)—Arsene Beauclerc, the village blacksmith doesn't envision a time when he will want to stop working. He broke into the blacksmith trade at the age of 16 and worked as an apprentice to a Canadian blacksmith 63 years ago. He came to the United States in 1894 and Bourbonnais in 1910. He hasn't laid down his hammer and tongs since he arrived.

## Candidate Exams For State Police Set January 28

An open competitive examination of candidates for trooper, executive department, division of state police will be held at Kingston, Hudson and Poughkeepsie and at such other places as may be designated on Saturday, Jan. 28.

The salary range is $2,600 to $4,400 per annum, plus food or an allowance in lieu thereof amounting to approximately $1,172; in addition, lodging, all service clothing and equipment, together with retirement provisions after 20 years or 25 years service in the Division of State Police, medical, surgical and disability benefits, state police school instructions and training and opportunities for advancement.

ACCORDING TO Francis S. McGarvey, superintendent, immediate appointments will be made. The eligible list established by this examination shall remain in force and effect for a minimum period of one year.

Applications must be submitted on blanks provided by the superintendent and may be obtained in person or by mail from the Division of State Police, Albany. Applications filed by mail bearing a postmark later than midnight of January 23 may not be accepted. Applications filed in person in the office of the Division of State Police later than midnight of January 25 may not be accepted.

### Long Way Home

Bozeman, Mont. (AP)—A flag from the Philippines—a prize of war—has taken the long ride home. In World War 2, a Japanese soldier seized it. Later M. Sgt. R. R. Holden took the flag back and brought it with him when he returned to Montana State College on the science faculty. When Juan de Rodriues, a Filipino provincial governor, returned to his alma mater, Montana, to receive a doctorate of laws honorary degree, Holden presented the flag —to take it home.

## Do You Remember

By SOPHIE MILLER

Received an interesting note from Mrs. Samuel A. McCaulley of 1044 Allengrove street, Philadelphia 24, Pa., a former Kingstonian who recently read about the Clinton family in this column The Country Store which is coming back into popularity is her subject for a talk at her club and she asked if I could help her describe the real old-fashioned kind, not the new kind which is attracting tourist trade. Unfortunately, I have never spent any time in a real old-fashioned country store, with kerosene lamps hanging from the ceiling, the famous cracker barrel, the pot-bellied stove, the old coffee mill, and the potato stuck in the spout of a kerosene can. My youth was spent in Port Ewen and Rondout and they had modern stores way back. I never saw anyone play checkers in any of the stores. Perhaps some of the readers remember such stores deeper in the country and could write to Mrs. McCaulley and tell her all about it. Of course, every store is different, and run according to the whims of the proprietor, thus no two being alike.

To those who want all their questions answered on the Mary Powell history, may I refer them to The American Neptune magazine of July and October of 1954. The splendid articles are illustrated with good photographs by Donald C. Ringwald of Kingston. Mr. Ringwald is known as the formost authority on the famous steamboat, Mary Powell. He is also now on the editorial staff of the "Steamboat Bill of Facts, Journal of the Steamship, Historical Society of America." A well illustrated and clear printed documented booklet. In the June, 1955 issue, Mr. Ringwald covers our famous "Ice King" the Norwich. I am not going to try and cover the Norwich article at this time, as Mr. Ringwald wrote it with great detail and I must read it a number of times before I can even attempt to retell part of it. This Norwich article is continued in the September, 1955 issue of the Steamboat Bill of Facts." There are a number of good photos from Mr. Ringwald's collection. The Norwich ran up and down the Hudson river for 84 years, and many folks must remember her for she was not completely dismantled till the early 1930's down at Tucker's Beach in Port Ewen, the winter berth of the famous Mary Powell.

There are many Hudson river articles in these magazines that Mr. Ringwald left me. One about the Central Hudson with a fine photo of the pilot house under which is printed: "This unusual pilot house picture of Central-Hudson, a James W. Baldwin is from the collection of Captain William O. Benson, who believes it was taken about 1905. The four steamboatmen who peer from the windows are identified by Captain Benson as: Capt. W. L. Dennis, Lookout Carey C. Secor, Pilot Amos Cooper and Pilot Abraham L. Brooks. Both Lookout Secor and Pilot Cooper became, in later year, well-known Hudson River steamboat captains." Perhaps some of the readers know the above names. The December 1955 issue covers the steamship, James W. Baldwin, which was launched on Nov. 19, 1860 from the Michael S. Allison yard, at Jersey City, N. J. The editor of the December 1955 issue is Donald C. Ringwald and writer of the Baldwin coverage.

## Will Give Area Ski Conditions

Skiing reports from the Belleayre and Highmount ski centers which have been made available to local people through the cooperation of the Kingston Area Chamber of Commerce and the Trailsweepers Ski Club, will be received by calling 5233 any time of the day or night. This service is available 24 hours a day every day of the week during the ski season.

This free public service will make available to ski enthusiasts and to hotels, restaurants and other places where skiers are likely to assemble, the latest conditions at the ski centers of Ulster county. Information will be forwarded from Art Draper to the local service and actual ski-conditions will be available at all hours of the day or night.

It will be noticed the phone is not that of the Chamber of Commerce, but an answering service which is open 24 hours a day. The service will be available at hours when the Chamber office is normally closed.

# Saugerties Cracks New Paltz, 88-67, for Seventh Straight Win

## Take Fourth UCAL Cage Win; Harp Scores 33

### Hansen Leads Sawyers With 26

**Saugerties High School overrode New Paltz Central last night, 88-67, for its seventh straight basketball victory. Coach Bud Smith's tall Sawyer quintet led all the way while posting UCAL win No. 4.**

Last night's duel set the stage for a Jan. 6 meeting between Saugerties and Kerhonkson, both unbeaten in league play. This battle, at the SHS gym, will go a long way toward deciding the UCAL winner. At the moment, Saugerties is the odds-on choice.

The UCAL standings:

| Team | Won | Lost |
|---|---|---|
| Saugerties | 4 | 0 |
| Kerhonkson | 3 | 0 |
| Marlboro | 2 | 2 |
| Highland | 1 | 2 |
| New Paltz | 1 | 2 |
| Onteora | 0 | 2 |
| Wallkill | 0 | 3 |

The Sawyers won handily despite another magnificent scoring effort on the part of New Paltz center Darrell Harp.

**HARP,** the blond bomber who has been setting the UCAL afire, threw in 33 points—one short of half the Huguenots' total.

Last night's sum brought Harp's total for seven games to 181—just short of 26 per game.

Saugerties center Bob Hansen was almost as brilliant last night. Hansen racked up 26 points while playing little more than 20 minutes of the game.

Both pivotmen got the majority of their points under the backboards. Hansen had a hot third period, getting 14. Harp was consistent with quarter totals of seven, nine, 10 and seven.

**THE SAWYERS** provided Hansen with plenty of help in both the point department and under the boards. Bill Hanna added 15, John Kerin 14 and Don Whitaker 13 points. Harp had little assistance, except from George Power, who did well on defensive rebounding.

Saugerties won the jayvee game, 72-34. The scoring honors went to Austin Kerin with 15. Don Mormile and Ed Riozzi had 14 each and Barry Fellows 13. Walt Dyer's eight led the losers.

## Reward Colts With Fat Bonus

Baltimore, Dec. 21 (AP) — A fourth-place finish in the Western Conference of the National Football League was worth $1,000 each to the Baltimore Colts in the way of a Christmas bonus, it was disclosed yesterday.

Carroll Rosenbloom, Baltimore clothing manufacturer and principal owner of the Colts, continued his policy of restricting management from taking as much as "one cent of profit" from the team as he sliced the year end melon.

Johnny-come-latelies like Bob White were given pro-rated shares, but nearly all of the rest of the 36-man squad had an extra $1,000 today.

## Bearpen Ski Opener Saturday; Longest Vertical Drop in N.Y.

Princeton Ski Bowl on 3600-foot Bearpen Mountain in the northwest Catskills at Prattsville will officially open its first full season for skiing, tobogganing and sledding Saturday.

The newest ski course in the area will operate daily through January 3 and thereafter on weekends and college vacations.

Princeton Bowl was designed and built by Ben C. Lane, general manager and youngest ski operator in the country. It has been under construction for three years and was started while he was a junior at Princeton University. Hence the name, Princeton Bowl.

**JOE BERRY,** one of America's great ski instructors, will direct Bearpen Ski School offering USEASE certified instruction to all classes of skiers. He will also conduct exhibition ice skating.

Last year it opened late in the season on an experimental basis and operated until April 10 with 156 ski days. This year Bearpen has a new face. It has the longest Boulevard Trail in the east and the longest vertical drop in New York. The Plunge which has already gained a reputation with experts has been extended. The Headwall Run was designed for skiers who enjoy the steep runs at Mt. Washington. The Ski Spree is a giant slope trail 1.1 miles long with a 1300-foot drop to be extended to 1900 feet.

The Bearpen Run is a new intermediate trail and in front of the Lodge is the new, broad Panorama Slope. The Summit Slope is the highest tow-served slope in the East and is safe and thrilling for expert, intermediate and novice.

**A SEPARATE** first aid building is conveniently located by the new and highest ski school slope in the east. A new lift line to the top of the mountain was built as a Pomalift, but which for lack of time to finish is temporarily equipped as a rope tow. All other tows are relocated and improved.

In the hub of all activity is the big Summit Lodge of concrete and cement block construction built into the side of the mountain. It has its own telephone system connecting the slopes and trails; its own electric generating plant, gas facilities, snack bar, ski shop, picnic tables and an open-hearth fireplace. It has a powerful amplifying system which will provide music and instructions.

Adjacent to the lodge is the big ice skating pond and hockey rink, the highest in the east. Beyond it on the sunny side of the mountain is a new, broad, gentle slope, seeded and graded, with its own walk-back trail to be used for tobogganing and sledding.

**THIS YEAR** skiers with chains and snow tires will be able to drive right up to the top of the mountain and park free. The Bearpen road from Windy Point on the Prattsville road has been widened and cleared for two-way traffic.

Bearpen is the new ski and winter sports center with a private club atmosphere.. Here all activities are from the top of the mountain downward, instead of from the bottom, wishing to be up.

The course can be reached by the Thruway then Route 28 to Shandaken, then Route 42 to Lexington, where you turn left with 23-A to Prattsville.

## Zuppke's Condition Termed as 'Serious'

Champaign, Ill., Dec. 21 (AP)—Bob Zuppke, one of America's foremost football coaches, is hospitalized and in serious condition after suffering a stroke last weekend.

Zuppke, 76, Illinois coach for 29 seasons before retiring in 1941, was hospitalized last Friday with what physicians called a "cerebral vascular accident."

Dr. J. B. Christie, associated with Cole Hospital, said "you'd call it a hemorrhage or blood clot."

### Matthews Quits

San Francisco, Dec. 21 (AP)—Clay Matthews, 220-pound end and defensive captain of the San Francisco 49ers, is quitting the National Football League team to go into business. The former Georgia Tech athlete announced yesterday he would not return next season.

Welterweight champion Carmen Basilio is one of ten children.

## Blues Rack MHS, 89-63

Poughkeepsie High School marched to its fourth DUSO League basketball victory last night at Monticello, overwhelming the home team 89-63.

The Pioneers, dogged for the first period, blew the game wide open in the second and third sessions.

Sam Kalloch played it close to the vest. He kept his first team in action for almost the entire game. With the Bridge City team in front 77-38 with six minutes remaining, Sam substituted. Monticello promptly lessened the lead, but the visitors had too great a margin to overcome.

Monty Stickles was the top scorer, hitting 24 points. Stu Sonne added 17, Lee J. Nelson 16 and George Phillips 12. Marv Schwartz and Bob Stratton had a dozen each and Alvin Phillips 10 for the Monties.

### Two Rejoin Boston Skaters

Boston, Dec. 21 (AP)—Wingers Doug Mohns and Lorne Ferguson are expected to rejoin the injury-riddled Boston Bruins tonight for their National Hockey League clash with the Rangers at New York.

Mohns and Ferguson, sidelined for three games because of injuries, were pronounced fit yesterday, leaving only Capt. Flaman and rookie Alan Nicholson still on the disabled list. However, several other Boston players are nursing minor ailments.

### Gonzales Routs Trabert in Tennis

Oakland, Calif., Dec. 21 (AP)—Veteran pro Pancho Gonzales, evidently irked by the officiating, steamed over Tony Trabert 4-6, 6-3, 6-2 in a professional tennis match at Oakland Auditorium last night. He now holds a 4-2 lead in the tour.

Some 3,000 fans on hand to watch promoter Jack Kramer's touring pro troupe frequently booed decisions by the umpire and line calls.

## Utes Upset By Dayton

(By The Associated Press)

It appeared today as if the University of Utah walked into the same kind of a trap as a year ago, when the highly rated Utes found the University of Kentucky fieldhouse one of their biggest jinxes.

While San Francisco retained its lofty No. 1 status last night by downing Wichita 75-65 at Wichita, Kan., Utah saw its No. 3 ranking slightly tarnished when Dayton won a 77-73 decision in the opener of the Kentucky Invitational Tournament at Lexington.

**JIM PAXSON,** a 6:6 Dayton mainstay, was the big man around the basket for the nation's fourth ranked college club as he contributed 35 points to the cause. It was Utah's first defeat in six games, and ran Dayton's string to 7-0. Paxson's total was a record for the Kentucky tourney. Gary Bergen led Utah with 24 points.

In the other game at Lexington, Kentuck downed Minnesota 72-65 as Bob Burrow collected 27 points. Dayton will be a slight favorite over Kentucky in tonight's title game.

The San Francisco Dons racked up their 32nd straight, six this year, by turning back Wichita as 6:10 All-America Bill Russell tapped in 17 points. Bob Hodson, who fouled out for Wichita, also got 17.

### Two Rejoin Boston Skaters

Boston, Dec. 21 (AP)—Wingers Doug Mohns and Lorne Ferguson are expected to rejoin the injury-riddled Boston Bruins tonight for their National Hockey League clash with the Rangers at New York.

Mohns and Ferguson, sidelined for three games because of injuries, were pronounced fit yesterday, leaving only Capt. Flaman and rookie Alan Nicholson still on the disabled list. However, several other Boston players are nursing minor ailments.

### Gonzales Routs Trabert in Tennis

Oakland, Calif., Dec. 21 (AP)—Veteran pro Pancho Gonzales, evidently irked by the officiating, steamed over Tony Trabert 4-6, 6-3, 6-2 in a professional tennis match at Oakland Auditorium last night. He now holds a 4-2 lead in the tour.

Some 3,000 fans on hand to watch promoter Jack Kramer's touring pro troupe frequently booed decisions by the umpire and line calls.

## Utes Upset By Dayton

(By The Associated Press)

It appeared today as if the University of Utah walked into the same kind of a trap as a year ago, when the highly rated Utes found the University of Kentucky fieldhouse one of their biggest jinxes.

While San Francisco retained its lofty No. 1 status last night by downing Wichita 75-65 at Wichita, Kan., Utah saw its No. 3 ranking slightly tarnished when Dayton won a 77-73 decision in the opener of the Kentucky Invitational Tournament at Lexington.

**JIM PAXSON,** a 6:6 Dayton mainstay, was the big man around the basket for the nation's fourth ranked college club as he contributed 35 points to the cause. It was Utah's first defeat in six games, and ran Dayton's string to 7-0. Paxson's total was a record for the Kentucky tourney. Gary Bergen led Utah with 24 points.

In the other game at Lexington, Kentuck downed Minnesota 72-65 as Bob Burrow collected 27 points. Dayton will be a slight favorite over Kentucky in tonight's title game.

The San Francisco Dons racked up their 32nd straight, six this year, by turning back Wichita as 6:10 All-America Bill Russell tapped in 17 points. Bob Hodson, who fouled out for Wichita, also got 17.

### Zuppke's Condition Termed as 'Serious'

Champaign, Ill., Dec. 21 (AP)—Bob Zuppke, one of America's foremost football coaches, is hospitalized and in serious condition after suffering a stroke last weekend.

Zuppke, 76, Illinois coach for 29 seasons before retiring in 1941, was hospitalized last Friday with what physicians called a "cerebral vascular accident."

Dr. J. B. Christie, associated with Cole Hospital, said "you'd call it a hemorrhage or blood clot."

### Matthews Quits

San Francisco, Dec. 21 (AP)—Clay Matthews, 220-pound end and defensive captain of the San Francisco 49ers, is quitting the National Football League team to go into business. The former Georgia Tech athlete announced yesterday he would not return next season.

Welterweight champion Carmen Basilio is one of ten children.

### ● Flotsam and Jetsam:

**Matty Deegan, the former Kingston Colonial original, is convalescing at the Benedictine Hospital but expects to be up and around long before the January reunion of the Old Timers Baseball Association. Jack Hayes, the automobile tycoon, surprised Ferraro Mixed Leaguers with a 421 triple Sunday night. Not bad for a guy with a 100 average. . . . Nifty Nick Leoce rolled his 17th 700 series since 1948 at Empire Alleys last week with 715 on games of 289, 245 and 181 to raise his average to 207. The 715 bettered the season record of 712 rolled by Tony Mack, the Babe Ruth of Newburgh kegling. Leoce also holds the all-time Hill City mark of 772 set on Dec. 21, 1950 at the Empire alleys. . . . Look for Newburgh bowlers to return to their former lofty status in the HVBL next season with the advent of the new Bowl-O-Matic lanes.**

### ● Of Men and Mice:

Despite a losing season, Coach Ed Witko's Onteora Indians of the UCAL have been consistent. Successive game totals were 53, 51, 49, 52, 53. Four games were lost by a combined total of 24 points. . . . Add Robert Brown of 298 Yarmouth street, Kingston, to the list of bear killers of the season, with a 285-pound Bruin near Shandaken. . . . There were two standout winners in the Louis A. Wehle Fishing Contest besides Sid Lane of Kingston. Arthur Lawton of Delmar snagged a 58-pound, 13-ounce muskalonge out of the St. Lawrence river. It was the largest muskie ever entered in the Wehle contest. Another eye-opener was G. Earl Smith's 10-pound, three-ounce small mouth bass caught in Lake Ontario, probably the biggest small mouth to come out of New York waters in years.

**The price of first line golf balls has gone up $1.25 a dozen to $14.75 a dozen and henceforth will be $1.25 each over the pro shop counter. An odd quirk in the price hike is that you still may buy the balls at the old price of $13.50 a dozen if you take the ones in Christmas gift-wrapped packages. A couplet for the season by Bill Breyfogle: Orthodox Eskimo thinkers hold . . . That in heaven there's no such thing as cold. . . . But in hell the snow lies deep all year—Sinful skiers, be of good cheer!**

## Knicks Hit The Cellar

**(By The Associated Press)**

The New York Knickerbockers, who started the season as though they were going to run away from the rest of the National Basketball Association's Eastern division today found themselves tied for the cellar.

The slumping Knicks dropped a 98-91 decision to the Syracuse Nationals last night in Madison Square Garden after the Boston Celtics had turned back the Minneapolis Lakers, 111-104.

The results left the Knicks and the Nats tied for last place in the division, each with 12-10 records, while the Celtics jumped into second place. The Minneapolis defeat buried the Lakers further in the Western division dungeon.

**THE NATS** jumped far out front in the first period, and although the Knicks did make some threatening gestures, there seldom was any doubt as to the outcome. John (Red) Kerr, a high man for the winners with 29 points.

Carl Braun topped the losers with 20 points. The Knicks lost the game from the foul line, hitting only 15 of their 29 free throws.

The Celtics had to rally in the last five minutes to overcome a seven-point deficit to record their triumph over Minneapolis. Jack Nichols and Bob Cousy were the big point-getters for the Celts with 22 apiece. Clyde Lovellette, held to one point in the first half, hit for seven field goals in the second half to help the Lakers to their lead.

### *Newcombe Signs 25-Grand Contract*

Brooklyn, Dec. 21 (AP) — Pitcher Don Newcombe and the Brooklyn Dodgers were all smiles today, after the big righthander quickly came to terms with the world champions for a 1956 contract calling for a reported $25,000.

This was $5,000 less than the once belligerent Newk said he would demand after the Brooks defeated the New York Yankees in the world series, but represented a $7,500 boost over his 1954 salary.

Newcombe, who will be 30 years old next June 14, had a 20-5 record with the National League champions this year, and his .359 batting average helped the club along the pennant road.

## File Lawsuit To Stay Sale Of Syracuse

Syracuse, Dec. 21 (AP)—A civic group has begun a lawsuit charging that Martin D. Haske, owner of the Syracuse Chiefs, violated a contract to sell the baseball club locally.

The Central New York community Baseball Corp. served Haske with a summons requiring him to show cause why he should not be forced to fulfill the alleged agreement.

The community group had raised more than $50,000 to meet the sale price Haske put on the International League club. But a dispute arose over the group's request that Haske furnish it with a list of liabilities. He sold the franchise to Miami, Fla., interests for a sum reported at about $100,000 when no contract was signed by the deadline of 5 p. m. Monday that he established.

In Miami Beach, Sidney Salomon Jr., one of the buyers, said the lawsuit did not "disturb me too much."

"The International League would never stand for it," He declared. "I had expected a suit would arise. The franchise became our property when our lawyers paid . . . Haske a substantial sum and signed the papers.

### *Basilio Named November's Best Professional Athlete*

New York, Dec. 21 (AP)—Welterweight champion Carmen Basilio has been named November award winner in the Pro Athlete of the Year poll.

Basilio was honored for his stirring, come-from-behind triumph over Tony DeMarco. He became the 11th monthly prize winner to qualify to the $10,000 diamond-studded, gold-buckled belt that goes to the pro athlete of 1955.

The Chittenango champion received 54 first-place votes and 226 points to beat out Jockey Willie Hartack with 177. Quarterback Otto Graham of the Cleveland Browns was third.

The votes are counted on a 3-2-1 basis.

Catskill ski centers will be virtually in the suburbs of the New York city area, while hours will be cut from traveling time to popular Adirondack winter resorts. Upstate skiers will also find that the use of the Thruway will give them additional hours to enjoy their favorite sport.

**From Harriman (interchange 16) where there is access to Bear Mountain via Route 9W on up to the western terminus of the Thruway, nearly every interchange offers convenient access to one or more of the state's ski areas.**

**From Newburgh (interchange 17) Catskill resorts including Cragsmoor, Grossingers, Kiamesha Lake, Monroe, Monticello, Mount Peter and Young's Gap can be reached through routes 6, 17 and 17-K.**

The next four interchanges along the Hudson section of the Thruway—Newburgh (17), New Paltz (18), Kingston (19), Saugerties (20), and Catskill (21), are gateways to Catskill ski centers at Bearpen Mountain near Prattsville, state-operated Belleayre Mountain, Highmount, Phoenicia, Rosendale and Timberland at East Jewett.

### • Flotsam and Jetsam:

**Matty Deegan, the former Kingston Colonial original, is convalescing at the Benedictine Hospital but expects to be up and around long before the January reunion of the Old Timers Baseball Association. Jack Hayes, the automobile tycoon, surprised Ferraro Mixed Leaguers with a 421 triple Sunday night. Not bad for a guy with a 100 average. . . . Nifty Nick Leoce rolled his 17th 700 series since 1948 at Empire Alleys last week with 715 on games of 289, 245 and 181 to raise his average to 207. The 715 bettered the season record of 712 rolled by Tony Mack, the Babe Ruth of Newburgh kegling. Leoce also holds the all-time Hill City mark of 772 set on Dec. 21, 1950 at the Empire alleys. . . . Look for Newburgh bowlers to return to their former lofty status in the HVBL next season with the advent of the new Bowl-O-Matic lanes.**

### • Of Men and Mice:

Despite a losing season, Coach Ed Witko's Onteora Indians of the UCAL have been consistent. Successive game totals were 53, 51, 49, 52, 53. Four games were lost by a combined total of 24 points. . . . Add Robert Brown of 298 Yarmouth street, Kingston, to the list of bear killers of the season, with a 285-pound Bruin near Shandaken. . . . There were two standout winners in the Louis A. Wehle Fishing Contest besides Sid Lane of Kingston. Arthur Lawton of Delmar snagged a 58-pound, 13-ounce muskalonge out of the St. Lawrence river. It was the largest muskie ever entered in the Wehle contest. Another eye-opener was G. Earl Smith's 10-pound, three-ounce small mouth bass caught in Lake Ontario, probably the biggest small mouth to come out of New York waters in years.

**The price of first line golf balls has gone up $1.25 a dozen to $14.75 a dozen and henceforth will be $1.25 each over the pro shop counter. An odd quirk in the price hike is that you still may buy the balls at the old price of $13.50 a dozen if you take the ones in Christmas gift-wrapped packages. A couplet for the season by Bill Breyfogle: Orthodox Eskimo thinkers hold . . . That in heaven there's no such thing as cold. . . . But in hell the snow lies deep all year—Sinful skiers, be of good cheer!**

## File Lawsuit To Stay Sale Of Syracuse

Syracuse, Dec. 21 (AP)—A civic group has begun a lawsuit charging that Martin D. Haske, owner of the Syracuse Chiefs, violated a contract to sell the baseball club locally.

The Central New York community Baseball Corp. served Haske with a summons requiring him to show cause why he should not be forced to fulfill the alleged agreement.

The community group had raised more than $50,000 to meet the sale price Haske put on the International League club. But a dispute arose over the group's request that Haske furnish it with a list of liabilities. He sold the franchise to Miami, Fla., interests for a sum reported at about $100,000 when no contract was signed by the deadline of 5 p. m. Monday that he established.

In Miami Beach, Sidney Salomon Jr., one of the buyers, said the lawsuit did not "disturb me too much."

"The International League would never stand for it," He declared. "I had expected a suit would arise. The franchise became our property when our lawyers paid . . . Haske a substantial sum and signed the papers.

## Basilio Named November's Best Professional Athlete

New York, Dec. 21 (AP)—Welterweight champion Carmen Basilio has been named November award winner in the Pro Athlete of the Year poll.

Basilio was honored for his stirring, come-from-behind triumph over Tony DeMarco. He became the 11th monthly prize winner to qualify to the $10,000 diamond-studded, gold-buckled belt that goes to the pro athlete of 1955.

The Chittenango champion received 54 first-place votes and 226 points to beat out Jockey Willie Hartack with 177. Quarterback Otto Graham of the Cleveland Browns was third.

The votes are counted on a 3-2-1 basis.

## Knicks Hit The Cellar

(By The Associated Press)

The New York Knickerbockers, who started the season as though they were going to run away from the rest of the National Basketball Association's Eastern division today found themselves tied for the cellar.

The slumping Knicks dropped a 98-91 decision to the Syracuse Nationals last night in Madison Square Garden after the Boston Celtics had turned back the Minneapolis Lakers, 111-104.

The results left the Knicks and the Nats tied for last place in the division, each with 12-10 records, while the Celtics jumped into second place. The Minneapolis defeat buried the Lakers further in the Western division dungeon.

**THE NATS** jumped far out front in the first period, and although the Knicks did make some threatening gestures, there seldom was any doubt as to the outcome. John (Red) Kerr, a high man for the winners with 29 points.

Carl Braun topped the losers with 20 points. The Knicks lost the game from the foul line, hitting only 15 of their 29 free throws.

The Celtics had to rally in the last five minutes to overcome a seven-point deficit to record their triumph over Minneapolis. Jack Nichols and Bob Cousy were the big point-getters for the Celts with 22 apiece. Clyde Lovellette, held to one point in the first half, hit for seven field goals in the second half to help the Lakers to their lead.

## Newcombe Signs 25-Grand Contract

Brooklyn, Dec. 21 (AP) — Pitcher Don Newcombe and the Brooklyn Dodgers were all smiles today, after the big righthander quickly came to terms with the world champions for a 1956 contract calling for a reported $25,000.

This was $5,000 less than the once belligerent Newk said he would demand after the Brooks defeated the New York Yankees in the world series, but represented a $7,500 boost over his 1954 salary.

Newcombe, who will be 30 years old next June 14, had a 20-5 record with the National League champions this year, and his .359 batting average helped the club along the pennant road.

## Beacon Shades Newburgh, 60-58

Beacon High School handed the de-glamorized Goldbacks of Newburgh Free Academy their second straight setback last night, winning a 60-58 thriller.

Beacon, unbeaten to date, took the lead at the start of the final period and was never caught.

The game was a tight tussle from start to finish. The scores was tied 32-32 at halftime and was 46-all after three periods.

Mickey McKenzie had 21 points for the winners. Newburgh's Ralph Cook matched this total. Al Beccaccio and Dom Roscino hooped 12 each for the Goldbacks.

## 'Over 30' Basketball Circuit Under Way

All the pulmotors, blood banks and first aid kits stored in the wings of the municipal auditorium went to waste at last night's openers in the Recreation Department's "Over 30" basketball league.

Except for a few minor bruises and aches the cagers came through unscathed, Andrew Murphy III reported.

For the record, the Lions Club downed the Kingston Patrolman's Association, 29-23, and the Businessmen, who should have been out waiting on the Christmas trade, toppled Kaplan Bag, 37-27.

**THE GAMES** were restricted to eight minute quarters, with unlimited times out and fouls permitted. The 10-second rule was also stretched to 20 seconds and the ancient two-hand dribble was restored. In short, everything to make the boys feel happy and comfortable.

Demon scorers on the inaugural games were Nick Carl (Businessmen), George Heddy (Lions) and Bill Slover (KPA) each with 12 points. Danny Basch canned 11 for Kaplans and Ray Lindhorst hit nine for the Businessmen.

Date of the next bracket of games has been held up pending the filing of clinical reports by the league doctors.

## *Double Hat Trick, A Super Rarity*

(By The Associated Press)

The three-goal "hat trick" is a rarity in major league hockey. When two players on the same team turn the trick in one game, it comes under the heading of a super-rarity.

That's what happened last night when the Montreal Canadiens defeated the Chicago Black Hawks, 7-1, to extend their National Hockey League lead to 14 points.

Maurice (The Rocket) Richard and Bernie (Boom Boom) Geoffrion each blasted three goals past Chicago goalie Al Rollins. Geoffrion, who has lost some time by injuries, is trying to get back in the race for scoring honors which he won last year.

# *Dettori's 607 Highest Trio At Rosendale*

Fred Dettori warmed up as he went along to post 171-190-246 for 607 top series in the Chalet Leaders League at Rosendale.

Robert Burger fired 209-203-595, Jerry Davis 248 (high solo)-592, Ed Myers 201-541, Leo Yonnetti 539, Gerry Briggs 525, Gunther Newman 522, Charlie Reilly 203-517, Jim Fahey 514, Gil Kelder Jr. 501.

**QUICK'S GARAGE** swept three from Bagley's Market to widen their league lead over Kendall Oil to three games.

## Boyd 2-1 Pick To Score Over Scortichini

St. Louis, Dec. 21 (AP)—Bobby Boyd, fast-rising Chicago middleweight, puts his string of five straight victories on the line tonight in a 10-round boxing bout with aggressive Italo Scortichini of Italy.

The ninth-ranked Boyd, who started his climb up the middleweight ladder just a few months ago, is rated a 2-1 favorite to handle the shorter Italian.

Boyd, who punches well with either hand, has a knockout victory over George Johnson in that string of five victories and an upset win over Gene Fullmer.

Scortichini, rated a lighter puncher than Boyd, likes to move in on his opponent in a crowding style. Boyd could run into trouble from this style because he likes to get set for his heavier punches.

Boyd, who has about a three-inch height advantage, probably also will hold a three or four pound weight edge in the nationally and locally televised bout (ABC-TV at 10 p m. EST.).

# Bradley Soph Touches Off Loyola's First Race Incident

New Orleans, Dec. 21 (AP)—Forward Shellie McMillon, Bradley's Negro basketball ace, created an uncertain atmosphere for Loyola's integrated athletics program last night when he became the central figure in the school's first racial incident.

McMillon, a 19-year-old sophomore from Chicago, aroused the crowd last night when he fouled out and saluted fans by sticking out his tongue.

The cheers which greeted him during pre-game introductions turned into jeers and the Loyola band snapped into "Dixie," marching song of the Confederate Army. A number of fans serenaded McMillon with "Bye, Bye Blackbird" as he left the court.

**McMILLON'S** fouling tactics, termed "unnecessary" by sports writer Buddy DiLiberto of the Times-Picayune, started a Loyola stampede to the free throw line. Loyola, behind 15 points when the fouling began, hit on 21 of 26 free throws to take a 71-65 victory and hand Bradley its first loss.

Loyola coach Jim McCafferty later minimized the incident. He said he thought McMillon "lost his head" and became "disgusted" with himself.

"Most of the fouls took place at the far end of the court and we couldn't see them from our bench," McCafferty said. The Loyola coach said he thought the incident would have little effect on future games with teams that have Negro players.

**DILIBERTO** wrote that McMillon played "very well in the first half even though he 'showboated' every chance he got." He said "when the game got close he lost all of his poise and started fouling intentionally."

DiLiberto attributed McMillon's fouling the turning point in the game since it enabled Loyola to overcome the big lead and take the victory.

There was no other demonstration in the crowd, which was seated on an integrated basis.

## Beacon Shades Newburgh, 60-58

Beacon High School handed the de-glamorized Goldbacks of Newburgh Free Academy their second straight setback last night, winning a 60-58 thriller.

Beacon, unbeaten to date, took the lead at the start of the final period and was never caught.

The game was a tight tussle from start to finish. The scores was tied 32-32 at halftime and was 46-all after three periods.

Mickey McKenzie had 21 points for the winners. Newburgh's Ralph Cook matched this total. Al Beccaccio and Dom Roscino hooped 12 each for the Goldbacks.

## 'Over 30' Basketball Circuit Under Way

All the pulmotors, blood banks and first aid kits stored in the wings of the municipal auditorium went to waste at last night's openers in the Recreation Department's "Over 30" basketball league.

Except for a few minor bruises and aches the cagers came through unscathed, Andrew Murphy III reported.

For the record, the Lions Club downed the Kingston Patrolman's Association, 29-23, and the Businessmen, who should have been out waiting on the Christmas trade, toppled Kaplan Bag, 37-27.

**THE GAMES** were restricted to eight minute quarters, with unlimited times out and fouls permitted. The 10-second rule was also stretched to 20 seconds and the ancient two-hand dribble was restored. In short, everything to make the boys feel happy and comfortable.

Demon scorers on the inaugural games were Nick Carl (Businessmen), George Heddy (Lions) and Bill Slover (KPA) each with 12 points. Danny Basch canned 11 for Kaplans and Ray Lindhorst hit nine for the Businessmen.

Date of the next bracket of games has been held up pending the filing of clinical reports by the league doctors.

## *Double Hat Trick, A Super Rarity*

(By The Associated Press)

The three-goal "hat trick" is a rarity in major league hockey. When two players on the same team turn the trick in one game, it comes under the heading of a super-rarity.

That's what happened last night when the Montreal Canadiens defeated the Chicago Black Hawks, 7-1, to extend their National Hockey League lead to 14 points.

Maurice (The Rocket) Richard and Bernie (Boom Boom) Geoffrion each blasted three goals past Chicago goalie Al Rollins. Geoffrion, who has lost some time by injuries, is trying to get back in the race for scoring honors which he won last year.

## *Dettori's 607 Highest Trio At Rosendale*

Fred Dettori warmed up as he went along to post 171-190-246 for 607 top series in the Chalet Leaders League at Rosendale.

Robert Burger fired 209-203-595, Jerry Davis 248 (high solo)-592, Ed Myers 201-541, Leo Yonnetti 539, Gerry Briggs 525, Gunther Newman 522, Charlie Reilly 203-517, Jim Fahey 514, Gil Kelder Jr. 501.

**QUICK'S GARAGE** swept three from Bagley's Market to widen their league lead over Kendall Oil to three games.

Team results:

Quick's Garage 3, Bagley's Market 0; Vaughn's Drugs 2, Rosendale Florist 1; Schryver Lumber Co. 0, Yonnetti's Decorators 3; Rune's Garage 1, Zimmer's Real Estate 2; Cherny's Rest 1, Kingston Bondstone 2; Kendall Oil 1, Meyers Garage 2.

## Boyd 2-1 Pick To Score Over Scortichini

St. Louis, Dec. 21 (AP)—Bobby Boyd, fast-rising Chicago middleweight, puts his string of five straight victories on the line tonight in a 10-round boxing bout with aggressive Italo Scortichini of Italy.

The ninth-ranked Boyd, who started his climb up the middleweight ladder just a few months ago, is rated a 2-1 favorite to handle the shorter Italian.

Boyd, who punches well with either hand, has a knockout victory over George Johnson in that string of five victories and an upset win over Gene Fullmer.

Scortichini, rated a lighter puncher than Boyd, likes to move in on his opponent in a crowding style. Boyd could run into trouble from this style because he likes to get set for his heavier punches.

Boyd, who has about a three-inch height advantage, probably also will hold a three or four pound weight edge in the nationally and locally televised bout (ABC-TV at 10 p m. EST.).

# Bradley Soph Touches Off Loyola's First Race Incident

New Orleans, Dec. 21 (AP)—Forward Shellie McMillon, Bradley's Negro basketball ace, created an uncertain atmosphere for Loyola's integrated athletics program last night when he became the central figure in the school's first racial incident.

McMillon, a 19-year-old sophomore from Chicago, aroused the crowd last night when he fouled out and saluted fans by sticking out his tongue.

The cheers which greeted him during pre-game introductions turned into jeers and the Loyola band snapped into "Dixie," marching song of the Confederate Army. A number of fans serenaded McMillon with "Bye, Bye Blackbird" as he left the court.

**McMILLON'S** fouling tactics, termed "unnecessary" by sports writer Buddy DiLiberto of the Times-Picayune, started a Loyola stampede to the free throw line. Loyola, behind 15 points when the fouling began, hit on 21 of 26 free throws to take a 71-65 victory and hand Bradley its first loss.

Loyola coach Jim McCafferty later minimized the incident. He said he thought McMillon "lost his head" and became "disgusted" with himself.

"Most of the fouls took place at the far end of the court and we couldn't see them from our bench," McCafferty said. The Loyola coach said he thought the incident would have little effect on future games with teams that have Negro players.

**DiLIBERTO** wrote that McMillon played "very well in the first half even though he 'showboated' every chance he got." He said "when the game got close he lost all of his poise and started fouling intentionally."

DiLiberto attributed McMillon's fouling the turning point in the game since it enabled Loyola to overcome the big lead and take the victory.

There was no other demonstration in the crowd, which was seated on an integrated basis.

### Resort Hotel Picketed

Miami Beach, Fla., Dec. 21 (AP)—Picket lines were thrown up today around Miami Beach's biggest and costliest hotel, The Fountainebleau. Immediately after the pickets started to march at 6 a. m., a fist fight broke out and Al Berlin, trustee of the AFL-CIO Hotel Employes Union, said "this may get rough before it's over." The fight was between Matty Nashway, an employe of the hotel, and Ernesto Garcia, 37, a picket. They were arrested and held on cross warrants, each charging the other with assault and battery.

### Five Die in Crash

Cleveland, Tenn., Dec. 21 (AP)—Five men were killed today in a headon collision of two cars about three miles north of Cleveland. The State Highway Patrol said the cars collided on a flat, open stretch of U. S. Highway 11. Apparently all occupants of the vehicles were killed outright. The patrol identified the dead as: Rexford S. Robinson and his father, Carlsie Robinson, 47, of near Charleston, W. Va., in one car. Wayne E. Long of near Niota, Tenn.; C. C. McKeehan, 49, of Athens, Tenn., and Reese J. Maddox, 21, of near Athens, in the other car.

NEW EAGLE SCOUTS—Four area youths received their badges and certificates at the Christmas party meeting of the Executive Board of the Rip Van Winkle Council, Boy Scouts of America, held Tuesday night at the First Baptist Church. The four new Eagle Scouts (l-r) Mark Oren, Troop 47, Catskill; Phillips Eighmey, Troop 6, Kingston; David Eighmey, Troop 6, Kingston; John Whitaker, Troop 3, Kingston. Rear, George Dennis, council executive; Charles Link, scoutmaster, Troop 47; Robert Hillis, scoutmaster, Troop 6; William Sills, scoutmaster, Troop 3 and John A. Aalto, council president. (Freeman photo).

# Four New Eagle Scouts Receive Certificates

Badges and certificates, including one Silver Award Explorer, were presented to four new Eagle Scouts at the Christmas party meeting of the executive board of Rip Van Winkle Council, Boy Scouts of America, held last night at the First Baptist Church. This is the first time in the history of the council that so many top awards have been earned in a one-month period.

The four new Eagle Scouts are Phillips Eighmey of Troop 6, First Baptist Church, Kingston; John Whitaker of Troop 3, St. Joseph's Roman Catholic Church, Kingston; Arthur Stockin of Troop 22, Kerhonkson VFW; and Mark Oren of Troop 47, Catskill Reformed Church. They were presented to the Executive Board by the Council Advancement Committee Chairman, Richard C. Gendreau, Sr. After each told of their experiences in reaching the highest rank in Scouting they were presented with their certificates by the Council President, Johan A. Aalto and with their badges by the council scout executive, George V. Dennis. Their parents and their Scoutmasters participated in the presentation ceremonies also.

THE HIGHEST rank in Exploring, that of the Silver Award to be presented in the Council and David is the first Explorer to have earned both the Eagle rank and the Silver Award. Preceding the presentation the requirements for this highest rank in Exploring were explained and questions from the board members were answered. Advancement chairman announced that with these presentations the grand total of Eagle awards earned during 1955 was 15 and two Silver Awards. This sets a new record for the Council.

Presiding at the party was the program director, George Sheldon who is also the council health and safety committee chairman. The council president welcomed the group and the council scout executive expressed appreciation to the ladies present for their help and cooperation throughout the year.

THE SCOUT executive announced that at the next meeting of the board to be held Tuesday, Jan. 24 the reregistration papers of the council for the next fiscal year would be reviewed and approved for renewal of the council charter. It is therefore most important that all members of the board be present so that goals for 1956 may be set and approved also. He also announced that each of the seven districts of the council are planning on an outstanding event within their respective districts for the celebration of Scout Week which will be Feb. 6 to 12. He urged all board members to participate with their own districts.

### Names Printing Week

Albany, N. Y., Dec. 21 (AP)—Gov. Harriman today set aside Jan. 15-21 as Printing Week in New York state in honor of the 250th anniversary of the birth of Benjamin Franklin, the father of American printing. Harriman, in a proclamation, urged New Yorkers to join the printing industry "in re-emphasizing the vital contributions of the printing arts in meeting the spiritual, educational and industrial needs of mankind." Franklin was born Jan. 17, 1706.

### Red Chiefs Home

London, Dec. 21 (AP)—Prime Minister Bulganin and Communist party boss Nikita Khrushchev returned to Moscow today from their Asian tour. Moscow radio made an unusual direct broadcast from the Soviet capital's central airport to describe the homecoming of the two Kremlin chiefs this afternoon. The broadcast said "tens of thousands of Moscow citizens came to the snow-covered airport to greet the two leaders."

### Living Costs Rise

Washington, Dec. 21 (AP)—Living costs rose slightly—1/10 of 1 per cent—between October and November, the Labor Department reported today. The take-home pay of factory workers set a new record high. The Bureau of Labor Statistics reported that November marked the third consecutive month in which take-home pay reached a new record.

### Indicted for Extortion

Albany, N. Y., Dec. 21 (AP)—The former business agent of a Binghamton local of the teamsters union has been indicted on charges of extorting $1,000 from officers of milk-hauling companies. The indictment against Charles J. Farnara, 49, was returned yesterday by a federal grand jury that has been investigating the trucking industry in eastern New York. Two other officials of the teamsters in the district had been indicted on charges of extortion or conspiracy to extort. They have not been tried. Two officers of the teamsters' Yonkers Local were convicted in New York city Oct. 4 of extortion. They were sentenced to five years in jail. The three-count indictment yesterday alleged that Farnara extorted the money from Carlton G. Whitaker of Unadilla and H. Leon McBride of Goshen. It charged that the two men feared that their companies, Carlton G. Whitaker Inc. and H. L. and F. McBride Co. would suffer financial losses.

### Named IBM Treasurer

New York, Dec. 21 (AP)—Charles V. Boulton, controller of the International Business Machines Corp., has been elected treasurer. The corporation announced yesterday that Boulton succeeded A. L. Williams, who was elected executive vice president last year but continued to serve as treasurer. Harry M. Sibley, controller of the plant at Endicott, was chosen to succeed Boulton as corporation controller.

# Eden's Reshuffle Receives Mixed Press Reception

London, Dec. 21 (AP)—Prime Minister Eden announced a wholesale reshuffle of his government today but British newspapers gave the changes a mixed reception.

Eden put seven cabinet portfolios into new hands, raised one department to cabinet rank and dropped another from the inner fold.

NINE OF Sir Anthony's inmost official family stayed where they were and actually only three new men joined the cabinet. Even some Conservative papers expressed doubts and Laborites—naturally—jeered at what they interpreted as a game of political chairs.

These were the most important changes:

1. Richard A. "Rab" Butler went from chancellor of the exchequer to government leader of the House of Commons. In effect he becomes deputy prime minister, the post for which he has been slated ever since the general election last May.

2. Foreign Minister Harold Macmillan succeeded Butler at the treasury.

3. Defense Minister Selwyn Lloyd takes over the foreign office from Macmillan, and Sir Walter Monckton—who has been labor minister—succeeded Lloyd in the defense post.

4. The works ministry was raised to cabinet status and Patrick Buchan-Hepburn, chief Conservative floor leader in Commons, was named minister to replace Nigel Birch. The ministry of pensions was dropped from the cabinet.

THOSE REMOVED from the cabinet—generally men above 60—either went to the House of Lords or to higher titles if they already had peerages.

The shakeup was Eden's answer to increasingly shrill criticism—spearheaded by the Labor opposition—of inflation on the home front and failure to cope with stepped-up Communist pressure abroad.

The United States and other British allies were mainly interested in Macmillan's replacement by Lloyd at the foreign office.

# Eleanor Is For Freeing Jailed Reds

New York, Dec. 21 (AP)—Forty-two persons, including Mrs. Franklin D. Roosevelt, have petitioned President Eisenhower to grant a "Christmas amnesty" to Communist party leaders jailed under the Smith Act.

The petition stressed that the signers were "in fundamental disagreement with the philosophy of the Communist party and with essential elements of its program." It added that the motive for their appeal was "their attachment of the Democratic way of life."

THE PETITION, made public yesterday, asked that sentences of 16 jailed Communists be commuted to time already served. They were sent to prison after being convicted of teaching or advocating forcible overthrow of the government.

The petition said the trials "were carried through in a period of the 'cold war' and in an atmosphere often marked by hysteria."

It also sought postponement of more than 100 similar cases now pending or under appeal.

AN AMNESTY, the petitioner said, would prove the nation's faith in Democratic institutions, win new friends around the world and encourage old ones. They told Eisenhower this would "contribute toward peace in the world about which you are so deeply concerned."

A spokesman for the Communist party expressed surprise and pleasure when told of the petition, which was mailed to Eisenhower Monday.

IN ADDITION to Mrs. Roosevelt, widow of the late president, signers included Norman Thomas, former Socialist candidate for president; Dean John C. Bennett of Union Theological Seminary, Lewis Mumford, author; Elmer Rice, playwright; Chaplain John M. Krumm of Columbia University, Stephen Cary of Philadelphia, secretary of the American section of the American Friends Service Committee; Henry Steele Commager of Columbia University, Albert Sprague Coolidge of Harvard University and Roland H. Bainton of the Yale Divinity School.

A Communist party spokesman listed these Smith Act defendants as now in prison:

Alexander Mittelman, Elizabeth Gurley Flynn, Betty Gannett, Gus Hall, Victor J. Jerome, Arnold S. Johnson, Albert F. Lannon, Jacob Mindel, Pettis Perry, Robert Thompson, Louis Weinstock and Louis W. Weinstone, New York cases; Philip Frankfeld and George Meyers, Baltimore convictions; and Sid Stein and Carl Ross, convicted in San Francisco as accessories to Thompson's Smith Act crime.

### Bus Service Suspended

Miami, Fla., Dec. 21 (AP)—Greyhound bus service was suspended throughout Florida today when 300 drivers failed to show up for work at midnight in what bus line officials called "an unauthorized wildcat strike." Edwin Carpenter, manager of the Miami Greyhound Terminal, said the drivers had made no complaints and had given no notice of an intention to leave their jobs. "We haven't been advised yet what the trouble is," Carpenter said.

### Speeding Judge Injured

Miami, Fla., Dec. 21 (AP)—Circuit Judge George E. Holt was seriously injured last night when his speeding Jaguar, being chased by a police car, collided with a motorcycle. Police said the Jaguar was traveling 70 miles an hour. Holt, 53-year-old senior judge of the Miami Circuit Court, suffered head injuries. He was taken to Jackson Memorial Hospital, where doctors reported his condition "serious." Two riders on the motorcycle — Leonard Feitelson, 21, and Mary Martin, 20, also were seriously hurt.

# Herzogs to Pay Two-Week Bonus

A Christmas bonus consisting of two weeks salary for each employe with more than a year employment with the company was announced today by M. H. Herzog, president of the Herzog Supply Company, Inc.

A bonus of one week's salary for employes with the firm from six months to one year, as well as a special bonus for new employes, was also announced.

"Once again we take this opportunity to wish each and all of our employes and their families a very Merry Christmas and a happy and prosperous New Year," Mr. Herzog said.

### Syracuse Man Named

New York, Dec. 21 (AP)—State Industrial Commissioner Isador Lubin today announced the appointment of Nicholas Ferrante of Syracuse as assistant industrial commissioner for the six-county Syracuse district. The appointment of Ferrante, who for the past 12 years has been executive secretary and treasurer of the Syracuse Federation of Labor, is effective Jan. 4. Ferrante succeeds Frank J. Costello, who resigned to give full time to his private law practice.

### Resort Hotel Picketed

Miami Beach, Fla., Dec. 21 (AP)—Picket lines were thrown up today around Miami Beach's biggest and costliest hotel, The Fountainebleau. Immediately after the pickets started to march at 6 a. m., a fist fight broke out and Al Berlin, trustee of the AFL-CIO Hotel Employes Union, said "this may get rough before it's over." The fight was between Matty Nashway, an employe of the hotel, and Ernesto Garcia, 37, a picket. They were arrested and held on cross warrants, each charging the other with assault and battery.

### Five Die in Crash

Cleveland, Tenn., Dec. 21 (AP)—Five men were killed today in a headon collision of two cars about three miles north of Cleveland. The State Highway Patrol said the cars collided on a flat, open stretch of U. S. Highway 11. Apparently all occupants of the vehicles were killed outright. The patrol identified the dead as: Rexford S. Robinson and his father, Carlsie Robinson, 47, of near Charleston, W. Va., in one car. Wayne E. Long of near Niota, Tenn.; C. C. McKeehan, 49, of Athens, Tenn., and Reese J. Maddox, 21, of near Athens, in the other car.

# Four New Eagle Scouts Receive Certificates

Badges and certificates, including one Silver Award Explorer, were presented to four new Eagle Scouts at the Christmas party meeting of the executive board of Rip Van Winkle Council, Boy Scouts of America, held last night at the First Baptist Church. This is the first time in the history of the council that so many top awards have been earned in a one-month period.

The four new Eagle Scouts are Phillips Eighmey of Troop 6, First Baptist Church, Kingston; John Whitaker of Troop 3, St. Joseph's Roman Catholic Church, Kingston; Arthur Stockin of Troop 22, Kerhonkson VFW; and Mark Oren of Troop 47, Catskill Reformed Church. They were presented to the Executive Board by the Council Advancement Committee Chairman, Richard C. Gendreau, Sr. After each told of their experiences in reaching the highest rank in Scouting they were presented with their certificates by the Council President, Johan A. Aalto and with their badges by the council scout executive, George V. Dennis. Their parents and their Scoutmasters participated in the presentation ceremonies also.

**THE HIGHEST** rank in Exploring, that of the Silver Award to be presented in the Council and David is the first Explorer to have earned both the Eagle rank and the Silver Award. Preceding the presentation the requirements for this highest rank in Exploring were explained and questions from the board members were answered. Advancement chairman announced that with these presentations the grand total of Eagle awards earned during 1955 was 15 and two Silver Awards. This sets a new record for the Council.

Presiding at the party was the program director, George Sheldon who is also the council health and safety committee chairman. The council president welcomed the group and the council scout executive expressed appreciation to the ladies present for their help and cooperation throughout the year.

**THE SCOUT** executive announced that at the next meeting of the board to be held Tuesday, Jan. 24 the reregistration papers of the council for the next fiscal year would be reviewed and approved for renewal of the council charter. It is therefore most important that all members of the board be present so that goals for 1956 may be set and approved also. He also announced that each of the seven districts of the council are planning on an outstanding event within their respective districts for the celebration of Scout Week which will be Feb. 6 to 12. He urged all board members to participate with their own districts.

### Names Printing Week

Albany, N. Y., Dec. 21 (AP)—Gov. Harriman today set aside Jan. 15-21 as Printing Week in New York state in honor of the 250th anniversary of the birth of Benjamin Franklin, the father of American printing. Harriman, in a proclamation, urged New Yorkers to join the printing industry "in re-emphasizing the vital contributions of the printing arts in meeting the spiritual, educational and industrial needs of mankind." Franklin was born Jan. 17, 1706.

### Red Chiefs Home

London, Dec. 21 (AP)—Prime Minister Bulganin and Communist party boss Nikita Khrushchev returned to Moscow today from their Asian tour. Moscow radio made an unusual direct broadcast from the Soviet capital's central airport to describe the homecoming of the two Kremlin chiefs this afternoon. The broadcast said "tens of thousands of Moscow citizens came to the snow-covered airport to greet the two leaders."

### Living Costs Rise

Washington, Dec. 21 (AP)—Living costs rose slightly—1/10 of 1 per cent—between October and November, the Labor Department reported today. The take-home pay of factory workers set a new record high. The Bureau of Labor Statistics reported that November marked the third consecutive month in which take-home pay reached a new record.

### Indicted for Extortion

Albany, N. Y., Dec. 21 (AP)—The former business agent of a Binghamton local of the teamsters union has been indicted on charges of extorting $1,000 from officers of milk-hauling companies. The indictment against Charles J. Farnara, 49, was returned yesterday by a federal grand jury that has been investigating the trucking industry in eastern New York. Two other officials of the teamsters in the district had been indicted on charges of extortion or conspiracy to extort. They have not been tried. Two officers of the teamsters' Yonkers Local were convicted in New York city Oct. 4 of extortion. They were sentenced to five years in jail. The three-count indictment yesterday alleged that Farnara extorted the money from Carlton G. Whitaker of Unadilla and H. Leon McBride of Goshen. It charged that the two men feared that their companies, Carlton G. Whitaker Inc. and H. L. and F. McBride Co. would suffer financial losses.

# Eden's Reshuffle Receives Mixed Press Reception

London, Dec. 21 (AP)—Prime Minister Eden announced a wholesale reshuffle of his government today but British newspapers gave the changes a mixed reception.

Eden put seven cabinet portfolios into new hands, raised one department to cabinet rank and dropped another from the inner fold.

**NINE OF** Sir Anthony's inmost official family stayed where they were and actually only three new men joined the cabinet. Even some Conservative papers expressed doubts and Laborites—naturally—jeered at what they interpreted as a game of political chairs.

These were the most important changes:

1. Richard A. "Rab" Butler went from chancellor of the exchequer to government leader of the House of Commons. In effect he becomes deputy prime minister, the post for which he has been slated ever since the general election last May.

2. Foreign Minister Harold Macmillan succeeded Butler at the treasury.

3. Defense Minister Selwyn Lloyd takes over the foreign office from Macmillan, and Sir Walter Monckton—who has been labor minister—succeeded Lloyd in the defense post.

4. The works ministry was raised to cabinet status and Patrick Buchan-Hepburn, chief Conservative floor leader in Commons, was named minister to replace Nigel Birch. The ministry of pensions was dropped from the cabinet.

**THOSE REMOVED** from the cabinet—generally men above 60—either went to the House of Lords or to higher titles if they already had peerages.

The shakeup was Eden's answer to increasingly shrill criticism—spearheaded by the Labor opposition—of inflation on the home front and failure to cope with stepped-up Communist pressure abroad.

The United States and other British allies were mainly interested in Macmillan's replacement by Lloyd at the foreign office.

### Bank President Dies

Homer, N. Y., Dec. 21 (AP)—H. Justin Corcoran, 50, president of the Homer National Bank, died last night at his home in nearby Cortland. He had suffered a heart attack.

# *Eleanor Is For Freeing Jailed Reds*

New York, Dec. 21 (AP)—Forty-two persons, including Mrs. Franklin D. Roosevelt, have petitioned President Eisenhower to grant a "Christmas amnesty" to Communist party leaders jailed under the Smith Act.

The petition stressed that the signers were "in fundamental disagreement with the philosophy of the Communist party and with essential elements of its program." It added that the motive for their appeal was "their attachment of the Democratic way of life."

**THE PETITION**, made public yesterday, asked that sentences of 16 jailed Communists be commuted to time already served. They were sent to prison after being convicted of teaching or advocating forcible overthrow of the government.

The petition said the trials "were carried through in a period of the 'cold war' and in an atmosphere often marked by hysteria."

It also sought postponement of more than 100 similar cases now pending or under appeal.

**AN AMNESTY**, the petitioner said, would prove the nation's faith in Democratic institutions, win new friends around the world and encourage old ones. They told Eisenhower this would "contribute toward peace in the world about which you are so deeply concerned."

A spokesman for the Communist party expressed surprise and pleasure when told of the petition, which was mailed to Eisenhower Monday.

**IN ADDITION** to Mrs. Roosevelt, widow of the late president, signers included Norman Thomas, former Socialist candidate for president; Dean John C. Bennett of Union Theological Seminary, Lewis Mumford, author; Elmer Rice, playwright; Chaplain John M. Krumm of Columbia University, Stephen Cary of Philadelphia, secretary of the American section of the American Friends Service Committee; Henry Steele Commager of Columbia University, Albert Sprague Coolidge of Harvard University and Roland H. Bainton of the Yale Divinity School.

A Communist party spokesman listed these Smith Act defendants as now in prison:

Alexander Mittelman, Elizabeth Gurley Flynn, Betty Gannett, Gus Hall, Victor J. Jerome, Arnold S. Johnson, Albert F. Lannon, Jacob Mindel, Pettis Perry, Robert Thompson, Louis Weinstock and Louis W. Weinstone, New York cases; Philip Frankfeld and George Meyers, Baltimore convictions; and Sid Stein and Carl Ross, convicted in San Francisco as accessories to Thompson's Smith Act crime.

### Bus Service Suspended

Miami, Fla., Dec. 21 (AP)—Greyhound bus service was suspended throughout Florida today when 300 drivers failed to show up for work at midnight in what bus line officials called "an unauthorized wildcat strike." Edwin Carpenter, manager of the Miami Greyhound Terminal, said the drivers had made no complaints and had given no notice of an intention to leave their jobs. "We haven't been advised yet what the trouble is," Carpenter said.

## Argentine Plot Smashed; 18 Are Put Under Arrest

Buenos Aires, Argentina, Dec. 21 (AP) — Provisional President Pedro Aramburu's press office announced today a plot aimed at stirring up public unrest had been smashed with the arrest of 18 persons in Mendoza.

The announcement said five retired military men and 13 civilians were arrested in the West Argentine city at the foot of the Andes Mountains. No details were given. There have been persistent rumblings of trouble in Mendoza since the overthrow of Juan D. Peron's dictatorship in September.

**IT WAS THE** second time within a week the government has reported crushing a plot. An army announcement Monday night said a conspiracy aimed at creating unrest had been smashed at La Plata, a city formerly named Eva Peron 35 miles southeast of Buenos Aires. The communique said 24 persons including a retired colonel and a noncommissioned officer, all former supporters of Peron, had been arrested.

There was no official indication whether those arrested in Mendoza were linked with the alleged plot in La Plata. Two weeks ago the federal administrator in Mendoza seized temporary control of the provincial police headquarters, reporting the police still had "some characteristics" of the Perol regime.

**THE POLICE** chief resigned and a lieutenant colonel took over.

The government forces have been alerted for some days against possible sabotage, strikes, arson and other acts rumored being plotted by former Peronistas to harass Aramburu's five-week-old regime. Such disturbances apparently would be aimed at exploiting rising living costs that have followed the government's economic reforms.

There has been no solid indication, however, of any serious challenge to the government.

### School Christmas Party Scheduled Dec. 23

Port Ewen, Dec. 21 — The schools of the Consolidated District No. 1 will present a Christmas entertainment at the Town of Esopus Auditorium on Friday, Dec. 23, at 10 a. m.

The pupils of Mr. Graves' room will present a pantomime, "What Could I Give?"

The choir from Miss Sasso's room will present several appropriate holiday selections and the pupils of Mrs. Cole's room will present a play, "Mr. Mouse Enjoys Christmas." Parents and friends are invited.

### Village Notes

Port Ewen, Dec. 21—Mr. and Mrs. Fred Boyce and daughter, Mrs. W. C. McBee and daughter Michelle of Beacon were guests of Mrs. Boyce's mother, Mrs. A. E. Stadt and brother and wife, Mr. and Mrs. Joseph Stadt, at their Bowen street home Sunday.

Earl Kirn, who spent a few days in Fort Pierce, Fla., has returned home. He was accompanied by his parents, Mr. and Mrs. John F. Kirn, Sr., who will spend the holidays in Port Ewen.

Mr. and Mrs. W. Eltinge Tinney of Delmar spent Sunday with their parents, Mr. and Mrs. Samuel P. Tinney.

There will be a Christmas Eve service at the Port Ewen Methodist Church from 11 p. m. to 12 midnight. Raymond Howe of Utica will be the guest soloist. Mr. Howe is a former resident. The Sacrament of Holy Communion will be administered. The public is cordially invited.

The Methodist Youth Fellowship will go Christmas caroling on Thursday.

The choir of the Presentation Church will meet tonight at 6:30 o'clock for rehearsal. Miss Veronica Coniglio will direct the choir.

At the Presentation Church tonight at 7:30 o'clock, Novena to Our Lady of Perpetual Help, followed by Benediction of the Most Blessed Sacrament and Confessions. Mass is celebrated every morning at 7 o'clock and Saturday at 8 a. m.

The Junior Choir of the Reformed Church will meet Thursday at 7 p. m. The Senior Choir will meet Thursday at 7:30 p. m. Mrs. Alexander Maines will direct both choirs.

The Senior Choir of the Methodist Church will meet Thursday at 7:30 p. m. for rehearsal.

The Consolidated schools in District 1 will close Friday at 12 noon for the Christmas recess. School reopens January 3.

The Men's Candlepin Bowling League will bowl tonight with Teams 1 and 2 scheduled at 7 o'clock and Teams 3 and 4 at 8:30 p. m.

## TB Hospital Will Hold Yule Party On December 29

Members of the rehabilitation committee of the Ulster County Tuberculosis and Health Association arrived at the Ulster County Tuberculosis Hospital on Monday laden with boxes, baskets and packages which they purchased for the patients' Christmas. Various organizations and individuals assist the TB Association in this endeavor.

Several members of the committee take time out of their busy schedule each year to plan, purchase and pretty-up gifts for each patient.

**SANTA CLAUS** will distribute the gifts at the patients' party December 29 when entertainment and refreshments will be provided. Each year the committee provides the Christmas trees which are trimmed and placed in various parts of the hospital.

The campaign for funds to support the work of the Ulster County Tuberculosis and Health Association will continue through December.

James L. Rowe, chairman of the 1955 campaign, asks everyone to use Christmas Seals on their gifts and packages. "Buying and using Christmas Seals helps to fight tuberculosis while building physical and mental health for Ulster county people," Mr. Rowe said.

## Kanady Recovers From Red Torture

Houston, Tex., Dec. 21 (AP)—Dilmus Kanady, apparently recovered after 11 weeks of intensive medical treatment, said his breakdown after release by the Communists was due to malnutrition and continuous Red pressure.

The 36-year-old former Shanghai representative of E. T. Robertson & Sons of Boston, cotton controllers, was arrested by the Reds in April 1951 and vaguely charged with black marketing, espionage and sabotage. He was released this fall after four and a half years imprisonment.

**TALKING TO** newsmen here yesterday after being discharged from Methodist Hospital, Kanady looked in perfect health and talked calmly and at times even humorously of the almost five years that he spent in a 7-foot long prison cell.

He now weighs his normal 195 pounds, a gain of 61 pounds since he was hospitalized here.

The Reds' long sessions of futile interrogation ended with returning him to his cell, where his only activity "was reading that blinking Communist propaganda. It was the only thing you had to keep you occupied. You just read it and laughed—it had some use that way."

Kanada said he was allowed out of his cell "15 or 20 minutes each day for exercise and that was it."

He said his present plans call for at least a month of rest with relatives here.

Ships carry more than three-fourths of the total tonnage of goods exchanged among nations and continents.
